

ANNOUNCEMENT

THE RAVINIA NURSERIES beg to announce that they, having bought a new automobile truck, will be in better position than ever before to fill large and small orders. We have here-to-fore delivered our orders on wagons, which are necessarily slow, consequently the stock was exposed to the weather longer than is now necessary with our truck. It is a well known fact that the longer nursery stock is exposed to the air the less chance it will have to live. With our quicker transportation facilities we think that, without a doubt, we are better equipped to handle both large and small orders than ever before. Now is the time to order fruit trees and shrubs for the coming spring. Remember we do tree trimming and landscape gardening of all kinds. Ask for an estimate. A trial order will convince.
