GENERAL NEWS

Felix Harrison vice-president of the Southern Railroad company, was elected president of the Chicago, Indianapolis & Louisville (Monon) railway, to succeed the late Ira G. Rawn. High tariff schedules, trusts and an increased money supply, are held accountable for the increased cost of living by Senators Johnston of Alabama, Clarke of Arkansas and Smith of South Carolina, whose minority report as members of a United States senate investigating committee has been made public.

Mayor M. T. Chipstead of Blakely, Ga., was shot while in bed at his home. He struggled with his assailant, who fled, leaving him severely wounded.

Without using the "short and ugly word" Senator Bristow of Kansas passed the direct tie to Senator Aldrich at Milwaukee when, in a speech in behalf of the candidacy of Senator La Follette for renomination, he answered Senator Aldrich's reply to the former charges of the Kansas that Aldrich juggled the tariff on rubber to further his own financial interests.

In rioting at Columbus, O., six street-car men were injured, one, Henry Dick a motorman, being shot in the leg. The others were hit by flying stones and bricks.

Denouncing efforts of interested persons to influence jurymen in the second trial of Lee O'Neil Browne on the charge of bribing legislators to vote for Senator Lorimer, as a travesty on justice, Judge Kersten excused an entire panel of veniremen at Chicago until an investigation could be made.

Elton Lower, president of Chicago's civil service commission, has been selected by President Taft at Beverly, Mass., to study departmental organization of federal administration with a view to recommending time and money saving reforms.

TAMENESS OF A SEA LION

Old Ben, Weighing Half a Ton, is Often Met on the Streets of Avalon.

In describing the islands lying off the southern coast of California Frederick Holder writes: "The feature which will really amaze the wanderer among the Channel Islands is the tameness of some animals. To meet a bull sea lion weighing approximately half a ton on the main avenue of a town, 50 feet from the water, is a possibility of a startling nature, yet I have seen Old Ben, the head of the Santa Catalina sea lion rookery, on Crescent avenue, Avalon, surrounded by tourists who snapped their cameras at him with impunity.

"At that time Ben could be induced to come ashore when the lure was a fat, long-finned tuna, but one day he climbed upon the wharf, coming entirely up the steps, following the man with a fish. Then some unreasonable person made a threatening demonstration; Ben started for the step, lost his hold, slipped and fell, smashing them

my played and taken with red and red.

"This region lies on the north side of Santa Catalina, from Avalon to Long Point, and to the east of many more, facing the north, and generally smooth—more like a Scottish loch than a fishing ground 20 miles out to sea."

Teaching Correct Speech

A woman of culture and travel has made a glorious success teaching correct speech. It is surprising how much incorrect speech there is among our educated people. They cling to provincialisms, incorrect pronunciations, wrong use of words, and unmusical intonations. The southerner holds to the soft, r-less utterance of his "mammy" days; the middle western flattens his vowels; the Bostonian throws his r's completely out of joint. This woman undertook to correct such errors and teach a pure, perfect English speech to a few young women. She became so successful that she was compelled to start a school of correct English which has grown to great proportions. This particularly promising field is open in every town in America.—The Delinea

WHY WOMEN GROW OLD EARLY

Through a Mistaken Idea of Duty She Permits Her Life to Become a Treadmill.

Why do some women grow old and others keep the secret of perpetual youth? Here is one answer: One reason why the average woman wears out, grows plain before her husband, is that, through a mistaken idea of duty, she lays out for herself at the beginning of her married life a scheme or plan of duty and employment for her time, every hour filled with work, with rare and short periods of relaxation.

This she follows religiously, for years, feeling that she has done her duty, because every household event occurs regularly and on time, while she soon becomes merely a machine, a thing without life of itself or volition. She settles into a rut and goes round and round on the same track everlastingly.

Can any woman keep brightness, originality of thought or speech, or even mere prettiness with such a life? And without those things how can she keep her husband and growing children full of loving admiration, which is the strong chain by which she can bind them to her? How bright and jolly the neighbor's wife seems when she calls. In nine cases out of ten it is because the surroundings and talk of your home are variety to her, and rouse her to originality and brightness of speech.

Cultivate a broad attitude toward the world and its people. Let your interests be far-reaching, and there will be renewed vigor when it comes to solve the problems of the home.
