HIGHLAND PARK DAY CELEBRATION AUG. 6

GOOD TIMES PLANNED FOR BIG DAY

Business Men's Association Called Special Meeting Tuesday Night. Committees Appointed. Invite your Relatives and Friends

Members of the Highland Park Business Men's Association met in a special meeting on Tuesday night to make arrangements for the fourth annual Highland Park Day. It was decided to hold this celebration on Thursday, August 6th. The business men plan to make this day as popular as the preceding celebrations and ask the citizens of Highland Park to invite out of town friends and relatives to come and renew old acquaintances. The following chairmen for the various committees were appointed: Music, Archie Johnson; Parade, S. A. St. Peter; building and grounds, Wilbur Clark; check room, Wm. Metzger; transportation, A. A. Moses; advertising, J. H. Duffy; finances, H. Denzel; decorations, Wm. Anderson; games, E. H. Purdy.

SUMMER ACTIVITIES AT MORAINÉ HOTEL

The Dance Every Saturday Evening, Commencing June 20th. Music by Krell and Spamer

During this season there will be the dance every Saturday, commencing Saturday, June 20th, from four to six-thirty o'clock, under the direction of Mr. Martin C. Carroll. Admission to these affairs will be free and residents of the North Shore towns are cordially invited. The regular dances will begin on Saturday evening, June 20th and will be given every Tuesday and Saturday evenings thereafter; the music of which will be furnished by Krell and Spamer. If weather permits, a floor will be laid on the tennis court and dancing will be enjoyed in the air on Saturday evenings. On the evening of July 3rd, the first open air vaudeville will be given and each alternate Saturday evening thereafter. Reservations may be made for tables by telephoning the hotel office.

CALLS BRICK BEST PAVEMENT

Evanson Index Points to Pavements Laid There 20 Years Ago

Brick pavements are coming to be recognized as the only useful thing in cities where there is much automobile traffic. Contractors say that very soon there will be nothing else. The experience of this city is very much in favor of the brick pavement and gradually macadam pavements are being supplanted by it. The brick pavements laid here twenty years ago are some of them in good condition now. The objections that they are too noisy for residence streets is partly true, but it is urged that so much of the present day traffic is rubber tired that the noise is not sufficiently great to outweigh the great balance in its favor on account of its wearing quality. It seems to be the only thing that will withstand auto traffic and heavy teaming.—The Evanson Index.

COUNTY MAY ERECT HOSPITAL

The Building According to Present Plans Would Cost About \$10,000

On Monday afternoon upon a visit to the Lake County Sanatorium County Physician Brown of Waukegan, unfolded to the members of the Sanatorium committee a plan of erecting a county hospital. As outlined this building would be three stories high with three wards and two rooms. The first floor would be devoted to the kitchen, etc., and the upper part to the hospital proper. The plan would be to care for the county's poor patients there, not those suffering of tuberculosis but those who have been cared for at the local hospital. The supervisors seemed pleased with the proposition. The building will cost about \$10,000.

LECTURE ON CHRISTIAN SCIENCE

Sunday Afternoon, June 14, at Ravinia Park Theatre at Three-Thirty O'clock

Sunday afternoon, June 14th, at three-thirty o'clock, at Ravinia Park Theatre, a lecture on Christian Science will be given by Judge Clifford P. Smith, C. S. B., who is a member of the board of trustees of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass. The lecture is free and the public is cordially invited to attend. The subject will be "Christian Science, Its Truth and Value."

THOMSON IN FAVOR OF WOMAN'S SUFFRAGE

WHY SHOULD WOMAN NOT HAVE VOTE?

It is True that all Elements that Live on Craft and Crookedness are Against Granting Women's Rights, says Thomson

By Chas. M. Thomson
I shall vote for this Resolution. When one reaches their majority and comes to the time when the rights of citizenship may be had, there is not one sound reason that I have ever heard advanced, why the question of the extent of those rights should depend upon the sex of the individual. The real question is not why should woman have the ballot. The question is why should she not have it. Think of the great number of women who earn their own living and the many who possess property. There is as much taxation without representation in denying them the ballot as there was in the tyranny against which the Boston Tea Party was directed in the dawn of our Nation's history.

