

FLOWERS BY TELEGRAPH

Maybe you have never thought of the fact that we belong to the "Florists Telegraph Delivery Association", this is an International organization composed of the leading Florists all over the world, that means our credit is good in Tokio, London, Rome or Buenos Ayres as long as we don't misuse it. If we get an order from some far away Florist to deliver a box Chrysanthemums and we don't attend to it right, we are admitted to the "down and out Club" where Dr. Cook and the Sultan are spending the winter. You may have a friend some where on the globe whom you want to remember between now and Christmas and nothing would be more suitable than a few posies but you don't know how to get them there, well that's exactly what we are here for. Let's have the order, our correspondent nearest to the place your friend lives is going to attend to it just the same as if you were out there yourself, he will enclose your card with all the good wishes you want to convey--isn't that a splendid idea, its just another good feature added to modern business methods.

We will be kick about the high cost of living as long as there is a sign of one left in us, but you have only to examine things a little to find out that you get better service for the money you spend than ever before. With most of us means one price to all and money back if not satisfied. We absolutely guarantee to have any order for out of town filled to your entire satisfaction or we don't want your money. Last Monday we took an order for 1 dozen Killarney Roses to be sent to a party in New Orleans by 6 p. m. that day and it was just 3 p. m. when we got the order, the flowers reached the party at 5:30 and a card with it reading "Many happy returns of the day" and everybody is happy over it yet. Think it over, think of what it would mean to someone to get a bunch of flowers with a message from you, thousands of miles away and that you have some one right here in town to attend to it for you. Isn't that a nice thing? It surely is and little you have realized up to now how many people are taking advantage of it.

So we had to tell you and there are a whole lot of other things you don't know yet, all interesting, and we are going to keep this half page just to take you into our confidence, its going to result in a mutual benefit. We have helped to put Highland Park on the map as a place for fine flowers, beautiful home grounds, good lawns, trees and shrubs and all of these help to make it a better place from what it was when we landed on a cold January morning, clad in a brown misfit overcoat, 48 cents in very loose change, but healthy and ready for anything good to happen.

JAILS AMERICANS

Huerta Locks Them Up and
Then Flees to Castle.

BLOCKADE OF PORTS PLANNED

United States to Take Drastic Action
Within Two Days, According to In-
formation from German Admiral—
Huerta, in Fear of Death, is Prac-
tically Prisoner of Blanquet.

MEXICO CITY, MEX.—The United
States will blockade all Mexican ports
within two days, according to the de-
claration of Admiral von Hintze, of the
German legation. This announcement
has caused much excitement in Mexi-
co City.

Three hundred foreigners, including
many Americans, are being held in
jail by order of President Huerta. They
are charged with creating a distur-
bance in favor of General Carranza,
the constitutionalist leader, on
board the steamer Juarez.

Warned of Their Danger.
The homes of American citizens
were visited during the night by mes-
sengers who warned them of immin-
ent danger. As a consequence all
outgoing trains are filled with Amer-
icans and other foreigners who are
fleeing out of the country for their
lives.

A stupendous plot against the gov-
ernment, in which it is planned to
assassinate Huerta, is alleged by the
police, and many arrests have been
made. Before taking a steamer at
Vera Cruz for France, Manuel Garza
Aldape, who was practically ousted
from the Mexican cabinet, told some
of his followers that Minister Moheno
planned to poison the dictator. In
the conspiracy against the govern-
ment General Blanquet, minister of
war, is charged with planning to jail
Huerta and install himself as presi-
dent.

Huerta in Fear of Death.
In fear of death, President Huerta
ensconced himself in Chapultepec cas-
tle. About the castle are stationed
the troops of General Blanquet's old
regiment and Huerta is again virtual-
ly a prisoner of Blanquet.

The organization of the upper house
of congress has been completed,
enough of the clerical senators being
persuaded to attend the meeting to
make a quorum. All is now in readi-
ness for the formal opening of con-
gress on Thursday in absolute de-
fiance of the United States.

Word was received here that Joseph
H. Francis, of Chicago, former alder-
man and at one time a power in the

points of that city, was killed during
the battle between the federal and
the rebel forces at the capture of the
city of Juarez.

SCORE ARE DEAD IN A RAILROAD WRECK

Central of Georgia Train Goes
Through Trestle.

MONTGOMERY, ALA.—Twenty
persons were killed instantly and 100
injured when Central of Georgia pas-
senger train No. 18 fell through a
trestle four miles east of Clayton, Ala.

The train, carrying a large load of
people bound to the county fair at
Eufaula, was behind time and moving
rapidly. The engine and two coaches
passed over the trestle in safety, but
the remaining three cars went through
the elevated framework and were
wrecked.

One of the severely injured persons
is Jeff Clayton, brother of Congres-
sman Henry D. Clayton. He was
caught between two heavy timbers
and the flesh was lacerated so that
the bones were laid bare.

SPENCER IS GUILTY

Murderer of Chicago Tango Teacher
is Sentenced to Death.

WHEATON, ILL.—Henry Spencer,
who murdered Mrs. Mildred Al-
lison-Rexroat, the tango teacher of
Chicago, at Wayne, this county, last
September, was found guilty of mur-
der in the Du Page county circuit
court at 7:30 o'clock at night, and his
penalty fixed at death.

Last September Spencer engaged
the tango teacher to accompany him
to Wayne, by representing to her
that he had secured an engagement
for her to teach a class in tango dan-
cing to a club of young men at Whea-
ton. After leaving the train, Spencer
lured the woman down the railroad
tracks, where he shot her and robbed
her of a diamond and some money,
and placed the body in front of a
train which was then due.

