

BAHR'S EDITORIAL

We stand for a Community House and every thing that goes with it, where all of us can meet and for a few Pennies listen to lectures on the most up-to-date Topics, Illustrated by the best moving picture machine in the Country, where we will be shown on the screen what is going on elsewhere in the world in Scientific Inventions for the betterment and forward march of Human progress.

We stand for a City Forester and in connection with this officer for a Municipal Nursery where all the kids of all our schools of the Town will have a chance for a few hours each week to exercise, to help develop a healthy body and in it a healthy mind, where every Inhabitant of the City can get at actual cost, Apple, Pear, and Cherry Trees, Fruit Bushes, Strawberry plants, or the young shade Trees needed to beautify the Home grounds or the Parkway. Don't say this isn't possible, for it is. We can have all these things if we want them and we, in the Nursery business now, will sell more than ever, where one Fruit tree is planted at present there will be 100 then and they will all live because the planter will know how to plant them and take care of what has been planted. The boys and girls will appreciate the wild flowers in the Ravines and the native Shrubs along the roadside and Skokie because they have been given a chance to learn to love them -- and so in a few years Highland Park will be more beautiful than Paradise ever was.

We also stand for a Municipal Spraying outfit to keep Insects, and Fungus away from the Shade and Fruit Trees of our Town, but for the present why not make use of ours, the Most Modern Gasoline Force pump on the Market. A dose of lime-sulphur Solution applied now will clean the Oaks, Elms, Maples or any other Trees of every Scale or Insect pest and help to produce a healthy clean foliage. The City of Chicago for the first time last Year sprayed just a few Trees and the City Forster Mr. Prost was so well pleased with the result, that every Tree in the many Chicago Parks this year is sprayed. Yes, thank you, we are all well again, in spite of the doctors, and the old man will be much pleased to talk to you over Phone 85 Why not get him now?

35 DEAD IN FIRE

Missouri Athletic Club Burns to the Ground.

SEARCH FOR BODIES DELAYED

Fire Breaking Out in Dining Room Destroys Missouri Sportsmen's home and Boatman's Bank—Property Loss About \$350,000—Many Jump from Windows—Dead and Missing.

ST. LOUIS, MO.—Between thirty and thirty-five dead is the estimate made by officers of the Missouri Athletic club here as the number who perished in the fire that destroyed the seven-story club building occupied by the club and Boatman's bank. About twenty-nine persons were injured.

The fire broke out about 2 o'clock in the morning and is still burning. Fire Chief Swingley said it would be unsafe to send any one into the ruins to search for the missing for some time.

The Known Dead.

The known dead follow: John M. Rickey, Chicago, treasurer and auditor Ford Manufacturing Company of St. Paul; A. J. Odegaard, Chicago, sales agent Railway Supply company; L. A. Ruff, St. Louis buyer for a wholesale hardware company; Edwin C. Kessler, St. Louis, cashier wire company, killed in leap from sixth floor; James D. Reilly, contractor, St. Louis, body identified by doorman of Missouri A. C.; unidentified man.

The man listed as unidentified may be William E. Erd, of East St. Louis. Letters in the clothing on the body were addressed to Mr. Erd. The body was identified also as that of Allen Hancock of St. Louis.

The Missing.

Following is a list of missing: James McGinnis, buyer for large St. Louis department store; Allen Dow, hoyer for large St. Louis department store; Bert Crouch, sales manager Western Electric company, St. Louis; Allen Hancock, typewriter salesman; William E. Becker, president of paint company; D. E. Fitzgerald, sales manager Pierce Oil corporation; John Retz, president of plumbing company; William J. Kinser, president construction company; Thomas Shyne, sales manager Underwood Typewriter company, Syracuse, N. Y.; William Shields, president I. y. company; Geo. Goerner, president of a large commission company; Dan Weatherly, salesman wholesale dry goods company; Thomas Wright, secretary of the Acolic club; J. L. Halbleu, Mar-

hammer, manager department store; J. E. Chesley, L. A. Tilley, C. E. Smith, O. E. Hunlke, D. E. Fitzgerald, Marshall Bier, local fur dealer; J. E. Chasoff, of St. Joseph, Mo., advertising manager for the St. Louis Republic; Frank W. Albright, traveling salesman; E. P. Williams, New York traveling salesman; Roby Green, Herin, Ill.; Burgess, guest of members; F. W. Williams, Norman Hancock, St. Louis; Wolfson, A. T. Rannus, Mount Vernon, Ill. Club Register Showed 135.