The business of the government is very closely related to the business of earning a living and woman has the same right to a voice in the former as she has to participate in the latter.

Woman herself is not the only beneficiary of the granting of suffrage to her. Woman suffrage leads to the free discussion of public questions in the home and results in an increased interest in public affairs on the part of the men of the family and consequently raises the general level of intelligence on such matters. Many of the issues settled at the ballot box today involve moral questions. American womanhood will be found on the right side of every moral question.

If I had no other reason for favoring Woman Suffrage, I would be inclined to that position because of some of the forces that fight it so bitterly. Although it is true that some good people are opposed to it, it is also true that all elements that live on vice and graft and crookedness are against granting women the right to vote. It seems to me that should be sufficient reasons why every one who stands against those things should be in favor of giving that right to them.

One of the best arguments in favor of granting the right of suffrage to women is to be found in the testimony of men who come from states where the women have been voting for years. One of my colleagues in the House who comes from such a state, in speaking on this question recently, said, "while our experience has proven how ridiculous are the usual arguments against woman suffrage, it has also demonstrated the advantages and benefits which accrue to the community from and through the influence of women in elections. Our polling places have been entirely free from scenes of disorder. The standard of candidates and officials has been high. Our legislation has been advanced. The influence of women voters in the enforcement of law has been most marked and beneficial."

In the same connection another member of the House, made the following statement: "Out in Colorado we have learned that whenever we are battling for a good cause we may appeal to the women voters with confidence that their response will be prompt, vigorous and intelligent. The people of our state are so well pleased with the workings of equal suffrage that a proposition to deprive our women of the ballot could not secure five percent of the popular vote."

What better proof of the pudding can there be than the eating of it. At the municipal election held in Chicago last month, our Illinois women demonstrated that they will vote if given the chance and vote intelligently, as was particularly demonstrated in the vote of the women on the little ballot propositions. I could go on and cite other reasons why I feel I should vote for the Resolution in question and I know of none to the contrary.

GAS COMPANY CAUTIONS PATRONS

Will not Allow Anyone to Tamper with Their Meters

The North Shore Gas Company wishes to caution its patrons to be careful before buying or renting any appliance for which a claim is made to cut down the gas bill. They have been notified that a man is soliciting in Highland Park to install an appliance of this nature. They will not allow any one to tamper with their meters or regulators, and will not be responsible for any accident. They also wish to caution their patrons in having water heaters connected without flue pipe. The flue pipe is necessary on all water heater connections to carry out the carbon-monoxide which is as dangerous as the gas itself.

JOSEPH CAMERON SERIOUSLY INJURED

FALLS FROM ELECTRIC LIGHT POLL

Touched Live Wires and was Badly Burned While in Falling Broke His Jaw and Nose. Injuries Received Internally

Joseph Cameron, of North Green Bay Road, while repairing electric lights on Tuesday afternoon touched a live wire and was badly burned. The accident occurred about four o'clock on the corner of First St. and Central Ave. Mr. Cameron received six large burns about the left arm, leg and back, and when he fell, struck the ground and broke his jaw and nose and received terrible cuts about the face, and internal injuries. A special car was wired for by Ed. Maroney. He was taken to the Evanston hospital where he is under the care of Dr. J. P. O'Neill of this city. As we go to press Mr. Cameron's condition is improved and there is much hope for his recovery.

