These propositions are to be printed on a ballot separate from the ballot containing the names of candidates:

1. Shall the next General Assembly (in order that the people may be relieved of a system of taxation which places a comparatively heavier burden upon the poor man than upon his wealthy neighbor, which is unjust to all who fall under the full force of its operation and which places a premium upon dishonesty), submit to the voters of the State of Illinois at the next following state election an amendment to the State Constitution providing for the classification of property for purposes of taxation with taxes uniform as to each class within the jurisdiction levying the same?
2. Shall the next General Assembly revise the primary election Act to abolish the scandals and disorder now incident to the filing of petitions, to increase the secrecy of the ballot and the political freedom of the voter, to simplify the system and reduce the expense of elections and to encourage a greater popular participation in primary elections to the end that nominations may represent more truly the judgment of majorities?
3. Shall the next General Assembly create a legislative commission to investigate the most practicable means of shortening our cumbersome election ballot, and report to the Forty-ninth General Assembly its recommendations?

DEATH TAKES VICE PRESIDENT

Loses in Fight for Life which began last Spring. No Change in Ticket

After a long illness Vice President James Schoolcraft Sherman died at his home in Utica, New York at 9:43 o'clock Wednesday night of uraemic poison caused by Bright's disease. Mr. Sherman had been sinking since early morning and it was realized all day that death was a question of only a few hours.

All the members of the immediate family were witnesses to the final scene. In addition to Mrs. Sherman there were in the death chamber the three sons, Sherrill, Richard U. and Thomas H. Sherman and their wives; R. M. and Sanford Sherman, brothers of the Vice President, and Mrs. L. B. Moore and Mrs. H. J. Cookinham, his sisters. No attempt will be made to substitute a name for Mr. Sherman on the ticket presented to the voters next Tuesday. Legally, the vote is cast for the electors in each state and the national Republican convention which met in Chicago in June delegated to the national committee power to fill vacancies on the national ticket. A meeting of this committee has been called for November 12.

Thirty-three new applicants were examined and about fifty that were continued from the special term of court in September for the study of government. The class is an unusually large one for the December term considering the fact that a large number were granted papers last month.—Waukegan Gazette.

OPEN NEW PARISH HALL

Pupils of Immaculate Conception School in Charge of Pleasing Entertainment

On Friday evening the pupils of the Immaculate Conception school, assisted by Bishop Muldoon and several visiting priests, opened the new Parish Hall with an entertainment which delighted an audience of nearly six hundred persons. Those present took the opportunity to inspect the hall which is an exceptionally well appointed one with a seating capacity of about eight hundred. There is a kitchen which will be put to good use this winter by the ladies of the Parish who are planning many socials. The stage is large enough for the presentation plays, an entertainment club is being formed for this purpose. The entertainment Friday evening was extremely informal in character, the visiting priests keeping the audience in an uproar with humorous stories which were told as though the speakers were among a gathering of friends in the home parlor. A chorus of boys and one of girls from the school, accompanied by Miss Helen Sullivan at the piano, sang two songs, Ella and Dora Kreger and Alex Rafferty, Jr., played a violin trio accompanied by Miss Kathaleen Kreger and Mr. Charles Schneider sang "The Rosary" with Miss Helen Conrad at the piano.

SCHOOL BOND ISSUE VOTE IS POSTPONED

BOARD MEMBERS WANT INFORMATION

Bond Lawyer Says there can be but one Voting Place for Entire District

The High School Board of Education has been advised by Hon. Francis G. Blair, Superintendent of Public Instruction and Charles B. Wood, the well-known bond attorney, that there must be but one polling place in the event of an election to authorize the issue of school bonds. If the vote is taken in more than one place, the election will lack the necessary legality and the bonds may be invalidated. It seems to the Board that this provision of the law works such a hardship as practically to disfranchise a considerable number of voters in the more remote parts of the township; and they are unwilling to take so important a step without the general sanction of voters. They have therefore postponed the election, which they had decided to hold on November 9, until they can secure authority to hold an election in more than one polling place, and thus obtain a general expression of the will of the people.

According to the circular issued by the Board the proposed plan includes the erection of a class room building, an auditorium, manual training shops, a gymnasium and a central heating plant. For this purpose the voters will be asked to sanction a bond issue of \$175,000.

