The "Judd" has a particular appeal to thinking people, who realize that a few extra dollars spent for any article that is decidedly better is money well invested. The "Judd" will stand the test of the most careful investigation, comparison and working trial. Others talk about the difference in price—we talk about efficiency.

Call and see the "Judd" on exhibition, and let me explain its various points of expert service. If not convenient to call during the day make an appointment for evening.
