### DEERFIELD WINS

Continued from First Page

so mused Seablon's grounder. Seablon was forced at second by Burns' rap to Richards, which put Duffy on third. Duffy scored when Schaefer tried to slip one over on Burns and catch him stealing. Two runs counted in the following inning, which put Deerfield one to the good. Listus reached first on a felder's choice and went to second on Hutchison's hit. Oberreiter's infield out advanced both runners, and they scored when Jimmie Duffy threw brother Dusie's rap over Flinn's head. Two were out in the fourth when Whiting scratched a hit to Richards, going to second on Joe's bad heave to first and scoring on Kress' safety. In the fifth Hutchison scratched a hit through Greenslade and moved on to second on a passed ball. Duffy's infield out put Hutchison on third, and he tallied on Seablon's hard liner to Richards that went for a hit. Richards' wide peg to first gave Seablon an extra base, from where he scored on Burns' safety over third. Deerfield counted once in the sixth when Listus took a third strike on a drop ball that hit the plate and bounced over Schaefer's head. Hutchison walked. Listus scooted to third when Oberreiter forced Hutchison at second and scored when Shields fumbled Dusie Duffy's grounder. The visitors went ahead again in the ninth on Pettis' two baser to left. Heffman's poor return let Pettis to third and Listus's liner to right brought him home. Deerfield won the game in the tenth when Oberreiter doubled to right, Glader wild pitched, and Jimmie Duffy committed a bad bomer in playing a ball that was hit to him to first instead of heading off Oberreiter at the plate.

The largest crowd of the season, conservatively estimated at between 500 and 600, witnessed the contest. The spectators were treated to plenty of excitement for the game was remarkably close despite the ragged work of the local team.

Next Sunday Waukegan is billed to appear on the Lincoln avenue grounds. There is no danger of the Highland Parks entering that game in an overconfident mood, for they realize that Waukegan is one of the strongest teams they will be called upon to face this season. A close and well contested game may be expected.

roads. This year, it is the entire amount, for Governor Dunne vetoed our appropriation of \$200,000 for this purpose from the state's revenue. Next year, though, this appropriation will be made. You will then be paying your share of the expense of road improvement. Why not get in and get some benefit out of it for yourselves?

"Farmers pay 27.6 per cent. of the taxes of the state. The rest is paid by town and city dwellers. At that rate, the farmer, who will benefit most by the hard roads, will pay only 27.6 per cent. of their cost, while the remainder of the burden will fall upon the cities." He declares that sixteen counties have already filed their applications for state aid in road building.

### PACKING GOLD LEAF.

It is "Handled," So to Speak, by the Aid of a Puff of Breath.

The gold reaches the "beaters" first in wide bars or nuggets. It must be weighed, melted and made into inch wide ribbons before the "beating" begins. The ribbon is then cut into inch squares and beaten with a hammer wielded by a stalwart workman. When each leaf has been beaten thin it is transferred to a mold, where it is beaten again for a period of four hours. The beating is accomplished by means of a wooden hammer weighing from seven to eighteen pounds on a sheepskin cushion resting on a granite block. The gold beater is usually 22 or 23 carats fine. A little alloy of copper or silver is added to make it spread. It would be impossible for the beaters to handle perfectly pure gold.

Gold leaf is packed more by the aid of the breath than that of the hands. The operation of transferring a sheet of almost transparent gold leaf from one place to another is of such delicacy that it is possible to accomplish it only by a slight puff of the breath. The packers are for the most part girls, to whom, after beating, the gold leaf is handed.

The girls lift the unshaped leaf from the mold with a pair of wooden pliers, flatten it out on a sheepskin cushion by gently blowing on it, cut it into a perfect square, replace it between the leaves of the book and flatten it out with the breath. A "book" consists of twenty-five leaves, and a skilled girl operator can pack seventy books in a day.—Harper's Weekly.

## Vudor Porch Shades ARE IDEAL FOR SLEEPING PORCHES

ESTABLISHED 1874 D. G. PURDY & SONS INCORPORATED

Buried in Installments. A well known local character of Townsend, Mont., lost a leg in a switching yard on the railroad. The railroad boys raised a little purse for the victim, who was rather down on his luck in other ways aside from the accident. After paying his board and hospital bills he went down and bought a coffin and a lot in the cemetery, and had his amputated leg buried in good style.

"Now," he said, "when I cash in all they will have to do will be to dig up the coffin and put me in with the leg!"—Saturday Evening Post.

Resurrections. The world is full of resurrections. Every night that folds us up in darkness is a death, and those of you that have been out early and have seen the first of the dawn will know it. The day rises out of the night like a being that, has burst its tomb and escaped into life.—George Macdonald.

Tip to Sleep Walkers.—"Pop." "Yes, my son." "I know the reason why people walk in their sleep." "You do? Why is it?" "Because their feet don't go to sleep."—Yonkers Statesman.
