REAL SATISFACTION

You must use Nu-Finish to have real 'dusting satisfaction'. You cannot get Nu-Finish results without Nu-Finish. Every user becomes an enthusiast. A trial will convince you it has no equal.

is a marvelous dusting-cleaning, polishing liquid. With it you just dust in the usual way, but what a difference! No dust flying in the room to settle down again. Every speck is taken up and taken out—no just stirred up. And, at the same time, with no extra work, your furniture, woodwork and hardwood floors are cleaned and polished. Try a 25c bottle.

Electric Irons are Inexpensive

They cost only \$3.50; and they use up only about 3c worth of current an hour. Then, too, you can do your ironing quicker—you save the time changing irons. No fire needed. An electric iron cuts out that trouble and discomfort. Iron anywhere—on the porch or wherever there is an electric socket. Simply attach the cord and in about five minutes the iron is hot—and stays hot.

Swedish Lutheran Church

CONTRIBUTED The Swedish Lutheran congregation of Highland Park is greatly hampered in its progress because it lacks a church home. When a mission is started the people need to assemble as frequently as possible in order to become well acquainted. Social intercourse has a tendency to bring about a feeling of fellowship, and when this is based on common traditions, religious, social, and historic, an organization will result which will become a power in the community. If the result of such social intercourse is a religious organization, the benefit to any community is of the greatest value, and of course those affiliated with the same are the greatest beneficiaries. There is both room and need for a strong Swedish Lutheran church in Highland Park, and by the help of God and generous friends there will be one in the near future. The congregation is small as yet, but it is growing and gaining momentum every day. Highland Park is the logical center for a Swedish Lutheran church whose parish would extend from Winnetka to North Chicago. This is a great field for a great work, and well worthy of the support and ambition of the people.
