SHOW CASH PAID FOR DYNAMITING

Government Tries to Connect
Iron Workers and Explosions.

MISS DYE IS THE WITNESS

Identifies Checks for Money Sent to F. C. Webb, in Whose District Several Bridges Were Blown Up.

Indianapolis, Oct. 22.—The government made progress in the dynamiting cases when it introduced records of the Iron Workers' to show that the money paid for dynamiting, evidenced by checks to Hockin and others, was not included in reports made to members of the organization in the financial statements.

Gives Important Testimony.
The witness was Miss Mary C. Dye, the stenographer. She identified a check for \$290 signed by J. J. McNamara and Frank M. Ryan, and payable to F. C. Webb, former member of the executive board and now under indictment. This check was dated June 3, 1908.

With the union books before her, Miss Dye testified that several checks were entered in the expense record as "advances" to Webb. They were also entered in the ledger as "advances" to Webb. In McNamara's report to the union they were not so given, she said, and were not included in the total set out in the published report.

Some Explosions of That Time.
Dynamitings at about the time the checks in question were issued occurred as follows:

"May 21, in New York, attempt to dynamite a drawbridge over the Bronx river; May 22, 1908, Baychester, N. Y., bridge being put up by L. F. Shoemaker & Co., damaged by dynamite; May 24, 1908, attempt to dynamite bridge at Albin, Md.; June 2, 1908, attempt to dynamite bridge at Perryville, Md.; June 15, 1908, Somerset, Mass., railway bridge dynamited."

Webb then was the executive board member from that district.

VOTING MACHINES LOSE

Device Is Knocked Out by Supreme Court of Illinois.

Cannot Be Used Exclusively at Any Polling Place in Chicago at November Election.

Springfield, Ill., Oct. 22.—The Illinois supreme court in a decision knocked out the voting machine as a device to be used exclusively at any polling place in Chicago in the election next month.

The tribunal allowed the petition of Morton D. Hull and Franklin S. Catlin for a writ of mandamus compelling the election commissioners of Chicago to substitute paper ballots and ballot boxes for the machines.

The court permits the election commissioners to use machines also in precincts in which they have been placed, but each voter must have the option of voting by the use of the ballot or the machine without suggestion or advice from the judges of election as to which method he shall use.

TAMPICO HOLDS OUT

Federal Force Refuses to Surrender to Mexican Rebels.

Tampico, Mex., Oct. 22.—The revolutionists demanded the surrender of the city of Tampico, but the federal forces refused to comply. The rebels numbered fewer than 300 men.

It is reported that the country between Tampico and Orizabana, fifty miles to the southward in the state of Vera Cruz, is in possession of the revolutionists. They are commanded by Manuel Bravo, an ex-army engineer. The garrison here, commanded by Colonel Gonzales, consists of 300 men.

Officers Desert to Diaz

Monterey, Oct. 22.—Thirty federal officers, including the captains and lieutenants of several regiments stationed here, deserted the army. They left eastward in automobiles, carrying arms and ammunition and cheering for Felix Diaz.

WOODMEN VOTE DEFERRED

Delay Caused by Injunction Against Holding Ballots at Present.

Springfield, Ill., Oct. 22.—Action toward holding the referendum vote in the Modern Woodmen organization was deferred when the referendum board provided for in the Donahue bill met in this city.

The postponement was due to the fact that a temporary injunction had been issued by Judge McKinley at Chicago, restraining the hand of officers of the organization from making any move toward the referendum vote.

ILLINOIS PARAGRAPHS

CHAMPAIGN—More than a thousand University of Illinois students, celebrating a football victory over Indiana, attacked the Walker Opera House in Champaign and many persons were injured in the battle with local police and stage hands. University authorities declared drastic action would be taken against student rioters. Ray Warnock, assistant dean of men, was present, and is said to have obtained a long list of names which will be presented to the faculty with a recommendation for punishment.

CHICAGO—The White Sox baseball players won the Chicago championship by defeating the Cubs in the ninth and deciding game of the local post season series. Ed Walsh pitched for the south side club and he proved too much of an obstacle for Manager Chance's squad. Lavender, Smith, Reulbach and Leifield were routed by Comiskey's batters, who piled up eight runs in the third inning. They made 16 runs in the first five innings. Final score: White Sox, 16, Cubs, 0.

SPRINGFIELD—The Illinois State Association for the Prevention of Tuberculosis met at the St. Nicholas hotel in connection with the annual meeting of the state conference of charities and correction. ROCKFORD—The city of Decatur will be the next meeting place of the Illinois lodge of the Knights of Pythias, as the result of a vote taken. Quincy was a close competitor. The convention rescinded its action on the mileage question and voted to reduce the allowance from four cents to three cents, but made no change in the per diem allowance.

STERLING—More than dozen persons were injured as a result of a panic in a moving picture show at Brockton, a small town north of this place when a picture film caught fire. A rush was made for the exits and in the panic a number of women and children were trampled. The fire was soon extinguished. The operator, John Fogle, was burned about the hands.

ROCKFORD—Mrs. Matthew T. Scott, who is president general of the Daughters of the American Revolution, was tendered a reception here, the Illinois present and delegates being guests. The Illinois conference voted to raise a fund for a staff and flag for Starved Rock, on the lakes-to-the-gulf waterway, and agreed on June 14, 1912, as the date for the dedication.

MOUNT VERNON—The postoffice at Dix, in the north part of Jefferson county was robbed. The safe was wrecked and the building was badly damaged by the heavy charge of explosive. The robbers secured about \$600 in stamps and \$100 in money. Bloodhounds were put on the trail.

JOLIET—Orasmus Paige, who is Joliet's 104-year-old newsboy, the oldest known "newsy" in the world, realized his greatest ambition when he was granted the privilege of selling papers in the new union station during the dedication banquet.

KEWANEE—Mrs. Emma Chance, a widow of this city, was notified she is one of the heirs of Jacob Zimmerman, a millionaire ranchman who recently died in Kansas City and that she receives one-eighth of the estate. She expects to receive \$200,000.

DANVILLE—Sam Portuese, who is one of the four men recently arrested on suspicion of having caused the explosion and fire that destroyed a house they lived in, confessed that he and Jim Misuraco caused it.

EAST ST. LOUIS—Mrs. Lucy Kendall filled her house lamps with gasoline instead of kerosene. She lit one of the lamps, but somebody called her to another room just before the explosion took place.

STERLING—Captain Andrew Hershey, who was adjutant of the Fifteenth Illinois during the Civil War, and deputy revenue collector here from 1875 to 1885, under Former Mayor Sterling, is dead.

PINCKNEYVILLE—George W. Engle was hanged here for the murder last May of his wife, her unborn babe, and his sister-in-law, after a quarrel at the home of his father-in-law.

SENECA—The Wilfred coal mine has been closed by Hector McAllister, state mine inspector, on the ground that the employees were not properly protected.

MANTENO—Mrs. Della Bourrell of this place seeks divorce from her husband, William, alleging that he dragged her upstairs by her hair.