KAISER PUTS BAN ON TANGO

Emperor Also Forbids Army Visiting
Where Latest Dances Rule.

BERLIN, GER.—Emperor William
has forbidden officers of the German
army and navy while in uniform to
dance the tango, the one-step and the
two-step, according to the newspaper,
the Salon.

The emperor also instructed the of-
ficers to avoid visiting families where
these dances are favored.

GENERAL NEWS.

WASHINGTON—Having now com-
pleted the currency bill and submitted
it to the president and to the Hitch-
cock wing of the banking and cur-
rency committee, Chairman Owen and
his five Democratic colleagues will
probably try to amend it to avoid a
contraction of the currency in local-
ties due to the transfer of money
from the present reserve centers to
the regional reserve banks. Senators
from the west and middle west have
been hearing many complaints as to
the disastrous results that may follow
the transfer of funds from reserve
cities where they are now held to the
regional reserve centers under the
new law.

WASHINGTON—The conference
between William Bayard and General
Venustiano Carranza at Nogales are
interpreted in official circles here as
the first open move by the United
States to show its interest in the con-
stitutionalist movement in Mexico.
No officials commented on Mr. Hale's
exact status, but on a previous oc-
casion, when he spent three months
in Mexico City gathering information,
President Wilson let it be known that
Mr. Hale was there as his personal
friend. Dr. Hale transmitted reports,
however, and took part in conferences
with John Lind and Rear Admiral
Fletcher.

LONDON—The militant suffra-
gette arson squads and bomb troops
were at work in several parts of the
British Isles early in the day. The
Cactus house at Alexander
park, Manchester, containing a col-
lection valued at \$50,000, was wreck-
ed by a bomb. Begbrook, a fine man-
sion near Bristol, was badly damaged
by fire. The Bowling and Tennis
club's house at Catford, southeast of
London, was burned down. On the
scene of all three outrages suffrage
literature and petroleum cans were
found, but no clue to the identity of
the criminals.

CHICAGO—Clarence S. Funk,
formerly the general manager of the
International Harvester company, has
announced a relentless campaign
against the real "principals" behind
the alleged persecution directed
against him and which resulted in the
trial and conviction of Attorney Dan-
iel Donahoe on a charge of conspir-
acy to defame Mr. Funk. He an-
nounced the offer of a reward of \$5,
000 for the arrest and conviction of
the men, or \$2,500 for the arrest and
conviction of either of them.

HOUSTON, TEX.—The big strike
of operating employes of the South-
ern Pacific lines in Texas and Louisi-

ana was ended by the railroad and its
employes accepting the proposal of
the federal board of mediation and
conciliation that the railroad meet
the committee of the four unions.
This proposal was sent from Wash-
ington by the board and stipulated
that in event of refusal by either party
the question should go before the
federal board for an attempt at set-
tlement.

WASHINGTON—Miss Jessie
Woodrow Wilson will be doubly hon-
ored by congress on the occasion of
her wedding on Nov. 25. Miss Wil-
son will receive a gift from each
house. A handsome silver set will
be the contribution from the senate.
The house will present a necklace
with a diamond pendant. Further
more out of compliment to Miss Wil-
son neither house will meet for busi-
ness on the day of the wedding.

NEW YORK—H. B. Hollins &
Company, one of the very oldest
banking houses in Wall St., failed
without causing a ripple of excite-
ment in the stock market or the gen-
eral financial community. The liabil-
ities of the house are between \$4,
000,000 and \$5,000,000. Free assets of
\$50,000 are known. How much the
assets amount to that are pledged as
collateral for loans the receiver for
the firm is unaware.

NEW YORK—The last will of
Charles A. Gates, who died suddenly
at Cody, Wyo., Oct. 23, leaves the bulk
of his estate in equal shares to his
wife, Mrs. John W. Gates, and his
mother, Florence Hopwood Gates. The
value of the estate is estimated at be-
tween \$2,000,000 and \$5,000,000.
Accordingly the two residuary lega-
tees will probably inherit over \$2,000,
000 each.

WASHINGTON—Senator J. H.
Lewis of Illinois took to the White
House a Chicago delegation who urged
President Wilson to appoint Henry
W. Huttman, a judge of the federal
court of appeals of the Seventh cir-
cuit. Senator Lewis is backing W. A.
Doyle, but took the delegation to see
Attorney General McReynolds also,
that they might urge their candidate.

ST. PAUL, MINN.—The charges
that the Volturro, transatlantic line,
which burned with heavy loss recent-
ly, was equipped with worthless life-
saving apparatus, are made in affi-
davit filed with C. E. Hamilton, Brit-
ish vice consul in St. Paul, by two
survivors of the ocean disaster.

LONDON ENG.—The Daily News
graph gives prominence to the state-
ment that the policy of noninterven-
tion by Great Britain in the Mexican
situation, outlined by Premier As-
quith in his speech at the Guildhall,
is the policy of every other European
power.

The Music of the Masters through the Kimball 88-Note Player-Piano

Close study of the best in music has re-
sulted in the growth of
fine musical temperaments. Comparatively few may attend the great
symphony concerts and hear our best orchestras. Bach, Beethoven,
Mozart, Handel, Mendelssohn, Wagner, Liszt, Chopin, are mere names
unless you know the beauties of a Mendelssohn Spring Song, Wagner's
glorious Tannhaeuser, the Chopin Etudes. The Kimball 88-Note Player-
Piano brings this influence into the home with an educational value
scarcely to be overestimated.
