## \$200,000 BOND ISSUE WANTED FOR D. S. HIGH SCHOOL

### WILL COME BEFORE THE VOTERS SATURDAY, OCT. 25

#### School Board Believes Additional Building Necessary. The Present Building was built to Accommodate 150 Pupils, There are now 353 Enrolled, 103 more than formerly Intended

On Saturday, October 25th, an election will be held in the Deerfield-Shields Township High School District, for the purpose of voting "for" or "against" the proposition of building additional school buildings to the school site owned by the district and for the purpose of voting "for" or "against" the proposition to issue bonds of the Deerfield-Shields Township High School District to the amount of Two Hundred Thousand Dollars (\$200,000), for the purpose of building school buildings and furnishing and equipping the same. The bonds to be payable in annual installments as follows: five installments of \$5,000 each in 1, 2, 3, 4 and 5 years after date; five installments of \$10,000 each in 6, 7, 8, 9 and 10 years after date; and ten installments of \$12,000 each in 11, 12, 13, 14, 15, 16, 17, 18, 19 and 20 years after date, said bonds to bear interest at the rate of four and one-half per cent. per annum, payable semi-annually.

The question of added rooms and facilities for pupils at the high school

has been before the board of trustees for more than a year. The present building it is said, is accommodating 103 pupils more than the building was planned for. The result of this crowding is that rooms designed for other uses have been taken for class rooms.

The election will be held at the following polling places in the respective voting precincts.

In the "East Deerfield Precinct" composing the township of Deerfield, polling place at North Shore Trust Company, northwest corner of Central avenue and Sheridan road in the City of Highland Park. In the "West Deerfield Precinct" composing the Township of West Deerfield, polling place at the town hall in the Village of Deerfield. In the "Shields Precinct" composing all the portion of Shields Township lying in said district, polling place at the city hall in the City of Lake Forest.

The polls in the said precincts will be opened at the hour of seven o'clock in the morning until seven o'clock in the evening.

## LAKE COUNTY TO BUY LAKE BREEZE SANITARIUM

### VOTE OF SUPERVISORS WAS 13 TO 10

#### \$7,500 Price to be paid through Purchase. Lake County will lead Other Illinois Counties in work of Stamping out Tuberculosis

By a vote of 13 to 10 the Board of Supervisors yesterday decided to purchase Lake Breeze Sanitarium at the price set by the officers \$7,500. The decision ends an argument which has lasted for many months and it also makes Lake County the first in the state in the matter of equipment for the care of tuberculosis patients. It is not known what changes if any will be made in the management of the sanitarium. The board in this meeting having acted only on the purchase.

Lake Breeze Sanitarium occupies fifteen acres of land on Grand avenue, about three miles west from the business section of Waukegan. This land was purchased by the Lake County Tuberculosis Institute, which operates the Sanitarium, in May, 1909, at a cost of \$210 per acre. It appears to be an ideal location and has a combination of wood and open which makes it beautiful. At the time of its purchase the Institute was said to be getting a bargain and at the present time the directors claim the land to be worth \$300 an acre.

As giving some sort of an idea of what it will cost the county to operate at this place, the writer believes that the following data will prove interesting: During the month of June it cost \$1.62 to care for one patient each day, during July each patient cost \$2.23 and during August, \$1.80. During this same time the average daily receipts per patient were: June, \$1.50; July, \$1.61 and August, \$1.78. For the three months the daily loss per patient was \$0.25. During this period the average number of patients being treated for was eighteen, showing that the institute has been giving away much that it has professed to be selling. It has made up for charity by private subscriptions. If the county goes into the Sanitarium business, and goes into it "right," it will have a greater deficit than this to meet because there will be, of course, more patients.

The improvements on the grounds include nine cottages with two beds each and one with five beds, a concrete building which contains the office, bath rooms and incinerators, a frame building containing, dining room and kitchen, artesian water supply with motor driven pump and storage house. Also there are a number of help tents, half cottage affairs such as were used in the days when the sanitarium was young, and which are serviceable now during the summer months only. These improvements were purchased through private subscriptions, a matter Highland Park has proven one of the most generous cities in the county. They were built under the supervision of Dr. W.

