## LECTURE ON CHRISTIAN SCIENCE

JUDGE CLIFFORD P. SMITH, C. S. B.

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

A large crowd listened to a lecture on Christian Science at Ravinia Park Theatre last Sunday afternoon.

Subject: Christian Science: Its Truth and Value.

Judge Smith spoke, in part, as follows:

Christian Science is a way of living and thinking that finds its chief inspiration, its perfect illustration, as well as its complete proof in the teaching and example of Jesus. It reveals, strengthens, and develops the divine possibilities that exist latently in every man. It shows how to throw off the disabilities that have been imposed on man by ages of wrong thinking, and how to gain their true manhood.

The aim of Christian Science is not only to prepare people for a heavenly hereafter, but to transform their present experience into order and harmony. It declares that heaven, or harmony, is the present result of right thinking and right doing; it is the mental state that always accompanies the supremacy of Truth and Love in man.

### ITS OBJECT AND METHOD

Christian Science changes its students into better men and women, not only by giving them true motives, pure motives, and absolute ideals, but by discovering to them the deceptive nature of evil impulses and the source and power of good thoughts. In like manner this Science equips its students for the cure and prevention of disease. It teaches them to analyze the conflicting elements of human consciousness and to maintain the true sense of being against the false sense of disorder, thus destroying the essential cause of disease and establishing the conditions of health. So also the power of infinite Mind, acting with true thoughts, or truth, is found to be available in every case of human need. As the psalmist said: "His truth shall be thy shield and buckler."

Being compassionate, helpful, and spiritual, this Science is Christian. Since it is methodical, and calls for exact knowledge, and is based on Principle, this Christianity is Science.

Christian Science has now been taught and practised long enough for its effects to be observed in a very large number of cases. In this manner a great quantity of evidence has accumulated to prove that its effects are exceedingly wholesome. Consistently practised, it is conducive to health, moral as well as physical, with a corresponding degree of happiness.

Christian Science meets human needs; it does so in the way that promises to deliver humanity from the bondage of evil; and it proves that one person can aid another to gain his victory and freedom. Such being the case no one can afford to be either misinformed or uninformed concerning its truth and value. It will therefore be my effort to examine certain objections that are made against Christian Science and to illustrate its teaching on certain vital topics.

### JESUS NOT THE DEITY

Perhaps the most frequent objection is that Christian Science denies that Jesus is God; and what it does teach on this subject is of such vast importance to all mankind that I invite your attention to this topic especially.

The question whether Jesus is the Deity is, of course, an issue that ought to be settled by the Master's own utterances as they are recorded in the New Testament. The doctrine that would deify Jesus is within the scope of the subjects on which he spoke; therefore, if it were true, he would have confirmed it explicitly. His mere silence on such a vital point would be sufficient to refute the theory that he was God. But he was not silent; the record of his teaching authorizes, both negatively and affirmatively, the position taken by Christian Science.

Jesus was a man; acting within the range of what is possible for men, and it is for this very reason that he can be called the Savior of men. A just appreciation of what he was and what he did gives substance to what we may reasonably hope for. Christian Science thus honors Jesus as he wished, for he expressed the desire to be glorified, not to be deified.

On looking through the Gospels we

## HIGHLAND PARK NEED NOT HAVE MOSQUITOES

PROVIDING PUBLIC WILL FOLLOW RULES

Letter from Alderman Fearing Stating how it is Possible to Rid Our City of the Pest. Rules are few and Simple

Editor, Highland Park Press, Dear Sir:

Probably most of your readers will agree that there have been a good many mosquitoes around Highland Park during the last month or two, and as this condition seems to prevail in a greater or lesser degree every Spring, allow me to call attention to the fact that it is possible to rid our City of the pest, providing the public generally will follow a few simple rules.

One of my friends and neighbors has been good enough to bring to my attention a circular in relation to the extermination of mosquitoes, issued by the Department of Health of the City of New York. This report makes it plain that mosquitoes require for their development Standing Water.

Pools of rain-water and temporary accumulations due to building; pots, kettles, tubs, barrels of water and other back-yard collections should be drained, filled with earth or emptied. When drainage is not practicable, the surface of the water should be covered with a film of light fuel oil (or kerosene) which chokes and kills the larvae. One ounce of oil is sufficient to cover fifteen square feet of water. The oil should be renewed once a week during the warm weather.

The Health Department of New York states that the mosquito evil is preventable. It further states that such prevention is comparatively simple and not expensive, requiring on the part of householders and property owners only a reasonable willingness to cooperate with the authorities. The Health Department of Highland Park with the assistance of our citizens can accomplish similar results.