HOLDERS OF LUCKY NUMBERS

For Prizes Given Away by the North Shore Gas Co. on Saturday Night

Saturday evening marked the closing of the North Shore Gas Company's exhibition and demonstrations of various household appliances. Those holding lucky numbers and the articles won are as follows: No. 1222, Mrs. F. Mains, range; 1358, Mrs. W. E. Becker, water heater; 2676, E. A. Fletcher, water heater; 2000, W. E. Becker, water heater; 1359, Ed. Genz, waffle iron; 1443, E. G. Burrill, waffle iron; 1110, E. Heine, gas iron; 1082, F. Freible, gas iron; 1263, Mary Fay, gas iron; 1089, Mrs. M. Buck, Rutz gas lighter; 2047, Wm. Dorick, Rutz gas lighter; 3075, Oscar Maechtle, Rutz gas lighter; 1112, N. A. Aldridge, Rutz gas lighter; 2070, Mrs. McWain, Rutz gas lighter; 2797, E. Gurney, Rutz gas lighter; 3040, no name on account of stub being taken instead of coupon; 2089, Rutz gas lighter, no name on account of stub being taken instead of coupon, Rutz gas lighter; 2593, Mrs. E. Abbott, Rutz gas lighter; 1377, Oscar Maechtle, Rutz gas lighter; 2069, W. G. McLean, Rutz gas lighter; 1004, Mrs. Daniel Cobb, Rutz gas lighter; 1352, Henry E. Mason, Rutz gas lighter; 2029, B. J. Stevens, Rutz gas lighter; 1005, Richard Lawrence, Rutz gas lighter; 1342, Miss Marie Cawley, Rutz gas lighter; 2584, Mrs. H. D. Faxon, Rutz gas lighter; 1011, Fred Peuckert, Rutz gas lighter; 1095, Arthur St. Peter, Rutz gas lighter; 2541, V. L. Pansie, Rutz gas lighter; 2056, James Bowden, Rutz gas lighter; 2599, Frank Knuff, Rutz gas lighter; 2033, Mrs. W. R. Ruffner, Rutz gas lighter; 1211, Ed. Eichler, Rutz gas lighter; 3026, Henry E. Mason, Popular gas lighter; 1100, Alice E. Kurtz, Popular gas lighter; 2612, no name, on account of stub being taken instead of coupon; Popular gas lighter; 1368, O. B. Brand, Popular gas lighter; 1354, Mrs. H. E. Mason, popular gas lighter; 2692, Anna Bahr, Popular gas lighter; 3089, T. Clark, Popular gas lighter; 2527, C. P. Sullivan, Popular gas lighter; 2535, Mrs. F. B. Green, Popular gas lighter; 2049, O. E. Carmen, Popular gas lighter; 926, R. J. McKinley, Popular gas lighter; 2558, Mrs. E. Eichler, Popular gas lighter; 1217, F. P. Crawley, Popular gas lighter; 1328, Vida Fort, Popular gas lighter; 1092, W. E. Becker, Popular gas lighter; 1008, Mrs. H. Friebelle, Popular gas lighter; 2636, Sidney Magnuson, Popular gas lighter; 1400, E. Maechtle, Popular gas lighter; 1280, Catherine Fitzgerald, Popular gas lighter; 1401, Hilda Hoffman, Popular gas lighter; 1193, Mrs. O. B. Brand, Popular gas lighter; 2686, W. E. Brand, Popular gas lighter; 2752, Mrs. J. Mentzer, Popular gas lighter.

The articles must be called for within the week and those who fail to call will lose their prizes as other numbers will be drawn. The North Shore Gas Co. and the various appliance houses represented are very well pleased with the success of their exhibition and demonstration held here for the last two weeks.

Hydro-aeroplane transit line
Passengers Fly From Chicago to Lake Forest Beginning Yesterday for \$10 Round Trip
Beginning yesterday, June 10th, passengers are being carried from Chicago to Lake Forest by Jack Vilas and C. C. Witmer in their hydro-aeroplane for \$10 a round trip. The terminal passenger station for Chicago's first hydro-aeroplane transit line is Clarendon Beach on the north side, near Lincoln Park.

GRADUATION EXERCISES OF LOCAL SCHOOLS

TO BE CELEBRATED NEXT WEEK

Classes Seem Unusually Large This Year Compared with Previous Years Musical Program at Elm Place

Deerfield-Shields High School

Elm Place School

The exercises that mark the close of the school year begin tomorrow, Friday, with the annual school picnic on the Elm Place grounds. Lunch will be served in the usual way and a miscellaneous program of entertainments will be given in the auditorium. The proceeds from the sale of lunches, etc., are used during the year to furnish basketball outfits and other supplies for the athletic association. The annual exhibit of school work will be open to the public Monday afternoon, Tuesday afternoon and Tuesday evening of next week. On Monday afternoon at two o'clock the annual flag day exercises will be held on the school lawn. Wednesday morning at nine o'clock will occur the last morning assembly of the year at which time the class of June 1914 will give their class history and prophecy and honorable mentions will be awarded. On Wednesday evening, June 17, 7:45 o'clock, the closing exercises will be held. The class will present a musical program and Professor Rollin D. Salisbury of the University of Chicago will make a short address, this is to be followed by the presentation of diplomas by President John V. Norcross of the Board of Education. There are thirty-two graduating in this year's class.

