TRIP OF MR. AND MRS. FLETCHER

Visit Many Former Highland Park Resi-
 dents While in the West

Mr. A. W. Fletcher returned last week from an extended and interesting trip through the west where he visited a number of former Highland Park people. Leaving here on the fifteenth of February Mr. and Mrs. Fletcher went to Los Angeles and from there to the Pomona Valley where they were the guests of Mr. and Mrs. W. H. Price, sister and brother-in-law of Mrs. Fletcher, who formerly lived in this city and now have a beautiful home and a splendid orange grove in Pomona. From there they went to Redlands thence to Ontario where they were the guests of Mr. and Mrs. Stephen Yates the latter formerly Miss Emily Erskine, a resident for years of Highland Park. While in Los Angeles they visited Mrs. Frederick Fisher formerly one of the most prominent residents here and who now is pleasantly located on Andrews Boulevard. She has in her employ Mr. William Gallagher also a former Highland Park, whose friends here will be glad to know is doing well and owns a fine home. Other people, acquainted here, that Mr. and Mrs. Fletcher called upon were: Mrs. Merrill formerly of Glencoe and her daughter Mrs. Ainsworth; Mr. and Mrs. Scott, the latter formerly Mrs. Amy Bock, and son Mr. Harry Bock, who are residing on Stephenson Avenue.

Leaving Los Angeles they next visited San Francisco and called upon Mrs. Gaa, formerly Miss Converse of Fox Lake, Ill. Mr. Fletcher tells of their visit to the grounds which the government is preparing for the celebration in 1915 of the opening of the Panama canal Exposition, in preparation of which the school children are taking great interest in planting shrubbery and flowers on the islands in the bay opposite the Golden Gate. Flying machines, Mr. Fletcher states, are as plentiful in the bay as gulls are on Lake Michigan. Tacoma and Seattle were visited and thence Mr. Fletcher returned home while Mrs. Fletcher remained in Pomona the guest of relatives.

Highland Park Woman's Club

The crying need of a Woman's Club building in this city could not be better illustrated than at the last meeting which took place on Tuesday afternoon and an extremely large audience was drawn by the announcement of a program in charge of a popular and talented woman of this city, Mrs. F. B. Green. Consequently every nook and corner was filled and every chair that could be obtained in Library Hall put to use. Mrs. Green more than came up to expectations and her reading of "The Uncrowned King," by Harold Bell Wright to the piano accompaniment played by Mrs. James Watson was very beautiful and her dialect entitled "A Change of Heart," by Blanche Goodman, was a delight in its humor and cleverness. Mrs. Henry Clay Miller sang an Irish Lullaby by Alicia Adelaide Needham and La Serenata by Tosti both of which were greatly enjoyed by those present. Mrs. Edward Knapp's rendition of "Oh is this Love?" composed by Mrs. Green and Tennyson's "Crossing of the Bar" to music composed by Mrs. Green, was exceedingly pleasing as were Mrs. Watson's piano accompaniments.

At this meeting announcement was made of a ticket of the names of those who will run for office at the annual business meeting on April 22. Following the program tea was served by the hostesses: Mrs. Robert Gordon Gould, chairman, Mrs. Richard L. Sandwick, Mrs. Jesse Sobey, Mrs. F. B. Williams, Mrs. E. M. Watkins, Mrs. Earl Purdy, Mrs. Walter Wardrop.

The Highland Park Club

The final cotillion of the season took place on Tuesday evening and was a brilliant affair. Among those entertaining at dinner preceding the dance were: Mrs. Emil Beck Metzger, Mrs. Addison R. Warner, entertained in honor of her son, Robert Warner; Mrs. W. R. Tapper, Mrs. F. N. Baylies, and Mrs. Merrick A. Mihills entertained at a dinner in compliment to Miss Marguerite White of Chicago whose engagement was recently announced to Dr. Floyd M. Dandanville.

The Junior cotillion will take place to-night.

The moving picture exhibition to take place on the evening of the 28th, is entitled "The Cowboy Millionaires."

Parents and Teachers' Association

High School Division

The high school division of the Parents and Teachers' Association will hold a meeting on Friday, April 4, when the students will give a one-act play and orchestra selection.