Respectfully yours, Joseph L. Fearing

## HALSEY SCHOOL BURNS TO GROUND

Origin of Lake Forest Fire not Known. Believed to Have Been Smoldering Several Hours

The J. J. Halsey school on Deerpath Ave., Lake Forest, was entirely destroyed by fire at 2:30 o'clock Tuesday morning. The building was better known as the West school and was erected at a cost of \$65,000 and carried an insurance of \$50,000. It is thought that the flames were smoldering for some time as the people in that vicinity could smell smoke for several hours previous, but were unable to ascertain from whence the odor came.

The fire department came almost immediately but they were handicapped by the lack of sufficient water supply as something had evidently gone wrong with the pumping service.

## VOLUNTEERS OF AMERICA WANT HELP

Save Your old Clothing and Magazines for this Worthwhile Institution

The Volunteers of America, as every one knows have done very good work and have given many old and poor people homes. In Chicago they operate a free manual training school with twelve instructors, an old ladies home, a nursery, at which last year they cared for 6,700 children, a Young Woman's Christian Home, and a factory. In Michigan near Benton Harbor they have a fresh air camp and during the year of 1913, gave 550 poor mothers and children a two weeks outing, free of charge. Save your old clothing and magazines for this earning institution. In another part of this paper you will find a local address to send old articles to and I am sure they will be much appreciated.

## MAN SERIOUSLY INJURED SATURDAY

C. M. E. Struck Automobile, Man Taken to Ft. Sheridan Hospital

On Saturday afternoon at the Roger Williams Ave. railroad crossing, a machine was hit and badly broken by a south bound C. M. E. car. The chauffeur, who is a colored man was thrown several yards and hurt internally while the car was smashed almost beyond repair. The man was taken to the Ft. Sheridan Hospital where it is hoped he will recover.

## WILL START BUILDING BOAT HOUSE

May be Completed Within Four Weeks. Time. Foundation Finished

Mr. W. E. Cummings of Highland has just finished the pile driving for the foundation of the Life Saving Crew's New Boat House and as soon as the lumber arrives, Mr. Fred Clow, contractor, will commence work on the building. It is promised that the building will be completed in a course of four weeks time.

## THOMSON OPPOSED TO WEBB AMENDMENT

ORGANIZATIONS HAVE RIGHT TO EXIST

Opposed to Such Wholesale Exemption of These or any Other Organizations or Individuals of the Antitrust Laws

By Chas. M. Thomson

The three administration antitrust bills are being considered in the House this week. One of the important questions involved in this legislation was contained in what was known as the Webb Amendment to Section 7 of the Clayton Bill. That amendment provided that fraternal, labor, consumer, agricultural and horticulture organizations, orders or associations and members thereof shall be exempt, from the operation of the antitrust laws. I did not support the amendment.

I am opposed to any such wholesale exemption of these or any other organizations or individuals from the anti-trust laws.

These laws, as now construed by the courts, prevent organizations of labor from doing certain things that I believe they ought to have the right to do under the law. A strict interpretation of the law might threaten the very existence of such organizations. In those respects the law should be changed. Organizations of the kind mentioned in the amendment have a right to exist. They have rendered a great service. They have a field of activity which is proper, is needed, and in exercise of which the law should protect them.

But also the anti-trust laws operate to prevent these organizations from doing certain other things that I believe they ought not to have the right to do under the law. The Webb Amendment did not distinguish between these two classes of acts which such organizations indulge in, but with one stroke exempt from the law entirely.

It seems to me that a proper amendment would have been one seeking to take out from the operation of the law, not certain kinds of organizations, but the doing of certain acts. It is the act itself that should be the criterion. Certain acts should be permitted and others prohibited and the law should apply to everybody and to all kinds of combinations. But to me it becomes unwarranted class legislation when we prohibit the doing of certain things by law and then provide that certain persons or combinations of persons shall not be bound by that law.

Labor organizations have long been seeking equality of treatment with organization representing the other end of the economic structure. I think they should have that treatment and am willing to do all I can to give it to them. But why they should have more than that I fail to see. I am just as much opposed to creating a privileged class out of any of the kinds of organizations specified in the Webb Amendment as I have always been to creating a privileged class out of organizations of capital. One practice is just as vicious as the other.

The antitrust laws relate to combinations of persons, not of capital nor of labor as such, and to certain acts by those persons. Capital in itself can do nothing nor can labor. It is with the owners and the manipulators of these things and the way in which those owners use these things, as distinguished from the things themselves, that the laws should have to do.

