MRS. SWAIN SAYS:

"During all the 33 YEARS that I have kept house I have never used a more satisfactory furniture polish and floor cleaner than **NU-FINISH**. Accept my highest recommendations for same."

NU-FINISH

is a marvelous dusting-cleaning-polishing liquid. With it you just dust in the usual way—but what a difference! No dust flying in the room to settle down again. Every speck is taken up and taken out—just stirred up. And, at the same time, with no extra work, your furniture, woodwork and hardwood floors are cleaned and polished. Try a 25c bottle.

Land is the Basis of all Values

When cultivated it yields the golden grain which feeds the multitude, when mined it produces the coal to heat our homes and propel our machinery and the clay to make brick and tile for building--It furnishes the site for the residence, store and factory. A mortgage which pledges the land is therefore the safest security to be found and is so recognized by the Courts and Trustees of Estates. You will find the first mortgage negotiated by us dependable in all respects.