H. Watterson, who is the present manager and who has been the guiding spirit of the Tuberculosis Institute since its organization October 18, 1908, and who has seen and helped the Sanitarium grow from an institution of one tent and two patients to that here outlined. Here it might be mentioned that the first patient to enter often returns, a large, healthy man to visit. Dr. Watterson has been campaigning for some time in an effort to raise money for the purpose of erecting two needed buildings, an administration house which would contain the nurses' quarters and a pavilion. Nurses' quarters will be absolutely necessary if the place grows. At present it is hard to keep nurses owing to the inadequate means of caring for them, although the present head nurse, Mrs. Rosa McMartin, is a highly efficient one, has held her position for over two years.

## A LECTURE ON CHRISTIAN SCIENCE

### BY CLARENCE W. CHADWICK, C. S. B.

#### At the First Church of Christ, Scientist, Highland Park, Saturday Evening, Oct. 4. He said in part as follows

The belief that consciousness is both good and evil has been the cause of untold suffering and torment to the human race. Christian Science defines real consciousness as the one Infinite Intelligence, or Mind, which is God, good, "Be ye transformed by the renewing of your mind" involves a mental process of separation of right and wrong thoughts.

Right thoughts or ideas in Christian Science are emanations of the one divine Mind or Intelligence. Wrong thoughts are beliefs only.

The Christ, Truth, is the true or spiritual idea of God, who operates mentally or influence which operates mentally to destroy all belief in an evil consciousness. It is the only remedy for both sin and disease.

Mary Baker Eddy is the Discoverer and Founder of Christian Science. Her genuine nobility of character, her intensely religious nature, and her unbounded love for God and humanity, made her one of the world's greatest modern religious leaders and teachers. Christian Science did not originate in Mrs. Eddy's human mind. It was the Christ idea of the oneness and allness of divine Mind that found expression in her purified mentality.

The revelation of the spiritual idea to Mrs. Eddy's consciousness is the greatest mental phenomenon that could ever be experienced by a human being. It is "the resurrection of the life" to all who love God and keep His commandments.

The Christian Science text-book, "Science and Health with Key to the Scriptures," is the natural and logical outcome of Mrs. Eddy's unselfish devotion and fidelity to the spiritual idea.

## NEARBY NEWS NOTES OF LOCAL INTEREST

### NEW DORMITORY FOR LAKE BLUFF

North Chicago to have Free Delivery January 1, 1914. Harvest Home Dinner at Lake Bluff Orphanage October 18

### Lake Forest Y. W. C. A. Gives Two Plays

The Young Women's Christian Association of Lake Forest, gave two plays at the O'Neill Theater, Lake Forest last week. They were "Engaging Janett" and "He and She." Among those who took part were Katherine Ripplady, Ruth Brown, Evelyn O'Neill, Ruth King, Helen Murrie, Jennie O'Neill, Gertrude Bloombhaus and Esther Reese. The proceeds to furnish the new club house.

### New Dormitory for Lake Bluff Home

Lake Bluff orphanage is to have a new dormitory to satisfy its needs. It is to cost about \$25,000. There are some sixty-five Lake County children being cared for at the institution, so local contributions are solicited. Among large donations already made to the fund are: Mrs. J. McGregor Adams, \$5,000; L. F. Swift, \$2,000.

### No. Chicago to Have Free Delivery

Because the people of North Chicago have failed to number their houses and provide mail boxes, the postal department has again postponed the free delivery for the city until January 1, 1914, or until this ruling of the department is complied with. The contention is that the carriers will be unable to deliver mail unless the houses are numbered, and that even after the service goes in those people who fail to number their houses cannot be given the service under the postal laws.