If exceptions are to be made to the antitrust laws, it is the acts proper in themselves, that should be expected from their operation and the laws, with the exceptions adopted, should apply to everybody and every kind of organization. But in excepting certain organizations and classes of individuals from the operations of the laws, not only acts proper in themselves, such as secondary boycott, are legalized.

Being opposed to such an exemption from the laws or to any provision which might be so construed, I voted against the amendments in question.

## LOCAL REAL ESTATE TRANSFERS

Property Exchanges Recorded During Past Two Weeks

Daniel Garrity and wife to C. O. Christman, east 50 ft lot 16, blk 13, Highland Park. W. D. \$3000.00.

Ellen N. Congblin to Lillian G. Beardsley, 10 acres in S W 1/4 Sec 27, Deerfield Twp. W. D. \$10.00.

H. A. Wrenn and wife to Ethel W. Troxel, west part lot 9, blk 39, Highland Park. W. D. \$10.00.

R. W. Hawkins and wife to C. A. Pfanzstiel, lot 2, Hawkins sub in blk 34, Highland Park. W. D. \$4953.00.

Catherine Bock to Halbert Handelan, part lot 12, McDaniel's sub, Highland Park. W. D. \$100.00.

## BOTH LOCAL TEAMS WIN SUNDAY'S GAME

SNAPPY GAMES SCHEDULED THIS WEEK

Crescents Dedicated Their new Grounds. Call it Crescent Park. Regulars Meet the Strong All Chicago Team Sunday

By "Crescent Fan"

The Crescents dedicated their new baseball field last Sunday in the presence of about 300 fans, with a 7 to 4 win over the Evanston Shamrocks. After the first two periods, during which Evanston accumulated a 3-run lead, the locals had things pretty much their own way. Still the losers fought stubbornly and forced Howard Flinn's team to battle for all its points.

For a couple of innings Johnson, who worked behind the bat for the Crescents, had considerable difficulty in holding Potter's sharp and speedy hooks, and the visitors proceeded to lay in a store of runs while the harvesting was good. As the game progressed, however, the backstopping improved, and Ralph, backed up by his stalwart infield, began moving the Evanston batters down in monotonous fashion.

Only six safe cracks were meted out to the losers, one of them a scratch, four dinky taps just out of reach of the infielders and just one a healthy wallop—a liner over Richards' head. The home team, on the other hand, corralled nine safeties, two of them doubles.

Jimmie Duffy, who cavorted in right field, was the first to get a hit, and the crowd, Jimmie was restless and impatiently sniffing the ozone-laden outfield air, when bingo—the first Evanston lad up slipped one out over his coasts, a shot that he gathered in with one paw. This catch proved to be the fielding feature of the game.

The Crescents were content to play a waiting game at bat, hitting only when compelled to do so. By working this system they enjoyed Russ and Osborne, the two Evanston twirlers, into giving seven free trips, four of which were converted into runs. The locals pulled off a pretty squeeze-play in the fourth with Richards at bat, Flinn on third, and Heilman on second. Joe laid down a perfect bunt, Howard scored easily, and on the play to first Dutch also tallied.

Many favorable comments were heard from the spectators regarding the new grounds and the accommodations offered the fans. The location of the grounds, in the first place, made a hit because of its cheerfulness. The grandstand seats and the box seats are comfortable and well shaded. All the grandstand seats will be covered with heavy water-proof canvas, which will make them sliverless and pitchless and easily kept clean. The diamond was in dandy shape Sunday and is lightning fast. Taken all in all, the Crescents' new grounds, or Crescent Park, is a vast improvement over the old grounds.

R. H. E. Evanston 2 1 0 0 1 0 0 0—4 6 3  
Crescents 0 2 4 0 1 0 0 x—7 9 3

Next Sunday the Crescents take on the Grant Park at Crescent Park (the new Lincoln Ave. grounds). There are several good entrances to these grounds, one on Lincoln Ave., at the head of Glencoe Ave. and just east of Bahr's Nursery; another on Green Bay Rd., just south of Bahr's Nursery; and still another, which is about 400 ft. south of the last named. Autos may be driven right into the grounds.

There will be one or two chances in the local lineup next Sunday. Johnson, who was tried out behind the bat last Sunday will be supplanted by one of the best-known catchers in the Chicago semi-pro ranks. The addition of this clouting receiver will give the Crescents six men who can wallop the pill at a gate of well over 300.

