Lincoln School News

Some of the residents of Highland Park are evidently unaware of the existence of Lincoln School, situated at the corner of Green Bay Road and Lincoln Ave. on a fairly attractive campus of two acres and where seven teachers are employed as follows: W. C. McKenzie, Supt. Manual Training and Mathematics. Mrs. Margaret L. Freeman 7th and 8th grades and sewing; Miss Ethel Lee West, 6th grade and Music; Mable S. Falch 5th grade; Miss Edna Foland 3rd and 4th grades. Mrs. Abbie B. Bastin, the efficient president of our P. T. A. has charge of the second grade and Miss Clara White has charge of the beginners. Miss Ida Porter teaches drawing and art.

The Manual Training and sewing classes are running to a large extent on original lines. The class in manual training having made cupboards for the Mothers Club and a table for the sewing room besides doing work for the teachers and work for the improvement of the building. The sewing class not to be outdone by the boys presented the shop with carpenter's aprons, the product of their own labor. In addition to the above, the 7th and 8th grade built a fairly good model of old Fort Dearborn and St. Mary's of the Woods. The last named is of especial interest to Highland Park. In building the model of Fort Dearborn the boys visited the Chicago Historical Society and copied the government plan and then enlarged the same. More than one thousand pieces were required to produce this model.

The school is planning to give an Art Exhibit Dec. 4th to 7th. The object of this exhibit is twofold. First to acquaint the pupils with the Masterpieces and lead them to a better appreciation of the beautiful; and second to enlist the cooperation of patrons in securing ample funds for the purpose of purchasing suitable pictures to adorn the walls of the building. The influence of a good picture upon a child is of inestimable value. It is the desire of this school that the children have the influence of the best. The public is cordially invited to attend this exhibition. A small admission of ten cents will be charged.

On Saturday, Dec. 7, there will be a general meeting of the teachers of the county, under the supervision of F. A. Simpson. The morning session will be devoted to the work of the classroom and shop. In the afternoon several speakers of more than local prominence will be present. A pleasant and profitable meeting is anticipated.