### National Dairy Show Opens Oct. 23d

Lake County dairymen are already making plans to attend the sessions of the National Dairy show which will be held at the International Amphitheater at the Union Stock yards in Chicago, from October 23d to November 1st.

### Harvest Home Day

The Harvest Home Day and Dinner at the Lake Bluff Orphanage is set for October 18th.

## CRESCENTS PLAY DEERFIELD SUNDAY

### October Twelve at Lincoln Ave. Grounds. Will be Third Game Between these Teams. Good Game Anticipated

Next Sunday, October 13th, the Crescents will again hook up with the Deerfields, but this time at the Lincoln avenue grounds. This will be the third game between these teams. The first resulted in a hair-line winning victory for the Deerfields, and the second was a wild and exciting nine-inning deadlock.

A very keen rivalry has sprung up between the two teams and their followers, and both sides are certain to do their level best to cope with this contest. If the Deerfields win they will have a clear claim to the Deerfield Township championship, but if the locals are victorious, another contest will be necessary to settle any claims of superiority.

Reserved seat tickets will be on sale at Larson's up till Sunday noon, price, 35 cents. The most desirable seats in the grand stand will be set aside for the holders of these tickets. A large crowd of rooters from Deerfield is expected to swell the attendance considerably, and it is very probable that the stand will be filled before the game is called, hence the placing on sale of paste boards during the week.

## NEARLY STRUCK BY TRAIN FRIDAY

### Horse Killed and Runabout Smashed. Was Given no Warning of Approaching Train

On Friday, Oct. 3rd Mr. James Boylan had a very narrow escape from being struck by a train at the Elm street crossing. Mr. Boylan became worried over the length of time his two small sons, who had gone for a ride, were staying, and started in search of them, securing a horse and runabout from the livery. He arrived at the crossing of the C. & N. W. Ry. at Elm Place and waited for a north bound train to pass. The gates were then raised and Mr. Boylan started on. Reaching the center of the tracks he noticed the headlight of the 6:15 train coming south. He pulled his horse to the side and jumped, escaping injuries, but the horse was killed and the runabout smashed. Mr. Boylan has three witnesses to prove that the gates were not down and that no bell rang to warn him of the approaching train.

## EVENING COURSES BEGIN OCTOBER 20

### MUST BE 12 STUDENTS IN EACH COURSE

School in Session Monday and Thursday Evenings from 7:45 to 9:45. Eight Week Terms. First term ends December 11

Evening courses at the High School will begin Monday, October 20th, and will continue for two terms of eight weeks each, two evenings in each week. The school will be in session on Monday and Thursday evenings from 7:45 to 9:45. The first term of eight weeks will end December 11th. The second term will continue the work of the first after three weeks interval at the Christmas holidays. Credit will be given for night school work on the same basis of time and amount of work as is required in regular high school courses.

The school must have the names of students in advance. Only when twelve or more have indicated their desire to enter a course will a class be organized. Should the number in any course fall below twelve it will be discontinued. A student may register for one course only, and will spend his whole time upon it while in attendance.

The evening work is open to all residents of the high school district, and it is particularly designed for young men and women who are employed. No books or school supplies of any kind are required except in the bookkeeping and language classes.