By "Regular Fan"

The Regulars won a one sided game Sunday afternoon from the Jefferson Grays by a score of 18 to 1. In only one inning did they fail to register a tally. It was a disappointment to the locals as they expected to be pushed hard, the Grays having a reputation as ball players. Manager Maroney is fortunate in obtaining the services of the two star players from Deerfield, namely: Hutchison, who will cover the first base territory and Pettis who can play second in good form. Harry Ohlstrom, who has been playing first will again break in as a pitcher. His arm is feeling great he says and feels confident of delivering the goods for the Regulars. Harry used to pitch three years ago and when he is right, he is invisible. He tried out with the Cubs at one time and was on the squad for some time.

The locals regret to lose the services of McDade who did justice around the keystone sack for the Regulars, but owing

(Continued on page 5)

## RAVINIA PARK WILL OPEN SAT., JUNE 27

EXCELLENT PROGRAM IS ARRANGED

The Chicago Symphony Orchestra to Open Season. Ruth St. Denis to Appear every Evening for First Fortnight

On Saturday evening, June 27th, the beautiful Ravinia Park will again open for the summer with the Chicago Symphony Orchestra, under the leadership of Mr. Frederick Stock. A most attractive program has been arranged. Miss Ruth St. Denis will again appear, having her own conductor, Mr. Steed Roth, and will be assisted by Mr. Ted Shawn, premier danseur, and Miss Hilda Beyer. These noted dancers will appear every evening for the first fortnight. The musical program will be as follows:

SATURDAY, JUNE 27TH.  
Evening at 8:15.  
Part I.  
1. Neapolitan Scenes.....Mussini  
2. Andante from Symphony No. 5.....Tschalkowsky  
3. Hungarian Rhapsody No. 2.....Liszt  
RUTH ST. DENIS,  
assisted by  
TED SHAWN and HILDA BEYER  
In Repertoire.  
Intermission.  
Part II.  
4. Overture, "Mignon".....Thomas  
5. Adagio Pathetique.....Godard  
6. Concerto Waltz in D.....Glasounow  
SUNDAY, JUNE 28TH.  
Afternoon at 3:00.  
Part I.  
1. March, "Tannhauser".....Wagner  
2. Overture, "Figue D'Amour".....Suppe  
3. Serenade.....Schubert  
4. Allegretto from "Hanna" suite.....Bisot  
5. Suite "Peer Gynt," No. 1.....Grieg  
6. Nocturne  
7. Andante from "The Mountain King"  
Intermission.  
Part II.  
8. Overture, "Orpheus in Hades".....Offenbach  
9. Andante Cantabile for Strings.....Tschalkowsky  
10. Tarentelle from "The Costume Ball".....Rubinstein  
SUNDAY, JUNE 29TH.  
Evening at 8:15.  
Soloist: Mr. Harry Weisbach.  
Part I.  
1. Overture, "The Bartered Bride".....Smetana  
2. Souvenir.....Schubert  
3. Solo for Violin, "Elegance".....Sarasate  
RUTH ST. DENIS,  
assisted by  
TED SHAWN and HILDA BEYER  
In Repertoire.  
Intermission.  
Part II.  
4. Irish Rhapsody.....Herbert  
5. A. To a Wild Rose.....MacDowell  
6. Menuet.....Beethoven  
7. Waltz, "Elegance" from "The Vienna Woods".....Joh. Strauss  
MONDAY, JUNE 30TH.  
Afternoon at 3:00.  
Part I.  
1. Overture, "Hosannae".....Schubert  
2. Symphony C Major, "Jupiter".....Mozart  
3. Allegro  
4. Andante  
5. Scherzetto  
6. Molto Allegro  
Intermission.  
Part II.  
7. Petite Suite.....Debussy  
8. A. Entr'acte  
9. Cortège  
10. Menuet  
11. Ballet  
12. Love Song  
13. French Military March from "Scenes in Algiers".....Saint-Saens  
MONDAY, JUNE 30TH.  
Evening at 8:15.  
Part I.  
1. Symphony No. 1, B Flat.....Schumann  
2. Andante-Allegro  
3. Scherzetto  
4. Scherzo  
5. Finale  
RUTH ST. DENIS,  
assisted by  
TED SHAWN and HILDA BEYER  
In Repertoire.  
Intermission.  
Part II.  
6. Overture to a Comedy, Scheinpfung  
7. Prelude, "The Afternoon of a Faun".....Debussy  
8. Five Hungarian Dances.....Brahms-Dvorak  
TUESDAY, JUNE 30TH.  
Afternoon at 3:00.

