Flowers, Trees and Shrubs all three are surely necessary to beautify your home grounds. We have been selling them for many years and have made a comfortable living out of it, but none of them is after all of as much importance as a good lawn-perhaps you would like to look at one, take a walk past Mr. E. Tyner's grounds on Prospoct Avenue. We started that lawn just 12 years ago and it has had Fertilizer and a good liberal dose of our Grass Seed every spring, just about this time. A lawn should improve from year to year, but it is only possible by everlastingly keeping at it. Keep on scratching, feeding and sowing. You are missing a whole lot if you can't have a hand at it yourself for Gardening is an occupation for which no man is too high or too low. But no matter who does the work, if you have to meet the bills, why not get Bahr's Grass Seed and thereby help make the town more beautiful. Ask central to give you the first chance whenever 85 or 78 isn't busy.

Why not have a talk with us on Shrubs or Perennials? If "Home Grown" sounds good to you it only proves that you have found out that shipping from distant nurseries hasn't been satisfactory