### Courses Offered

1. Mechanical Drawing architectural and machine; a practical course intended to give skill to make and read working drawings. *Mr. Schneider*
2. Bookkeeping and Penmanship, a practical course in both single and double entry. *Mr. Stachling*
3. Arithmetic and Business English. These courses will be given together, half of the time being devoted to each subject. The arithmetic will be a practical course for contractors and business men; the English, business correspondence and a review of spelling and grammar with practice in effective and correct expression. *Mr. Taylor, Arithmetic; Miss Grundy, English*
4. Stenography and Typewriting. *Mr. Williams*
5. Horticulture and Gardening. This course includes a study of soils, trees and plants, both ornamental and useful; pests; sprays; pruning; fertilizers, etc. *Mr. McNutt*
6. Public Speaking. A practical course suited to individual needs, with training in extempore speaking, delivery of committed selections and reading aloud. If desired, a short play may furnish material for general development in expression. *Miss McElrath*
7. Chemistry. This will include bleaching and dyeing and testing clothes; testing foods, milk and water, electroplating and photography; testing substances to determine the presence of metals; soap making; study of alkalis and acids, etc. *Mr. Geestling*
8. Spanish. A beginning course in this language, for which modern business conditions have developed a wide need. *Miss Banning*
9. German. A beginners course, and also a more advanced course for use in business correspondence. *Miss Kriger*
10. Dressmaking. A practical dress-making course, such as the making of undergarments, shirt waists and plain dresses. Talks on how to sew, and how to fit; also how to use patterns. *Miss Drew*
11. Millinery. Practice stitches, the trimming of one hat, and the making of another; also the making of ribbon flowers and other hat trimmings. *Miss Drew*
12. Cookery. This course will include the care of the kitchen, its furnishings, cooking of dishes, illustrative of the classes of foods, and their relation to health and marketing. *Miss Tucker*

## CONVENTION OF THE KEYSTONE LEAGUE

### To be held at Evangelical Church, Oct. 14, 15, and 16. Splendid Program Arranged

The Biennial Convention of the Keystone League of Christian Endeavor and Sunday School of the Illinois Conference United Evangelical Church will be held in the local church on Laurel avenue and Green Day road, October 14th, 15th and 16th. A very interesting program has been arranged and among the interesting speakers will be Mrs. Carrie S. Besserer who will give an address on Wednesday morning, October 15th at 10:30 o'clock, on "Worth and Possessions" and again on Wednesday afternoon at 3:45, she will choose as her subject, "That I May Know Him." Bishop U. F. Swengel will speak on "Efficiency" at 8:15 o'clock Wednesday, October 15th and on Thursday evening at 7:30 o'clock he will speak on "What the Church Has to Offer the Young People." Dr. William Evans of the Moody Institution and a great Bible student will give a lecture on Wednesday evening at seven o'clock on "The Bible and How to Study It." He will again lecture on the same subject Thursday morning at nine o'clock. The singing will be in charge of Rev. E. O. Rife and arrangements have been made to have special selections, quartettes, duets and solos by various members attending the convention.

## C. S. READING ROOM TO BE MOVED

### Will Occupy Vacant Room in North Shore Trust Building as soon as Alterations can be made

At a special meeting of the members of the First Church of Christ, Scientist last night it was decided to move the Christian Science Reading rooms from the second floor of the Erskine Bank building to the room recently vacated by Monahan's Chocolate shop in the North Shore Trust building. The change will be made as soon as necessary alterations can be made.

## PUBLIC SERVICE COMPANY AWARDED LIGHTING CONTRACT

### SHERIDAN ROAD PROPOSITION GOES TO COMMITTEE

#### Alderman Fearing largely Responsible for Street Lighting Contract which will save the City \$2000 per Year in Addition to getting Twenty new lights Placed where most Needed

The regular meeting of the City Council was held Tuesday night, October 4. Officers present: Honorable Mayor Hawkins, Attorney Holmes, Aldermen, Sheahan, Kline, Nichols, Buckley, Putnam, Obee, Fearing, and Vetter.

Alderman Buckley moved seconded by Alderman Nichols, that the minutes of the last regular meeting stand approved as read. Carried.

Alderman Fearing moved, seconded by Alderman Sheahan, that the petition presented by property owners on Sheridan Road, requesting the transfer of the Sheridan Road to the Lincoln Park Board, be referred to a special committee of three members of the City Council, to be appointed by the Mayor for report to the City Council. Carried.

Mayor Hawkins appointed Aldermen Buckley, Nichols and Fearing, who will hold a public hearing on Monday evening, October 13.

Alderman Obee moved, seconded by Alderman Buckley that the North Shore Gas Company's request for permission to lay gas main on Beech St. be referred to the Street and Alley Committee with power to act. Carried.

