A COLUMN FOR THE USE OF EVERY

EXPLAINS MR. GEISER'S

Member of First Ward Protest
association says They Nomin-
him and Gives Reasons
so Doing

Why Mr. Gieser was a Can-

I read with interest a short article in this column in which a writer protested against the conducting school elections and me view with sharper eyes the things that Saturday. In the politics that almost on top of the ball found men and women distributors and as they handed them was always this expression "Board's candidate, this is the want." Wandering into the stered over the term "the Board" and then I met a woman very angry because, she said, just heard Dr. Wolcott, secretary Board, tell a man he was endeavoring a helping vote from, itply must vote, "we can't do woman says the secretary told can't allow one of these other in." What "other fellows" and the secretary and his friends of them to get in? Later I lo when votes began to come I Gieser the "S. O. S." call had out by the Board members stationed at the depot to tell returning business men and that they must vote "for the B. didate." It is doubtful if any women had any reason for other than they had been asked Board member and it is also any of them ever even won Mr. Gieser was a candidate, same call, I was told, Mr. R. L. principal of the high school, Lake Forest where he rustled that elected "the Board's" can wondered why Mr. Sandwick so much interest in electing man; almost as great an interest displayed by Dr. Wolcott; does word fear that if a stranger go back he will find that Mr. administration does not prov par-excellent principal he sh view of the large salary he dr again I wondered, does Dr. W that if a stranger is put on there will be greater public Board's affairs, that the public greater knowledge of how its being spent? Here I remem all I had seen in regard to the ligs was a note in THE PRESS fact that the contracts had nothing was said about the how much the new buildings Whether this is the fault of the Board I do not know. I remembered the Lake Forest published by the "Board's" Mr. Hartman, who was a member Board at the time the contract I remembered that, this paper printed the amounts.

To those people who wish Mr. Gieser was a candidate, I that he was put forward members of the First Ward Association and their friends, long believed that the present tration of the High School grossly extravagant one and the methods pursued in regard buildings, in spite of the fact promise was made that the same buildings were to be en bond issue of \$200,000, were fact.

For the purpose of operating last year the Board asked \$60,000 and received \$55,000. phlet issued advocating the stated that it cost \$38,000 for purposes last year. This would cost of educating each of the enrolled about \$122.50. If amount expended by the Board, I do whether or not they spent it the cost would be about \$177 either sum as a basis for seemed to the men who ad Gieser's candidacy that, for expended and the number of rolled, the results obtained in of graduates, 37, was rather It is true that the charge of bringing out their candid made against these men, the attempting to "put one o Board" for that is just what doing and they feel that they the Board's own method. It seemed to be the policy of call its elections in as gentle possible, aside from a few In Press this writer saw no election whatever. Of course is not required by law to pu
