COMMUNICATION.

Two weeks ago, the News Letter published an article advocating the opening up of Railway avenue down to County Line. We explained that this would be a good thing for Ravinia and would also help Ravinia Park and in that way would benefit the entire city. We also pointed out the fact that it would give Highland Park an additional street for traffic north and south and would in some degree lessen the wear and tear on the Sheridan Road and Green Bay road pavements of which property owners are complaining.

In our last issue, in the minutes of the City Council, covering meeting held Tuesday October 4, a petition was presented signed by about sixty residents and calling to the attention of the Mayor and Alderman the fact that the Chicago & Milwaukee Electric Railroad, contrary to its charter powers, has virtually closed Railway avenue as a street; its roadbed and tracks being above the grade, leaving only a narrow roadway in some places and none at all in others. The people of Ravinia say that carriages and conveyances cannot approach the Chi-

cago and Northwestern depot by reason of these conditions and they ask the City Council to take steps to give them necessary relief.

The News-Letter, on making inquiry finds that there is in Ravinia no antagonism to the Electric railway. On the contrary everyone recognizes the importance of giving them a square deal in everything, but the people feel that this rule must work both ways and they are confident that the whole subject will be approved from the right standpoint.

Three years ago the C & M E Ry. suggested that in return for a new franchise from the City of Highland Park it would purchase from property holders, abutting on Railway avenue, a strip of land seventy feet wide; would pave this strip and turn it over to the city as a public street, the city to agree that the street now occupied by its tracks, should become the property of the road. With this and in view the Frost people bought a lot of property fronting on Railway avenue and if we mistake not, they still hold most of it. The receivership however, caused this and other schemes to be postponed. We believe, however, that as soon as possible this very important matter should be and will be decided in the right way. The situation certainly demands the intelligent attention of the City Council, it being a matter of vital importance to have proper and safe facilities at the Ravinia depots.

HIGH SCHOOL FOOTBALL TEAM

The High School started its 1910 football season on October 1st, with a victory won from the Alumni by a score of 5-3. The game was on the school field. They followed this up with a victory of 10-0 over the Soldiers on October 8th. The Soldiers arrived late on account of a review at the Fort. They finally got down about 3:30. Meanwhile four of the schools' best men went to see the Lake Forest College game, and did not return to the school until the end of the first half. The subs, who were in during the first half, held the soldiers, but made no great gains. In the second the regular team "ran over" the soldiers.

ADDED MATINEES.

The Studebaker has been forced to put more Performances on the weekly Schedule.

When Elsie Janis in "The Slim Princess" first commenced playing at the Studebaker nearly two months ago, Charles Dillingham announced that no Sunday evening nor Wednesday matinee performances would be given during the entire engagement. Since opening night, the Studebaker has been crowded to the last rows with the best seats sold for a week ahead. Not being loath to accept the public's monetary appreciation of the star and the opera, Mr. Dillingham has decided to forego the benefits of the Sunday evening entertainments, but has given way to the idea of

Wednesday matinee. Last Wednesday was the first day of the new order and the matinee performance was witnessed by a crowd which stormed the box office and cleaned the ticket rack from top to bottom. More than four hundred prospective seat-buyers were turned away after the "Sold Out" sign was put up.

Chicago, these days is the mecca of musical attractions. Some are good and some are indifferent. "The Slim Princess" has played to more people since it is opening in Chicago, than has any other musical play, during the same length of time, now visible here.

Miss Janis retains a peculiarly popular hold upon the affections of the theatregoers of every class and her new comic opera, "The Slim Princess" which Henry Blossom made from George Ade's novel and for which Leslie Stuart composed a score of exceptional brilliance, is a comic opera which no foreign importation can eclipse in splendor, humor or melody.

Matinees will be given Wednesday (popular prices) and Sunday.

PEOPLES THEATRE.

The Marie Nelson Players at the Peoples Theatre, caught the fancy of the audiences last week in "Miss Hobbs", the whimsical comedy by Jerome K Jerome, the laughter and applause were heartily bestowed on the players. For the week commencing Monday October 17th, this splendid company will be seen in Clyde Fitch's greatest play, "The Climbers," which served as the most important vehicle Miss Amelia Bingham ever had, and which is considered by all critics to be one of the best plays ever written. This play is by the same author as "Girls," the furiously funny comedy which set the entire West side by the ears. In "The Climbers" Mr. Fitch has ascended to the heights of dramatic and comedy action. The feminine portion of the audience will be more pleased with the handsome gowns which the ladies of the company will wear, and every act will give an opportunity for change of costumes. Miss Nelson will be seen as Blanche Sterling, with Mr. Henry W. Rowell in the leading role of Edward Warden, and Mr. Arling Alcin as Richard Sterling, the best character with which this sterling actor has yet been intrusted. Miss Camille D'Arcy will be seen as Miss Godesby, Miss Jean Adair as Mrs. Hunter, Miss Blanche Crozier the clever character of Clara Hunter, Mr. Walter Poulter will have the breezy role of Johnny Trotter, Mr. Lewis O. Hart as Frederick Mason and Mr. Harry Manners as Dr. Steinhat. The company will be enlarged for this production, which calls for an extra large cast, and the scenic environments will be identical with those which won fame in the year's run on Broadway, New York. Mr. Collin Campell will give his best efforts to this production, and make it memorable.