Alderman Vetter moved, seconded by Alderman Obee, that the communication from P. C. Wolcott, president of the Public Library, relative to free telephone be referred to the Building and Grounds Committee with power to act. Carried.

Alderman Nichols moved, seconded by Alderman Vetter, that the communication presented by George E. Phillips, on behalf of Olaf Lindblom, relative to the bad condition of Deerfield Ave., be referred to the Street and Alley Committee. Carried.

Majority Report of Fire and Water Com. To the Mayor and Aldermen: In the matter of a petition, signed by Jas. C. Boylan and four others, requesting the City Council to repeal an ordinance taxing schools for city water, and to refer to this committee, we beg to report, was given due consideration and recommend that the request be not granted, for the reason that the financial condition of the City Council will not permit it.

Respectfully submitted, George L. Vetter, Joseph L. Fearing, Fire and Water Committee

Alderman Vetter moved, seconded by Alderman Kline that the majority report of the Fire and Water Committee be accepted and the recommendation concurred in.

Ayes: Aldermen Kline, Fearing, Obee, and Vetter.

Nayes: Aldermen Sheahan, Nichols, Buckley and Putnam.

The clerk announced the vote a tie, whereupon Mayor Hawkins voted aye and the motion was declared carried.

Alderman Fearing moved, seconded by Alderman Nichols, that the question of rates for furnishing water to schools be referred to the Fire and Water Committee, to report at the next meeting. Carried.

### Report of Street and Alley Com.

To the Mayor and Aldermen: We recommend that the request of J. V. Norcross for the vacation of all streets and alleys (except the south 33 feet which leads to the property) as platted in a plat of B. F. Jacob's subdivision of the southwest 1/4 of the southwest 1/4 of section 6 as filed for record on Sept. 24, 1875 and duly recorded in book "A" of plats, be granted. Alderman Obee moved, seconded by Alderman Kline that the report be accepted and recommendation concurred in. Carried.

We also recommend that W. F. Edwards be employed by the day to make necessary repairs to the bridge on Linden Ave., between Ravine Ave. and Sheridan Ed., cost of repairs to be paid out of the Bridge Fund.

Respectfully submitted, Street and Alley Committee.

Alderman Fearing, Chairman of the Special Committee on Street Lighting, city lighting problem made a verbal report and has succeeded in obtaining a contract with the Public Service Company for 206 lights at a cost of \$4,000 per year. This is a saving of \$2000 over the city's former contract and gives the city 20 additional lights to be distributed where most needed.

Alderman Vetter moved, seconded by Alderman Nichols, that the report of the Special Street Lighting Committee be approved, that the proposition submitted by the Public Service Co. be accepted and that a five year contract for street lighting be awarded to the Public Service Co. Carried.

A resolution expressing sincere thanks to Honorable John Oliver, former mayor, and the Auto Fire Truck Committee for their earnest and successful efforts in obtaining a truck without expense to the city, was adopted in behalf of the citizens of Highland Park.

Mayor Hawkins announced the appointment of John Rouse as police officer No. 3.

Council adjourned to Friday evening, October 17.

## LEUER BROS. TO ERECT NEW GARAGE

### Will start work soon in Tearing down old Building. Front of Building will be two Stories High

Leuer Brothers will start work soon in tearing down their present garage and erecting a new building on the site where the old one now stands, which will be fire proof throughout and will be 160 feet long by 87 1/2 feet wide. The front of the building will be two stories high. The garage will be built so as to accommodate electric and gasoline cars and will be an up to standard machine shop.

## K. OF P. TO ERECT HALL IN HIGHWOOD

### Is to Cost \$10,000. Will be used for Theatrical Performances

It is rumored that the Knights of Pythias of Lake Shore Lodge, at Highland Park, Illinois, are planning to erect a \$10,000 hall in the near future which will greatly add to the strength of the lodge there and also make an important improvement for the village. It is planned to build a large hall which can be used for theatrical performances. In this way the hall can be let out for other functions which the citizens of the village may desire to hold there.
