

CONTINUED FROM PAGE 1

Glencoe, Items

Mrs. John Armbrust and daughters Misses Marion and Katherine and Miss Lora Wright of Los Angeles, California, are the guests of Mr. and Mrs. James Calhoun.

Mrs. Allan A. Murray and son DuMont have returned from a weeks visit at Roscoe and Rockford.

Mr. A. G. Mills of Chicago has purchased through Murray and Terry the beautiful "Maple Hill" lot on Sheridan Road just north of the Newhall Ravine, and is now having plans prepared for fine residence.

DEATHS

Mrs. Barbara Diettrick Sr., died on August twenty-first at the age of seventy-five years. She was born in Germany in 1836, and came to America at the age of twelve. The cause of her death was lilaemia. She was buried at Gross Point on August 23.

Mrs. Ella Clark Scott, wife of Mr. Will Scott, died at the home of her daughter Mrs. Charles Shaw on Thursday, August 18, late in the evening. Mrs. Scott was born in Harrison County, Kentucky, on August 15, 1845, and has lived in Glencoe for nearly fifteen years, and was a very prominent worker in church societies. Mrs. Scott died of bulbar paralysis and was buried at Rose Hill on Saturday.

Glencoe people are much grieved to hear of the death of Howard Griffen who formerly lived in Glencoe. He was camping with a party of friends on a small western creek, and while shooting periwinkles his automatic revolver exploded. The bullet passed through the heart causing death instantly. Howard was about twenty-five years of age, and was a son of Dr. and Mrs. Griffen whose home was on South avenue. Their home now is in Yakoma, Washington.

THE VILLAGE

The meeting of the improvement Board did not bring results in the matter of bids for the sidewalk work advertised. Not a bid was received, though several contractors had looked over the specifications and took bidding sheets. The explanation of the failure to bid is probably found in the requirement that contractors were required (as they understood it) to give a \$5,000 surety bond, guaranteeing the work five years, with each separate job of the five to be let, though some of them covered but a few hundred feet of walk. An order was made to re-advertise for bids, to be opened the 30th inst.

Estimates for new work were submitted by President Hughes for a system of water-mains in the Southern section of the Village, west of the railways, covering territory which was included in the original plan for the water system in 1893 but cut out at being in advance of actual need. Estimated \$11,033.01

2nd—For sewers in Drexel and Oakdale avenues, supplementary to the large system adjacent upon which work is now in progress. Estimated cost \$4,491.22.

Engineer's plans and estimates were handed in for extensive improvements in the Northwestern section of the village, including pavings, sidewalks, sewers and water-mains. Discussion of them was deferred to a late meeting.

William Davidson, contractor for water extension in Monroe avenue, was allowed voucher for his first estimate, \$946.05.

An order was made for the preparation and printing of bonds for the three special assessments under contract, viz.

Special 168, South-end sewer system.
Special 166, Water extension in Monroe avenue.
Special 174, Water-system for Sylvan Newhall's Subdivision.

The President submitted an estimate for laying a concrete sidewalk along the easterly side of Sheridan Road from walk extending a few hundred feet north from Central avenue to the first ravine. Cost estimated at \$1,038.80 This walk is to be laid along the frontage of Franklin Newhall, to replace a board walk laid by him some years ago; but by agreement, the property-owners on the opposite side of the Road are to pay one-half the cost,

their being no walk on their side and they not desiring any. There being no need of a public hearing, an order was made to draw the ordinance and report it to the Board.

In the Board of Trustees, specifications for the Green Bay Road (farmer's) improvement were submitted, and the Attorney directed to advertise for bids to be opened on the 30th inst.

The President read a letter from Mr. Joseph B. Rider, of New York, consulting engineer, who is organizing a projected water system with filtration plant and intake a Lake Bluff, with a view to the supply of Lake Shore towns between Waukegan and Evanston and the south and Libertyville and Des Plaines on the north. Mr. Rider desired to have an interview with the President at his office the following day. The scheme is an attractive one, as outlined, as Mr. Rider says it is their purpose to go deep into the Lake for the water and make a low price in comparison with prices now paid by the territory to be supplied.

A report from Chairman Camp of the Water Committee indicated progress in the matter of negotiations with Highland Park for a water connection (emergency or permanent) with their system.

Engineer Marsh reported as result of his examination of the municipal building that he believed it safe; found no sign of weakness, except perhaps in the second floor over the Council chamber, and that by reason of the long span. He suggested the placing of a column in the center of the room for support of the ceiling; but thought it entirely safe for ordinary assemblies to occupy the hall without this. It dances were to be permitted, however, he thought the floor should have the support suggested, on account of the vibration.

Chairman Behrens reported the committee on Sewers had given permission for a connection to be made by Jacob J. Beck for a barn with the Village Hall sewer in the alley in Block 33, for satisfactory considerations stated in his report.

Highland Park. BENEFIT-GADS HILL ENCAMPMENT.