One hundred and thirty-five persons were registered at the club for the night. How many of these were in the building at the time of the fire is not known. Of those who were in the club thirty-five have been found.

The property damage is estimated at about \$350,000. In the vaults of the bank covered by the ruins are more than \$1,000,000 in currency and \$27,000 in gold. At daylight only part of the front and rear walls remained. The roof had caved in, carrying several floors with it, and the walls had collapsed from the roof to the ground floor, which is occupied by the bank.

When the firemen arrived on the scene the flames were shooting out of the roof and all the windows above the second floor. Men were jumping from windows and others were descending ropes made of bed clothes tied together. More than a dozen jumped several stories to the roofs of adjoining buildings and escaped with broken legs or less serious injuries.

Baseball Men Escape.

One of those who were in the club at the time of the fire, but escaped, is Walter Fricke, financial agent of the St. Louis Federal league baseball club. Hordecal Brown, manager of the club, remained at the club until a few hours before the fire was discovered.

The telephone operator, a young boy, remained at his post on the ground floor even after the firemen began pouring water into the building. Many of the guests credited their escape to him.

The fire is believed to have originated in the dining room on the third floor, although the police are giving some credence to the theory that safe blowers may be responsible, as two explosions were heard in the Boatman's bank.

Government of Japan.

The government of Japan is not an absolute monarchy, the mikado being largely responsible to the parliament and, to a degree, to the people back of the parliament. Under the mikado is the house of peers, composed of the princes of the blood and the nobility and the representatives of the vested interests, and the house of representatives, which is made up of some 350 members, representing the masses of the people.—New York Journal.

ILLINOIS NEWS NOTES

Owen Thompson for Senate.

SPRINGFIELD, ILL.—Owen P. Thompson, a member of Governor Dunne's public utilities commission, is the latest suggestion as a possible candidate for the Democratic nomination for United States senator.

Commissioner Thompson, while on the circuit bench in the Springfield-Jacksonville circuit, was at the forefront of every fight made by William J. Bryan against Roger C. Sullivan, and has been known as one of the closest personal and political friends in Illinois possessed by Mr. Bryan.

Train Time While You Wait.

SPRINGFIELD, ILL.—Every steam railroad in Illinois will be required after May 1 to maintain in each passenger station a bulletin board announcing the time of arrival and departure of every passenger train operated by it.

It also requires that every station agent shall post a bulletin at least thirty minutes before the arrival of each passenger train, stating whether the train is on time and approximately the time of its arrival.

To Head Student Troops.

URBANA, ILL.—Major F. D. Webster of the United States army, in charge of the University of Illinois Cadet regiment, has been named as commander of the military camp to be conducted by the government for middle western college students at Ludington, Mich., July 6 to Aug. 6.

Many students from Illinois and other institutions in this section have already applied to be enrolled for the encampment.

Miners Firm in Demands.

PEORIA, ILL.—The Illinois district of United Mine Workers voted to stand pat on the demands which miners in the central competitive field have made to the operators.

Among the resolutions was one aimed at Secretary McDonald because of his stand against Samuel Gompers at Indianapolis. The resolution protested that too much time was spent in personal attacks. Action was deferred later.

Man Shot by Son Dead.

JACKSONVILLE, ILL.—Antonio Nunes, who was shot by his son Frank a month ago, died at a local hospital. The son and his mother, who were arrested shortly after the shooting, are out on bail charged with attempt to kill, the mother as an accomplice.

The shooting was the result of a family feud.
