THE NEW BAPTIST CHURCH PASTOR

Sketch of Local Man's Life and Activities in Church Work

Rev. Herbert Francis Evans, whose acceptance of the pastorate of the First Baptist Church of this city, was announced in THE PRESS last week, is a Highland Park boy, having been born here thirty years ago. He is a son of ex-Mayor R. G. Evans. Mr. Evans attended the public and high schools of this city, graduating from the Evanston High School in 1898. He was the first business manager of the Highland Park News which was founded by him and his brother Arthur in 1898. He entered Colgate University, New York in 1897 and made a good scholarship record during the three years of his residence there. His last year of undergraduate study was passed at Under-

Stanford Junior University, Cal., from which he received the A. B. degree in 1901. Mr. Evans then engaged in business in the west for three years.

In 1904 Miss Elizabeth Sorague of Red Bluff, Cal., became his wife. Mr. and Mrs. Evans came to Chicago immediately and entered the University of Chicago. Dr. Evans continued five years in graduate study and received the degree of Doctor of Philosophy from the University in 1909. During this period he was twice elected "Fellow of the University of Chicago," the highest scholastic honor for students. Dr. Evans specialized in religious education and sociology during his years of study at the University. From 1909 to 1912 he was Director of Religious Education of the Second Baptist Church, St. Louis, where he organized a completely graded church school, with gymnasium classes, clubs and other activities. This work at St. Louis is referred to by authorities as unique and in some respects in advance of similar work anywhere in the United States.

During the same period Dr. Evans began writing the "Keystone Intermediate Graded Lessons" for the American Baptist Publication Society. This work he has almost completed. It consists of four pupils books for ages thirteen to sixteen and four corresponding teachers books. These eight volumes, over two thousand pages in all, are having a circulation reaching into the hundreds of thousands of copies, all over the English-speaking world. Dr. Evans received recently a letter from a friend in China, who told of looking over the shoulder of a pupil in a Sunday school in Nanking and discovering that these lessons were in use in that far-away land. Dr. Evans has also written a fifteen thousand word article for a new encyclopedia soon to be issued and he has a two hundred page volume of research almost completed which will be published next spring.

Since 1909 Dr. Evans has been a member of the faculty of the correspondence division of the University of Chicago. His pupils in Religious Education have been widely scattered in our own land, and also in Canada and India.

Mr. Evans during the last year has resided in a cozy bungalow in the foot-hills near Los Angeles, Cal. He divided his time between his books and his garden out in that summer land. He came east about the middle of September on a business trip expecting soon to return to Los Angeles. However the call of the local church and the pleasant associations of his home city which he greatly loves, changed his plans. Pastor and people are happy in the new relation and both expect substantial growth during the coming year in the oldest Protestant church in Highland Park.