"A REMINDER"

Little Slip Enclosed with the Monthly Statements from Telephone Co.

HIGHLAND PARK PRESS
Highland Park, Ill.

Dear Sirs:

I am enclosing a little slip labeled "A Reminder," sent by the Chicago Telephone Company. What do you think about this? Do you think that a public service corporation ought to send out statements on this order? Isn't this a case of "welled club." In view of public opinion, don't you think these people ought to be a little more politic in their announcements? It strikes me, that if the president of the Chicago Telephone Co. were to read it, that he wouldn't be pleased. Here it is:

"A REMINDER"

That this account is to be paid at our Central Office during the first fifteen days of the current month as explained in our announcement of May 1, 1914.

Chicago Telephone Company.

Very truly yours,
G. V. S.

THE OSSOLI CLUB WILL OPEN BEACH

FRANK McDERMAND BATHING MASTER

Will Open Monday, June Fifteenth. Hauling Sand is Prohibited. City to Keep Bluff Clean, Light and Police the Park

In response to the petition recently circulated and signed by over four hundred citizens of Highland Park asking that the Ossoli Club reconsider the question of closing the bathing beach for this year, we are glad to announce that the city council has made it possible for us to accede to their request and the beach will be open Monday, June the fifteenth. Capt. Frank McDermand, who has sailed the Great Lakes for thirty years and is thoroughly equipped to fill the post, has been engaged as bathing master and will be on the beach during the days and early evenings of the entire season to render such service as he can to the children. Considerable new apparatus has been ordered including more swings and beach umbrellas. Workmen are busy this week finishing and painting the new bath houses. There was some complaint last year of petty pilfering and in an endeavor to eliminate this, a number of lockers are being put in the bath houses for the use of which five cents will be charged.

Mrs. Hermann Thomas will represent the Ossoli Club as chairman of the beach. She will be assisted by Mrs. J. V. Norcross and the following committee: Mrs. John M. Tuttle, Mrs. A. J. Metzler, Mr. Charles H. Merritt, Mrs. Halsey White, Mrs. George A. Mason, Mrs. Richmond Dean, Mrs. John D. Ristine, Mrs. Arthur Moore, Miss Everett, Mrs. John F. L. Curtis, and Mrs. Marshall Sampell.

Three years ago the Ossoli Club originated the idea of taking charge of the beach. Hardly a summer had passed previously that the treacherous lake had not claimed some unprotected child. It was very apparent that no better civic work could be done by the women than to safe guard that shore. Single handed, we have financed, managed and chaperoned it as a party ground.

It is a serious business making the water's edge attractive, inviting the children down there and being responsible for every little soul that responds. The burden of this has been borne by a few unselfish women who have had much to contend with and who long since felt the need of civic help. Teamsters hauled sand from every place that they should not, undermining the buildings and making great sink holes in the best part of the beach. Picnic parties threw all their rubbish from the park above down the bluff and the winds scattered it over the sand. Reports were constantly coming in concerning the immoral conditions in the unlighted park. These wrongs were beyond our power to right. Naturally we turned to the city government for help and protection. We felt we were entitled to it.

When we asked the council to prohibit the hauling of sand from the Ossoli beach, to keep the bluff clean and to light and police the park, we were only asking their cooperation in the conservation of one of the greatest of Highland Park's assets, the health and welfare and morals of her young people. It is largely due to the untiring perseverance of Mrs. W. J. Fyffe that we have gained the recognition we hold today.

There is now a heavy fine for hauling sand from the Ossoli beach. There is a new drinking fountain in the park. There are men employed by the city to keep that park clean and prospects in the near future of better sanitary arrangements. There is an official order in the hands of the Public Service Co. to install the much needed lights and in every way possible the city fathers are endeavoring to lend their aid in bettering conditions on the lake front.

