

JUST THINK IT OVER

You are so very busy taking the 8:09 or the 10:33 into the City every day, looking over and selecting some of the wonderful things shown by the larger Chicago stores, that you forget all about what you really have here at home. The Store-windows of our Town here never looked more attractive and full of good things for Xmas.

Some of us object just a little to seeing Highland Park getting so Citified, but that can't be helped, there is a demand here for several fine Banks, for first class up-to-date Stores and Shops to carry the best there is (otherwise they would'nt be here.) People come to our Town and demand the best. There are plenty of cheaper places, but very few better. The Shop Keeper knows just what is expected of him and he does it and it isn't an act of charity to patronize him by any means, it is the duty of every one of us to buy what we can at home.

Marshall Field and the others along State St. are way beyond the point where they miss any of us if they don't put our names on the shipping tags, but it makes the greatest difference to the Home Merchant to be patronized at Xmas. Let the Joy which you are spreading, start at Home, show your appreciation of the efforts put forth by the men who are making those attractive Show-windows of our Town. Encourage them to keep on doing better in the way of the Goods they carry and the service they give. Take a walk through the Town this evening, along Central Ave. and St. Johns and see if you don't agree with me that we have a lot of wide awake Business Men and if you should happen to wander a little out of your way, around 2nd Street and Laurel Ave. take a look at one of the most complete assortments of Xmas Plants and Flowers. There is nothing like it in Chicago. Whether you want the Scotch Heather, the Japan Camelia, the English Holly, the French Begonia, the Belgian Azalea, the Italian Orange, the Jerusalem Cherry, the Norway Spruce in pots, the Chinese Primrose, the Holland Bulbstock, the Swiss Alpine Violet, the German Ardisia, the Russian Lily of the Valley or that great American Xmas Flower the Poinsettia, we have them, Blue Ribbon, Certificate of Merit and Silver Metal Stock. Bring your Cards and let us send one of these Messengers of cheer and Joy to your Friends on Xmas Morning; there is nothing which they could possibly appreciate more.

But even if you don't intend to buy come anyway, take a walk through the Houses, feast your eyes on all the beautiful children of Nature; they were created for no other purpose than to make this Earth a pleasant stopping place and as Man advances intellectually so do the Flowers advance in size, variety and color and the more man comes in contact with them the greater the influence for good there is awakened in him. Call up 85 and get acquainted.
