ILLINOIS NEWS TERSELY TOLD

Quincy.—Adams county, of which Quincy is the metropolis and the county seat, has suffered the first cruel disappointment of the census of 1910. The census bureau gave out the first figures on the decennial enumeration and included therein the announcement that Adams county now has a population of 64,577, a loss of 2,500 from the count of 1900. The Illinois law provides that any county with a population exceeding 70,000 is entitled to a probate court. In 1900 the population of Adams county was 67,068. The announcement leaves the county 4,500 shy of the necessary number. McLean county also is wondering whether the new census will give it a probate court. The enumeration of 1900 gave the county a population of 67,843.

Chicago.—Executive boards of the Illinois operators and miners confer this week in an attempt to settle the coal miners' strike. The operators received a telegram from International President T. J. Lewis, who is in Kansas City, stating that State President John H. Walker had agreed to the meeting. President Lewis, who expects to settle the strike of 30,000 miners in the southwest, will be present.

Springfield.—The probe into the charge that the Illinois Steel company used \$50,000 in the securing of the law known as the "greater South Chicago" bill, which granted land on the lake front to the Illinois Steel company and the Superior Iron company, occupied the entire attention of the Sangamon county grand jury. The only witness was K. K. Knapp of Chicago, the general counsel of the Illinois Steel company.

Champaign.—Peoria was selected for the next meeting of the Odd Fellow Patriarchs militant of Illinois, at the session of department council here. Mattoon won the competitive drill, with Rockford second and Chicago third. About 1,000 appeared in the grand pageant which marched to Illinois field, where Vice-President Burrill welcomed the Odd Fellows. Major General Harris of Chicago responded.

Chicago.—Shredrick B. Turner, a negro editor, was arrested charged with the theft from the mails of a package containing \$100,000 in promissory notes belonging to the Ford Manufacturing company. More than \$40,000 of the notes were recovered in Turner's offices. It is said that Turner attempted to dispose of some of the notes.

Danville.—An automobile accident was responsible for a romance that culminated in the marriage of William J. Gould, a barber of Lafayette, and Miss Matilda Wagner of Vermilion, O., at Danville. Gould has been living in Lafayette for a month. He came to Vermilion, O., from his home in Massachusetts two months ago and in the latter part of May he went automobiling with some

friends at Vermilion. As they were speeding along a country road they came across a motor car stuck fast in the sand. There was a young woman in the machine and she was in distress. Gould went to her assistance and soon had the automobile running again. The young woman thanked him and handed her card to him. They did not meet again at that time, but when Gould came to this city they began corresponding. Their courtship was carried on by mail, and Gould soon learned that the young woman was wealthy and that she was in love with him.

Chicago.—Representatives of the White Rats and the Actors' union failed to reach a working agreement, and negotiations were broken off. The Actors' union has an agreement with a number of booking agents that they will not book and act without a permit from the union. The White Rats considered it beneath their dignity to ask a permit from the Actors' union and the actors offered a compromise. They agreed that a card in the White Rats' organization would serve as a permit, provided members of that society would agree not to play in any house that was having trouble with the Actors' union. The White Rats would not accept the compromise and the negotiations were broken off.

Champaign.—The much maligned skunk has a defender in the person of Prof. Frank E. Wood of the Illinois state laboratory of national history, who declares the animal is good to eat as well as being otherwise useful. That the flesh of the much-dreaded beast is white, tender, and of a delicious flavor if the scent glands are removed is the assertion of the savant. Professor Wood gives no recipe for the capture of the animal, and does not tell just how one is to be enabled to enjoy the meat. "No animal is more unjustly persecuted than the skunk," asserts Professor Wood. "It is the best friend the farmer has, destroying enormous quantities of grubs, beetles, grasshoppers, mice and moles."

Springfield.—Thirty-one graduates of Concordia Theological seminary received their diplomas at the commencement exercises held in the school chapel.

Mattoon.—A two months' deadlock of the Mattoon city council was ended in a special session, when 11 saloon licenses were granted at \$1,000 each. Ten applications were turned down, the majority of the aldermen refusing licenses to all who have been indicted during the last two years for violation of the local option law. A special grand jury has returned indictments against 13 men for bootlegging, one indictment carrying 37 counts.

Streator.—John Dutke and John Srajha were drowned here by the capsizing of a boat in the river.

nevott Reported in Western Brazil. Berlin, Germany, June 15.—Advice received by the German Cablegram company from Rio de Janeiro state that insurgents in the prefecture of Jurus, in the Acre district of western Brazil, have driven out the governor and declared their independence.
