W. Central Ave. Highland Park Primrose League.

The Primrose league was formed in | 15. 1884 in memory of the late Lord Reaconstield, whose favorite flower the primrose is thought to have been. Ben constield died on April 19, 1881, and the anniversary of that day is termed "primrose day," when the dower is generally worn by his admirers and also placed upon his statue in l'artia ment somere. The loke of it is, the primpose was not the great statesman's favorite flower. It was however, the favorite flower of Queen Victoria, and when asked about the floral tribute to be sent to Beasonsfield's funeral she indvised sending "the primrose; my in vorite flower." In some way the matper got mixed up, and the detusion sprang up that materialized in the Primruse length - New York American

Persistent Carlyle. The father of Thomas enrivie was

stonemason and a good one, so his son said. The elder was as proud of his stone walls as was the son of his own "French Revolution" when he threw the complete manuscript on the table and said' something like this to his

There, let the world have it. I have put my best blood into it." But his partience and pride in his work was to receive a severer test. He lent the manuscript to a friend, who did not safeguard, it. As a result a servant threw it into the fire. The author was not mirthful by miture. yet be went cheerfully at his work

How to Glace Nuts.

again and for the second time put his

best blood into it - Boston Glibbe.

Glace nuts are always great favor ites: Use walnuts, filberts, almonds; Brizil nuts and pecuns. For the glace turn into an enameled saucepan one half pound of granulated sugar and one-half cupful of water. Boil until it threads, then add three tablespoon fuls of vinegar and bell again, removing from the fire the very instant it changes color. Dip the nuts as quickly as possible, let them dry and dip again and cool upon paraffin paper. If many nuts are to be dipped it is better to set the sirup into a larger vessel of warm water, so that it will not harden.