1. Overture, "The Secret of Spain".....Wolf-Ferrari  
2. Symphony, "Oxford" G Major.....Haydn  
3. Adagio-Allegro spiritoso  
4. Menuetto  
5. Presto  
Intermission.  
Part II.  
6. Scenes de Ballet, Opus 52, Glasounow  
7. Froehliche  
8. Dance of Marionettes  
9. Mazurka  
10. Scherzetto  
11. Pas d'Action  
12. Oriental Dance  
13. Waltz  
14. Polonaise  
TUESDAY, JUNE 30TH.  
Evening at 8:15.  
Ball Room Night Program.  
Part I.  
1. Overture, "El Ballo".....Sullivan  
2. Three Dances, "Henry VIII".....German  
3. Scotch Dance  
4. Schubert's Dance  
5. Torch Dance  
6. Dance of Peasants  
7. Waltz  
8. Polonaise  
RUTH ST. DENIS,  
assisted by  
TED SHAWN and HILDA BEYER  
In Repertoire.  
Intermission.  
Continued on page 5

## GARDEN PARTY FOR ARDEN SHORE CAMP

TO BE HELD THURS. EVENING JUNE 25

At the C. T. Boynton House on S. Sheridan Rd. The Program Includes Cards and Dancing. Refreshments will be Served

On the evening of Thursday, June 25th a Garden Party is to be given at the residence of Mr. and Mrs. C. T. Boynton for the benefit of Arden Shore Camp. The splendid work of this Fresh Air Camp is well known along the North Shore. In the summer, vacations of two weeks duration are given to mothers and children. The attendance last season having been over 1400; while in winter the grounds and equipment are used as a convalescent home for men and boys, which is as yet the only place of the sort in America. During the past winter 63 patients were cared for. A large part of the money for the maintenance of the camp is raised by entertainments, so it is hoped that there will be a good attendance at the Garden Party. There will be dancing on an out door canvas floor, and card tables will be provided for those who do not wish to dance. Refreshments are to be served and the grounds will be attractively lighted. In case of rain on Thursday evening, the party will be postponed until the following night, Friday, June 26th.

## HIGHWOOD SCHOOL CLOSING PROGRAM

Six Pupils Graduated on Tuesday Evening Before Large Audience

The graduating exercises of the Highwood school were held Tuesday evening in the school house before a large audience. There were six graduates, Ellsworth Miller, Olga Kehrwald, Peter Rettig, Mabel Anderson, Bernard Seigle and Hazel Smith. Mr. Simpson, County Superintendent of Schools was to have been present but he found it impossible to come. However, he sent Mr. Peter Jorgenson of the Lake County Bar, who gave a splendid talk to the graduates. During his talk he complimented Olga Kehrwald on her scholarship, she having stood fourth in the county on Mr. Simpson's final examination.

The following program was given in a very creditable manner:

March.....Eleanor Bartlett  
Song—"Questions".....Girls' Chorus  
Address of Welcome.....Hazel Smith  
"The Blue and the Gray".....Ellsworth Miller  
Jazz History.....Peter Rettig  
Piano Duet.....Eleanor Bartlett  
Pearl Garity  
Looking Into the Future, Mabel Anderson  
When the Green Gills Eack in the Trees".....Bernard Siegel  
Piano Solo.....Hazel Smith  
Vaudeictory.....Olga Kehrwald  
Address.....Mr. Peter Jorgenson  
Presentation of Diplomas.....O. S. Gooch,  
President of Board  
Song—"Indian Lullaby".....Girls' Chorus  
School Picnic

The school picnic on Friday was a great success. It was held in Ft. Sheridan Park and every boy and girl in town was there enjoying everything to the utmost. The refreshment stand, usually the most popular place at a picnic, was doubly so this year on account of the liberal contributions of the Board of Directors and the merchants of the town. The ball game between the school team and a picked nine, while rather one sided, proved very interesting and the running races created much enthusiasm.

## LADIES TO GIVE LAWN SOCIAL

On Wednesday, June 24th, for the Benefit of St. James' Church, Highwood

The ladies of St. James' Catholic church, Highwood, will give a lawn social at the home of Mr. and Mrs. Vencil Muzik of No. First St. on Wednesday, June 24th. A pleasant program has been arranged by the ladies and with Miss Rose Fagan as chairman of the amusement committee, a good time is assured. From three until seven o'clock games of all sorts, and refreshments are planned for the children; while supper will be served from five o'clock on until all who wish it have been served. Dancing in the open air will be one of the largest and probably most popular features of the evening.

## REV. DR. HERMAN PAGE WILL PREACH

At Trinity Church Sunday Morning at the Eleven O'clock Service

The Rev. Dr. Herman Page, rector of St. Paul's Church, Kenwood, will preach in Trinity Church on Sunday morning, June 21st, at the eleven o'clock service. Dr. Page has many friends in Highland Park who will be glad to greet him.