Local Progressives Hold Rally

Attorney F. S. Munro, candidate for representative from the 8th district and C. M. Thompson, congressional candidate for Congress from the 10th district were the principal speakers at the Progressive Party meeting in Goldberg's hall and 85 feet north and south. The foundation of the building is concrete supered to hear them and listened attentively to what they had to say about the structures of ornamental Bedford stone and massive platform. As was the case at the Republican Rally last week, little applause interrupted the speakers, a good demonstration of the fact that voters this year are using their own brains to settle questions for themselves rather than blindly following a party leadership in the old hip hurrah manner. This was evidently what both speakers wanted in their remarks appealed to the thinking rather than the hurrah element.

DEDICATORY SERVICES FOR NEW PRESBYTERIAN CHURCH

STARTING TOMORROW SERVICES WILL CONTINUE TEN DAYS

Beautiful new Church is now Complete in Every Detail and Elaborate Exercises will Mark its Dedication. Brief History of Church Society

The dedicatory services of the Presbyterian church will commence on Friday, and will continue for a period of ten days. This new church edifice is one of the most handsome and imposing places of worship along the entire North Shore, and may easily vie in its completeness of detail and architecture, with any similar structure in the west. It was designed and erected under the personal supervision of the architect, Charles S. Frost of Chicago.

