A word with you if you please Mr. Head of the House

☐ The work of the office, the store, or the shop is hard, but after all it's a pleasure, because your heart's in it and you tackle it with a higher degree of strength.

☐ There is likewise a good deal of work in the home that's pleasant.

☐ But there's one indispensable job there, which for thousands of years — as long anyway as people have worn clothes — has been performed by the women of the species. Your business establishment if its in the race at all is modern and therefore wouldn't tolerate anything so crude, so wasteful of energy, as the backbreaking, nerve wracking operation of doing the family washing as it is done in millions of homes every week.

You'd have a machine to take over such drudgery in your business.

☐ There's a machine to take over the family washing — the

Electric Washing Machines

☐ It's one of the most remarkable examples of simple mechanical principles that you ever saw. It's efficiency is such that all that is necessary is to put in the clothes to be washed, run in some water, add some soap, turn the switch that starts the motor and then just look on.

☐ The record shows that the perfection of the machine and its work make such an appeal that 85% of sales are made to men.

☐ We are having a sale of Electric Washing Machines this month — an extraordinary sale which comes to an end June 30. We are selling the

Standard Types of Electric Washing Machines

at prices ranging from

\$50 to \$135

Terms of sale. \$10 down
Balance in monthly payments

☐ In addition you will receive a credit of \$5 on the first payment until the sale closes — observe the date — June 30, if you present the certificate we have mailed you.

Two weeks free trial of the machine in your home if desired

Special Assessment Notice No. 59

Notice is hereby given to all persons interested that the City Council of the City of Highwood, County of Lake and State of Illinois, have ordered that a cast iron lateral main water supply pipe four (4) inches internal diameter be constructed and laid in, along and under a portion of North Ave., connecting with the present water main now laid in Palmer Ave. and running thence easterly for a total distance of two hundred ninety (290) feet, to be laid on the northerly side of North Ave. together with one two (2) inch shut off valve and special castings, all in the City of Highwood, County of Lake and State of Illinois. The ordinance for the same being on file in the office of the city clerk of said city and having applied to the County Court of Lake County for an assessment for the cost of said improvement according to benefits and an assessment roll having been made and returned to said court the final hearing thereon will be had on the 5th day of July, A. D. 1914 or as soon thereafter as the business of the court will permit.

Said assessment is payable in two installments with interest at the rate of five (5%) per centum per annum on all installments from and after date of issue of first voucher. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

FARNHAM A. HUDSON

Person appointed to make said assessment. Dated at Highwood, Illinois, June 18, A. D. 1914.

The Isle of Pines United Land Companies

A Corporation Organized under the Laws of Iowa

Capital Stock, Fully Paid, \$250,000.00

Robert Irwin Wall, President Clement J. Wall, Sec'y. and Treasurer

The Largest Land Owners on the Isle of Pines

Among its very extensive holdings are over one thousand (1000) acres of the choicest and best located land on the San Juan Estate. It should be borne in mind that the San Juan Plantation is a very large one, the western boundary being within two and one-half miles of the town of Santa Fe and extending ten miles east to the sea. The western part of the San Juan Plantation adjoins the famous Santa Fe Estate, a property standing in a class by itself. The San Juan land, owned by this company, is the pick of the tract, having been selected from practically the whole of the tract and was personally examined, selected and purchased by Robert Irwin Hall, president of the Isle of Pines National Bank & Trust Co., through whose hands and ownership over one-fourth of all the land on the Isle of Pines has passed, and who is recognized as the best posted man on Isle of Pines soils on the Isle.

The Isle of Pines United Land Companies owns some exceptionally good San Juan land located between but two and a half to three miles from the town of Santa Fe, and I offer this land for sale in tracts of ten, twenty or forty acres at a price of fifty dollars per acre. Will sell on deferred payments if desired.

Write or call for beautifully illustrated literature describing the Isle of Pines, its magnificent climate, its wonderful health features and great natural advantages over Southern California and Florida for the very profitable growing and marketing of grapefruit, oranges, lemons, pineapples and winter vegetables.
