A COLUMN FOR THE USE OF EVERYBODY

(Continued from first page)

the secret manner in which the bids for the new buildings were opened, all local people being barred from the meeting, and in which the later business connected with the new buildings has been conducted, if the merchants of Highland Park or of Lake Forest either for that matter had wished to become disgruntled over the fact that they are not allowed to sell the high school board or its employees the material they need for the school they would have done so long ago. But we have heard only mild complaint over the fact that a Victrola, which is one price any place you buy it, was bought out-of-town; that a player piano, to entertain the pupils at lunch; that ink, stationery and other supplies; all of which could have been bought here as cheaply as in the place where it was bought, were and are being bought away from the place where the money with which they are bought comes from. In justice to the board perhaps we should state that we have only the word of local merchants for the statement that these goods could be bought as cheaply at home, but, in justice to the merchants, we should also state that they claim the board of late years has made no attempt to learn whether their statement is correct; local men they claim do not even get an opportunity to bid on supplies.

As to the charge of secrecy, we admit that, as we did last week, and again plead in extenuation that we were only using the board's methods. Since the election we have learned that there was a notice of it posted at the corner of Park Ave. and Sheridan Rd., probably for the benefit of the Elm Place school children.

Although we know nothing of the agreement to apportion the board members we believe that Shields should have 2, Deerfield 2 and West Deerfield 1, in spite of the fact that our action at the election belie our words. This action was taken because we felt that we needed immediate relief. When Mr. Harrison was first elected we thought that, being a newspaper man, he would give publicity to the board's actions but he failed and so we tried electing our own men later we would have been willing to elect a Lake Forest man in place of one of our representatives.

Regarding Mr. Sandwick In our article last week we stated that "we were told" that Mr. Sandwick went to Lake Forest and rustled out votes, and we thought our information reliable. Mr. Sandwick and several of his friends however have denied this. According to their statement what really occurred was that when the board discovered that there really was going to be opposition the secretary ordered an extra supply of Hartman ballots, this was about 3:10, and when they were delivered Mr. Sandwick, on the order of the board carried a supply of them to Lake Forest.

Trinity Church Notes

The annual meeting for the election of Wardens and Vestrymen for the ensuing year and for receiving reports of the year that is closing will be held in the Parish House on Monday evening, May 4th, at eight o'clock.

An effort will be made to bring all the parish together again on that evening, and in addition to the necessary business there will be a musical program and ladies will serve refreshments. It is hoped that all parishioners who read this notice will bear it in mind and reserve the evening.

It will probably be the last parish gathering before the summer vacation and it is hoped that it will be well attended. The men's committee of which Mr. Sandwick is chairman has been untiring in its work and to its efforts are largely due the fine congregations which have filled the church for the past three months. The other members of the committee are Mr. Merryweather, Mr. Nichols and Mr. Gerard Van Schaick, to each of whom thanks are due.

Since Easter the ladies of the choir have appeared in cottas, Oxford caps and Eton collars and ties. The improved appearance which their vesting gives to the choir has been generally commented on. This improvement has been made by means of the generous gift of members of the congregation.

NEED SUBSCRIPTIONS TO PLAYGROUND MUST HAVE TOTAL BY FIRST OF Committee has Best Part of Sum Promised. Meeting Monday. Decide on Extension of Option. A meeting of the Playground Association was held at the Highland Park Monday evening when reports from committee members seeking subscriptions were received. A meeting will next Monday evening at which expected the entire committee present since it is necessary to know by May 1st as to whether the property will be extended. Although practically all the reports of Highland Park have expressed themselves in favor of this public plan for a playground, there has been a request on the part of many for time to think the matter over before signing a subscription blank. As it is absolutely necessary to have the entire amount, \$5,000 subscribed before May 1st, the committee request that everyone interested in the plan will sign a subscription before time. The first payment (one-third of the subscription) is not due until May 1st and the balance any time before 1, 1915, or payments can be made by or otherwise to suit the subscriber. With payments coming in such stages it will be a pity if the plan for a playground, which is the Highland Park child's own opportunity of giving the children of the future adequate playground facilities escape them. Some years ago the question of the block from Sheridan Rd. to Ave. was considered and finally down. It is now seen that a great take was made and a greater one made if the present plan for a playground is allowed to fall through. The committee have not the idea of letting it fall through, but like the support of everyone in their endeavors to do a public spirited thing for the entire city. The Erskine Bank has just installed another large case of deposit boxes. If you are ready a renter, it would be apply early. Rent from \$3.00 to \$10.00 per year according to