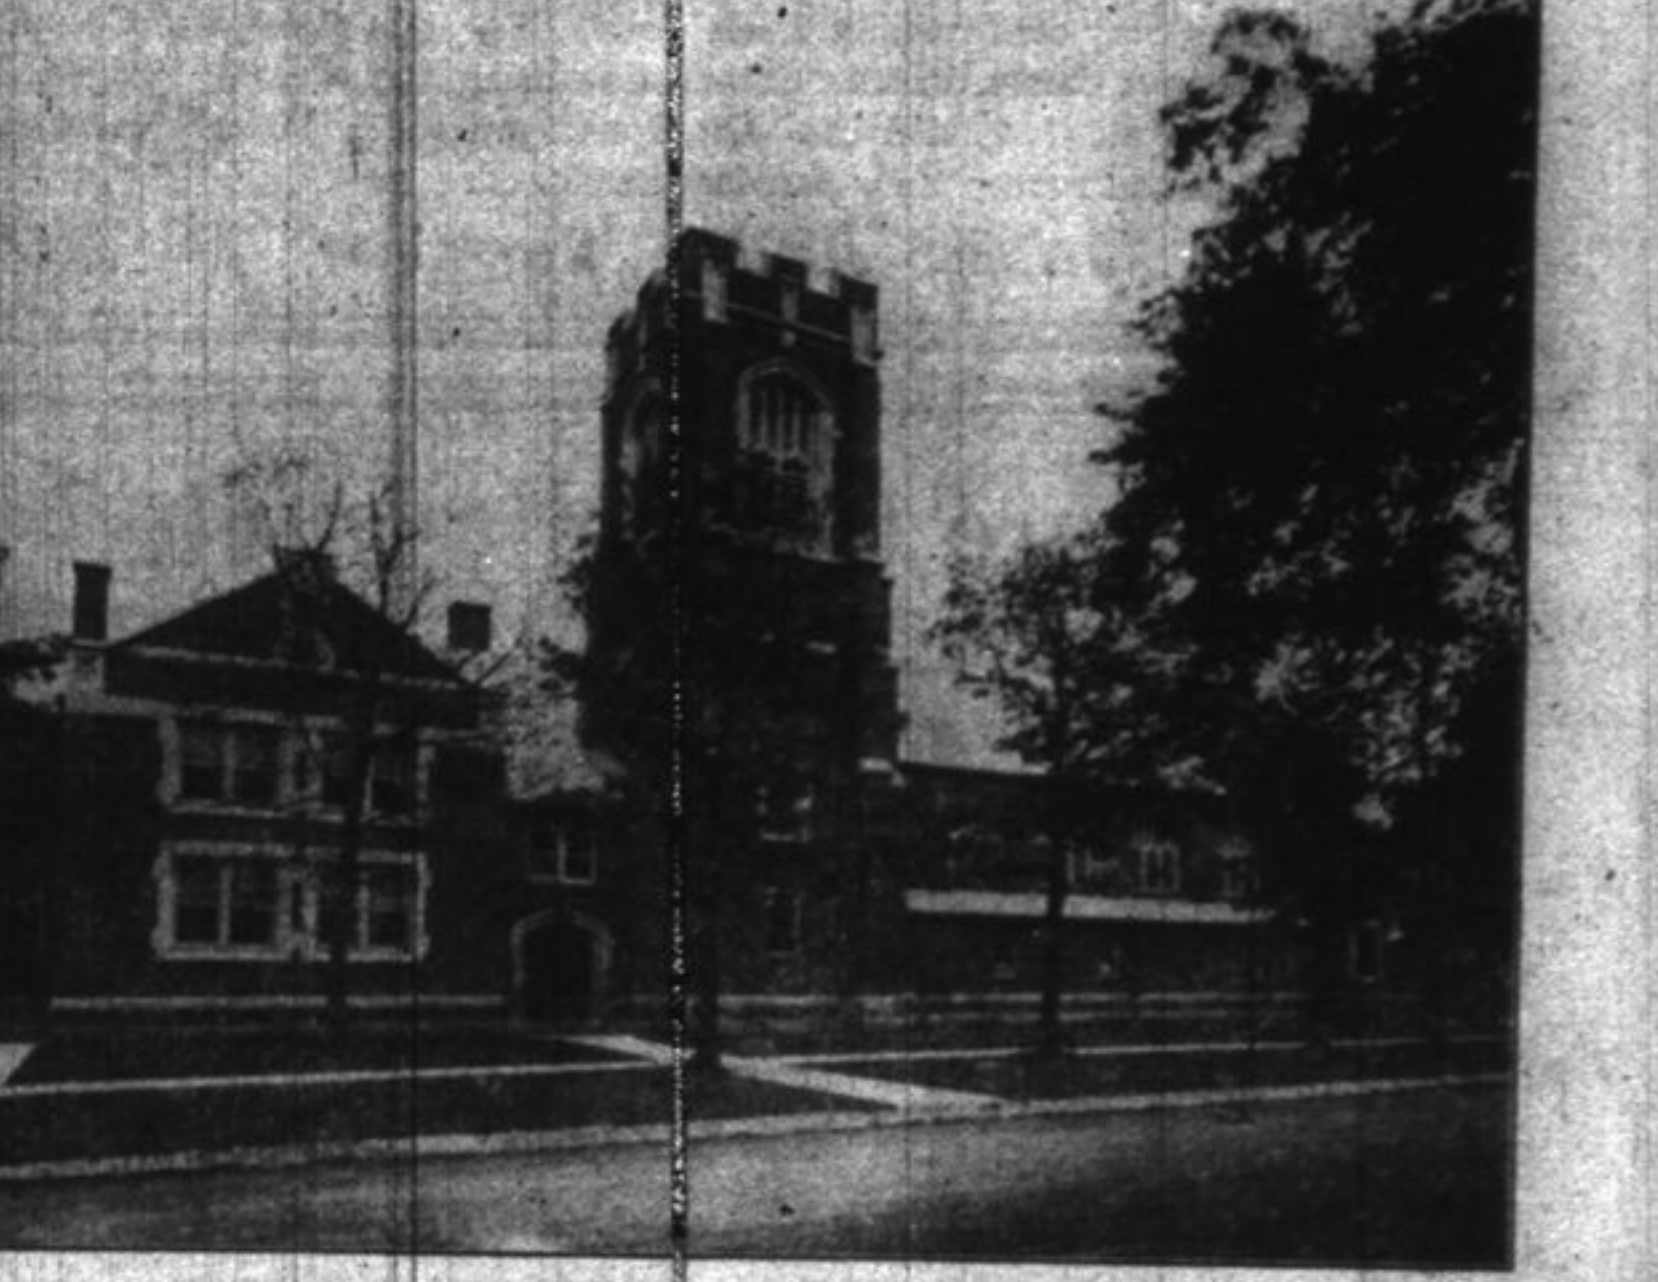

Previous to its organization as a separate church, the congregation was known as the Highland Park Religious denomination, a union church, of which the Rev. George L. Wrenn, a prominent divine, was pastor. Thirty-three names were subscribed on the roll of the new organization as charter members, only four of whom are still alive. These are: Mrs. Lucy T. C. Allen, Mrs. Caroline H. Denison, Miss Sarah A. Patchen, Mrs. Mattie C. Walker (Ford P.) Hall. There are