Discussion in charge of educational committee "What We See in Other Schools." Social hour for parents and teachers.

South Division

The South Division will hold a meeting on the afternoon of April 1. Mrs. Benjamin Page will make an address upon "How Shall We Deal with Problems which come with Adolescence."

MONEY TO BURN

The burning of money in the form of fuel is necessary. Fuel extravagance is an old and costly habit. You cannot afford, however, to keep on burning coal just because it has been your habit for years. **USE WAUKEGAN**

SOLVAY COKE

"The Fuel Without a Fault"

and save 20 per cent or your fuel cost. You are certainly not so fond of dust, smoke soot and ashes--of expensive, unclean conditions--as to be unwilling to give Solvay Coke a trial. That's all we ask--the coke will do the rest.

A booklet describing this ideal fuel and its use will be delivered to every customer of the North Shore Gas Co. Please read it carefully--it will be worth your while. If YOU do not receive a copy please write or call at our office.

Ossoli Club

The study class of the Ossoli club which was organized under the leadership of Mrs. Francis D. Everett held the final meeting on Thursday morning, March 20 and enjoyed the unusual privilege of hearing Dr. Rochelle S. Yarros of Hull House, Chicago, chairman of the Social Hygiene committee of the General Federation of Women's Clubs, deliver an illuminating and inspiring address upon Social Hygiene. Several members spoke briefly upon the subject assigned for the day, "Laws which are Needed." Mrs. H. B. Roberts spoke of the provision for vocational training and outlined the two plans which are now before the people. The dual system which is advocated by Mr. Cooley and the unified system which is supported by many educators. Mrs. W. J. Fyffe spoke of the need of compulsory birth registration saying that such a law is something Miss Lathrop has asked people to work for. Miss Lathrop's first definite request, as Chief of the Children's Bureau, of the people of the country, has been for the enactment of uniform compulsory birth registration laws in the different states. Mrs. Eugene Bourneque called attention to the need of an extension of the powers of the food commissioners office. Two bills have already been introduced in the legislature, one covering inspection and regulation of cold storage plants of which there is now no inspection and no limit of time food may be stored, and the other covers the inspection of patent medicines. Mrs. C. F. Crain spoke of Iowa's laws by which action may be brought against owner or agent of property used for immoral purposes and the penalty provided by the law which includes closing the property for one year. A similar measure failed to pass in this state two years ago and is before the present legislature. Mrs. Daniel Cobb spoke upon the minimum wage and the subject was excellently illustrated by a series of twelve charts which were prepared for the last meeting of the Illinois Federation of Women's Clubs at Aurora and which were exhibited at the study class through the courtesy of Mrs. B. E. Page of Ravine Drive, chairman of the Legislative Department of the Illinois Federation of Women's Clubs. The principle topic of the charts is the working girl which depict the following: pure food, minimum wage, vocational training, and tenement house problems. The fact of interest that on Monday morning, March 24, eight hundred young women in the vicinity of Chicago and seven hundred and twenty in Chicago were to receive an increase in their wages and would find in their pay envelopes eight dollars, was mentioned by Mrs. Cobb as well as the work of the vice commission in Chicago and of that which they had accomplished although as yet the minimum wage has not been fixed. This meeting of the class ends a course of study for the ladies of the Highland Park club which has been exceedingly interesting and educational for the classes have been well attended and the intelligent questions asked and satisfactorily answered, have been a source of pleasure to all interested in the Illinois laws concerning women and children. Mrs. Everett, who so willingly gave her time to conducting the class, proved a most delightful and popular leader.

This afternoon at 2:45 o'clock the Ossoli club held the final program of the season and Mr. J. H. Probst, City Forester of Chicago, addressed the members. The program was in charge of the Civics Committee whose members are Mrs. Charles C. Hughes, chairman, Mrs. George M. Bard, Mrs. Abbie B. Bastin, Mrs. Thomas Clements, Miss Guiney, Mrs. John Oliver, and Mrs. Lucien Williams.

Card of Thanks

We wish to extend our heartfelt thanks to our friends and neighbors for the kindness shown us in our late bereavement.