Benefit: Gads Hill Encampment. Lawn Fete and Card Party, at the residence of Mrs. F. M. Steele, Tuesday September 6, 1910, from 2:30 until 6 o'clock. Lawn Fete and Vaudeville from 8:30. This is the annual benefit and great efforts are being made to make this both a social and financial success. Further particulars will be given in our next issue.

The Gorman twins expect to spend the week end with their aunt Mrs. Shearen.

Mrs. Frederick Fisher, Mrs. Homer Steadman of Rogers Park, and Col. and Mrs. Plimpton of Riverside, Cal., were the guests at luncheon of Col. and Mrs. H. P. Davidson on Thursday.

Robert W. Patten, Retired Publisher, in Machine Which Turns Turtle West of Highland Park This Morning.

Robert W. Patten, a retired publisher who has a beautiful home on the lake and his son Robert were the victims in a bad automobile accident at Wheeling, west of Highland Park this morning.

The automobile was evidently going at a very fast rate of speed when as it went around a turn in the road it went over.

Mr. Patten and his son were held under the overturned machine for nearly an hour, until another auto party came by and released them.

The boy is considered to be seriously injured, and Mr. Patten is very badly bruised.

Look out for the Reliable Laundry in next weeks issue. They have something new to tell you.

GADS HILL ENCAMPMENT.

Gads Hill Encampment will close its season's work, so far as the North Shore Free Outings are concerned, on next Tuesday, August 30th. This week is in charge of no special town, but the guests are not lacking for varied fun and entertainment. Local talent evenings, gymnastic dancing, hayrack rides, Ravinia Concerts, trips to the woods, game and story hours—not to mention the ever present joy of bathing and swimming in Lake Michigan—these things have kept everyone happy and busy. Among the visitors of the week may be mentioned Mrs. Robert B. Gregory, Mrs. P. C. Wolcott, Mrs. C. H. McAuley, Miss Lucia Ford, Miss H. F. Vittum, head resident of Northwestern University Settlement, Mr. George L. Bell, of Harvard University, R. H. Stetson, professor of psychology at Oberlin college, and Mr. J. H. Proft, City Forester of Chicago. Mr. Proft gave a interesting and instructive talk to a large number of children and then he took them, with several grownups, for a little trip through the woods explaining many things about the trees and flowers. He made a strong plea for the saving of the wild flowers urging the children to enjoy them in the wood, instead of carelessly picking them before any of the blossoms have had time to go to seed. For this reason, and also because so many of the plants are pulled up by the roots, the wild flowers about Chicago are rapidly being exterminated.

Mrs. F. M. Steele of north Sheridan road entertained at luncheon last Monday.

Mrs. A. P. Van Schaick of Laurel avenue gave a dinner to eight guests last Wednesday evening.

Mr. C. E. Schaffler is in the Park for a few days.

Miss Sophie Meyer who has been visiting her sister, Mrs. Oscar Bell, has returned to her home in Wayton, Ohio.

Blissful Dream Fair Day

'Twas night and the editor lay in bed,
And thought of the weary day
That had just passed by—of his aching head
And the bills he had to pay.
He watched the stars through the window
peep,
And Cynthia's silver beams,
Till his eyes grew tired and he fell asleep
And passed to the land of dreams!

He slept and dreamed till the morning
broke,
And the day began its race,
And the wife who lay by his side awoke
And gazed on his placid face,
She looked and saw on his face a light
Like the sun's first golden ray,
That softly kisses the mountains height
As the darkness fades away.

Then she nudged his arm—it was time to
rise,
For the clock was striking seven—
"Did you dream you were in heaven?"
But it made my heart so glad:
I dreamed that an advertiser came
And gave me a full-page ad!"

—Newspaperdom,
Dreams like his are all right if the dreamer
accepts them as prophecy and gets out and
hustles to make the dream a reality.
The night for dreaming. The day for hustling

Mrs. J. B. Terbell entertained at dinner last Sunday evening.

FIRST METHODIST (NORTH AVENUE)—Pastor—Rev. M. D. Fremaire.—Sunday Services—Morning 11:00 a. m.; Evening 7:30 p. m.; Epworth League 6:45 p. m.; Sunday School 10:00 a. m.; Wednesday Prayer Meeting 7:45 p. m.

A NARROW ESCAPE

Mr. Wm. Vetter an electrician had a narrow escape from death by coming in contact with a live wire while working at the power house last Wednesday morning.

Miss Maggie Shendorf and Mrs. Winnie Crey and her family have been the guests of Mrs. William Witten for several days.

Mr. Eichler has been to Milwaukee on a vacation trip.

Francis Burtrick has the whooping cough.

Captain John Bell of Wayton, Ohio, spent Saturday as the guest of his brother, Mr. O. S. Bell.

Master Loraine Thorne who has been annoyed with the whooping cough for the past five weeks, is improving.

Little Edward Rouse was hurt by an automobile. We hope it was not a serious accident.

While visiting in our city don't fail to stop at the Highland Park Hotel and get acquainted with one of the best Hotel managers in the State, Mr. B. J. Stevens.
