

# The Pleasure in Planting

Have you ever considered what a lot of real pleasure you can get out of the planting of Trees, Shrubs, Evergreens and Flowering Plants? There is nothing you can purchase for money which can be compared with it. You can buy a horse, an automobile, fine furniture or a good carpet, all of which are very well to possess; but they usually don't increase in value after you have them. The anticipation of getting them is usually as great as the actual possession.

Not so with the little Elm or Maple; planted, it will grow more beautiful and develop into a stately tree as the years go on, if I had my way I would have every boy and girl plant a couple of small trees each year up to the time they go out into the world, let them come back in years after and behold the results.

There isn't a suburban home ground too small where there can't be found room for beautifying by the planting of Trees, Evergreens or Shrubs, with an outlay of a few dollars and just a little care a Bridalwreath, Spiraea, a Honeysuckle Bush or a Sweet Syringa will generously respond with a wealth of Foliage and Hundreds of Flowers, isn't that worth while?

Who is there not benefitted by coming in contact with nature's great outdoors? To behold any plant full of life, see it thrive and grow, to watch the germinating of a seed and have it develop into tall spreading branches of leaves and Flowers or to plant a Bulb in the fall and have it bring forth a beautiful Tulip or Daffodil is all wonderful to say the least, and the men, women, girls or boys who are either deprived of such companionship or don't care for it are indeed to be pitied; they are not getting out of life what is really due them.

If we, here, with making all this weekly noise are just waking up someone, we are surely doing a whole lot of good, and we shall keep on hammering and while we do it principally to get new business we are helping others, those who don't advertise, but that is all right. We don't want all the business but let us have a part of your orders.—We are really deserving of it—a Nursery full of fine Shrubs and everything good in Hardy Flowering Plants, a small army of trained men, they have been with us ever so many years, many thousands of Spring Flowering Bulbs ready to plant, all this in connection with a life long experience and a sincere desire to please you, ought to be well worthy of your consideration—so when in need of us just call 85 and let us help you get started.
