Think of it, several hundred feet of concrete sidewalk being built parallel with the Electric Ry., from Ava street to Roger Williams Avenue, and there being no street; nor was a third of the property owners notified that a sidewalk was to be laid.

If you want to see sights, just take a ride on the mid-night cars that run between Waukegan and Evanston on Sunday; your honor had the pleasure of seeing a lady (or woman) mash a gentleman's (or a specimen of a man) derby hat by coming down with her fist on the top of it, after which she yelled to the conductor to put her out.

Communications are sent to this office as late as Friday at noon, the hour that we go to press, and the writers complain because the same is not put in print. Please read the top line on the first page of this issue.

The little park at the corner of St. Johns and Lincoln avenues which Mr. Bahr has the contract of making the improvements, when completed will be the most attractive spot in our city. The Size Of The World.

It's a little world, my brothers, when you've cause to wish to hide;
Everywhere you turn there's some one who remembers you by name;
You may cross the widest ocean, but upon the other side
There will be somebody waiting who has heard about your shame.
It's a little world, my brothers, for the man who has to flee;
There is not a nook within it where he may in safety rest;
Though he seek the farthest mountain and ascend it stealthily,
Some one there will know the secret he is hiding in his breast.
It's a wide, wide world, my brothers, for the man who walks alone.
With no money in his pockets and nowhere to lay his head;
Where the busy millions hurry he may wander all unknown,
Never hearing a fair greeting or a word of welcome said.
It's a wide, wide world my brothers, and a dreary, lonely place
For the lad with empty pockets and homesickness in his heart;
Where the thousands hurry past him he will find no friendly face,
Nor discover anybody with a kind word to impart.
—S. E. Kiser, in Chicago Record-Herald

Marriages

The Trinity Episcopal Church was the scene of a very pretty wedding at four o'clock Thursday afternoon, when was celebrated the marriage of Miss Ethel Turnley to George Richmond Nichols. Rev. P. C. Wolcott officiated. The bride's gown was of white crepe meter over a skirt of white brocade silk en traine. She wore a veil and carried lilies of the valley. Miss Josephine Prall, the maid of honor, and Miss Emma Nesbit of Bryn Mawr, Penn., the bridesmaid, wore lingerie gowns with pink hats, and carried clusters of pink asters. Little Alice Dyer of Wilmette, a cousin of the bride, was flower girl. Milton Turnley Lightner was best man, and the ushers were Donald and Arthur Scott of Evanston, Allen Frake and Harry Shaver.

The ceremony was performed with the beautiful service of the Episcopal church, and the bride was given away by her father, Col. Parmenas T. Turnley. The church, which was most tastefully decorated, was filled with friends of the bride, who have known her from girlhood, and as the happy couple came down the aisle, all faces smilingly expressed the best wishes for a very happy future for them in their new home.

The marriage of Miss Eleanor Smoot, daughter of Mr. and Mrs. Kenneth R. Smoot, 310 Prospect avenue, and Samuel Spelman Holmes, son of Mrs. Alice Holmes of Kenton, Ohio, took place Tuesday night at eight o'clock at Trinity Episcopal church. The Rev. C. P. Wolcott, rector of the church, officiated. Miss Emma Smoot, sister of the bride, served as maid of honor, and Miss Bessie Smith, Miss Viola Shields, Miss Helen Messenger, and Miss Helen Roberts as bridesmaids. The best man was J. R. Jones, and the ushers Max Timmons of Kenton, George Neeves of Evanston, Sidney Small, Saginaw, Michigan, Fred Preston, Walter Egan and Sellar Bul-lard.

The bride wore a gown of white satin embroidered and trimmed in point applique, which is a family heirloom. The veil was of tulle, and the shower bouquet of white roses and lilies of the valley. The maid of honor wore pink marquisette over Dresden silk, and carried pink roses. The bridesmaids were in dainty gowns of combined white chiffon and pink flowered chiffon, and they, too, carried pink roses.

Following the ceremony a reception was held at the residence of the bride's parents, 310 Prospect avenue.

NAVAL SCHOOL NEARS FINISH

Thousand Men Are Employed in Completing North Chicago Station.

About a thousand workmen are employed in completing the construction of the New United States naval station at North Chicago, ten miles north of our city. The station on which the government is spending \$3,000,000, will soon be come the most important naval point in the country for educating young men for naval life.

The new naval site is nearly completed and contains about thirty buildings, some of which are already finished. The drill hall is the largest of all. It is 470 feet long, 80 feet wide and has a vaulted ceiling 40 feet above the floor. The administration building has a tower ten stories high. The mess hall is to have a capacity for seating 1000 hungry tars at one time. The officers' houses of which there is nearly a dozen, help to emphasize the generous proportions of the new naval point. A large power house on the shore will be used as a water station and will also furnish the entire reservation with electric lights. The school will be able to accommodate 3000 recruits.

Miss Helen Gruel has returned from the Augustana Hospital where she went through an operation.

GLENCOE VILLAGE BOARDS.

The Village Boards

Friday evening, 16th, the Improvement Board met for public consideration of the project for opening a new street east of the railways from Snyder's Crossing to the North Village line. The only property owners in attendance were Aug. Beilich, Jr., representing his father, and Messrs Markwell and Spiegel, representing the Lake Shore Golf Club. Mr. Beilich entered objection on behalf of his father, and the Messrs Markwell and Spiegel for the Club. These gentlemen expressed themselves courteously but very strongly against the scheme. Mr. Markwell said the condemnation of a strip of their grounds for a road along their west line would be a serious inconvenience and injury to the Club. It would require the re-arrangement of their whole course besides reducing their area which was now none too large. It would also destroy the privacy they now enjoyed along their west front. The two railways had afforded a sort of barrier against intrusion; but the same proximity of a highway would be a very different matter. A year ago when they needed a road to haul their material and supplies, there might have been some excuse