Our honest wish to give Highland Park the best equipped, cleanest and safest bathing beach that can be maintained. The council guarantees to give us the protection that is so vital to the life and success of that beach. With the spirit of comprehensive, good faith, we cheerfully take up the work. May the season be one of great recreation and benefit to all. LOUISE SEYMOUR JONES, President.

HIGHLAND PARK IN "MOVIES"

To be Shown at Highland Park Theatre, Thursday, June 18

Next Thursday afternoon and evening, the Highland Park theatre will present a film showing Highland Park in motion. Camera men have been here for the past two weeks taking all points of interest including the schools in their class and fire drills, the fire department making a run, the business section, incoming trains, etc.

ADJOURNED MEETING OF THE CITY COUNCIL

BUSY SESSION HELD TUESDAY NIGHT

\$1000 Turned Over to Street and Alley Committee for Oiling Streets. Other Important Proceedings

At an adjourned meeting of the city council Tuesday night an ordinance making appropriations for corporate purposes for the fiscal year was presented and passed, a copy of which appears on page three of this issue.

Alderman Obee moved, seconded by alderman Sheehan, that an ordinance be prepared providing for the construction of concrete sidewalks as follows: 500 feet on the west side of Glencoe Ave. north of Lincoln; on Broadway in front of lots 11 and 12, block 6, on Waukegan Ave., from Orchard St. to Moraine Rd.; to complete walk on west side of McDaniels Ave.; to complete walk on Dean Ave. between Bronson St. and Judson Ave.; on north side of Vine Ave. in front of lot 4, block 32 and on east side of Rice St. in front of lots 75 and 86. Motion carried.

Ald. Obee moved, seconded by ald. Sheehan, that the street and alley committee be instructed to proceed with the work of repairing street as recommended by the foreman of public works in a report to the city council under date of May 1st. Motion carried.

Ald. Obee moved, seconded by ald. Nichols, that the street and alley committee be authorized to procure signs lettered "School one block," "Drive Slow." Same to be placed within one block of all schools. Motion carried.

The street and alley committee were authorized to place a temporary island at the corner of Central and St. Johns Ave. and the Public Service Co. were instructed to place a red light at the corner of Green Bay Rd. and Vine Ave., also to place four incandescent lights in Lake Front Park.

Ald. Sheehan moved, seconded by ald. Moses, that \$1000 be appropriated for oiling streets and turned over to the street and alley committee with instructions to proceed with the work at once. Motion carried. The finance committee's recommendation regarding this appropriation was that \$750 be expended in the first and fourth wards and that \$250 be expended in the second and third wards.

Ald. Sheehan presented the following resolution: That \$30.00 be appropriated for the purpose of making the necessary repairs to the flag pole located at the corner of Sheridan Rd. and Central Ave. The matter to be referred to Mayor Hawkins with power to act.

Ald. Nichols moved, seconded by ald. Buckley, that the communication presented relative to placing speed limit signs at various street intersections be referred to the street and alley committee and police committee, jointly. Motion carried.

Ald. Peering moved, seconded by ald. Buckley, that the Chair appoint a special committee of three to adopt a building ordinance. Motion carried.

CONTRACT LET FOR SOUTH SHERIDAN ROAD
ACTUAL CONSTRUCTION TO BEGIN SOON
Firm of Goelitz and Johnson to do Work. The Road to be Completed Before End of Summer Season

The contract for building the Sheridan Road from St. Johns Ave. to Dean Ave. was let by the Board of Local Improvements on Tuesday the second, to the firm of Goelitz and Johnson. The road is to be of solid concrete and will be built under the direct supervision of the Portland Cement Co. On account of the importance of this piece of road the cement people as well as the contractors promise that it will be the finest sample of concrete road construction in the country and will be used as an advertisement for future work. The actual construction will begin as soon as equipment and material can be placed on the ground and it is promised that the work will be completed before the end of the summer season.

With the completion of this work, we will have a perfect road from the Naval Training Station through Lake Forest to North Ave. in Winnetka, a distance of seventeen miles, and it is hoped that the enterprise shown by Highland Park and Lake Forest will stimulate the towns further south into action and remove the disgraceful condition existing through Winnetka and south of that village.
