Attend the Mass Meeting at the Elm Place Auditorium Tonight

A LECTURE ON CHRISTIAN SCIENCE

BY MR. VIRGIL O. STRICKLER, C. S.

Delivered at The First Church of Christ, Scientist, Highland Park, Monday Night to an Overflowing Audience

Mr. Oliver S. Brown in introducing the speaker spoke as follows:

The first sentence of Chapter XI of "Science and Health With Key to the Scriptures," by Mary Baker Eddy, reads: "The strictures on this volume would condemn to oblivion the truth, which is raising up thousands from helplessness to strength and elevating them from a theoretical to a practical Christianity."

Our very presence here tonight testifies of two things. Some of us want to hear and know of this truth, to gather something of its principle, its meaning, its methods, its results. Again, for some of us who have already tested and proven the power of Christian Science as practical Christianity, this gathering is an expression of gratitude, not only for the discovery and reannouncement of demonstrable Principle, but for the wisdom and foresight that has established The Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., of which Board the lecturer tonight is a member.

From this lecture we shall learn something of how the discovery of Christian Science was made in this our own time by one of the most unselfish and spiritually minded characters of this or of any age. And, to quote again from Science and Health, we shall learn something of how "One Infinite God, good, unifies men and nations; constitutes the brotherhood of man; ends wars; fulfills the Scripture, 'Love Thy Neighbor as Thyself'; annihilates pagan and Christian idolatry, whatever is wrong in social, civil, criminal, political, and religious codes; equalizes the sexes; annuls the curse on man, and leaves nothing that can sin, suffer, be punished or destroyed."

But that we may not longer delay the lecturer's message, it is my great pleasure to introduce Mr. Virgil O. Strickler, C. S., of Brooklyn, N. Y., who will speak to us on the subject of "Christian Science."

It is undeniable that Christian Science has healed many sick people and has brought about the regeneration of many who were the victims of sin. Among its membership are those who have been healed of intemperance, of so-called chronic and organic diseases, as well as of maladies that were acute or functional. It has healed others of sorrow, fear, unhappiness and similar diseased mental conditions that often cause more suffering and distress than physical disorders.

In every case of Christian Science healing, whether the disease was chronic or acute, physical or mental, the cure was brought about without the use of hypnotism, mental suggestion, drugs or any material means, and entirely through the application of the spiritual and metaphysical teachings of Christian Science.

The healing of the sick, however, is not the primary purpose of Christian Science. According to the teachings of this Science all sickness and disease result from error and false belief, which are summarized as sin, and when the error of belief is destroyed by the truth which Christian Science imparts, the disease disappears. Christian Science, therefore, teaches that the cause of all disease and sin is mental, and not physical, and that both sin and disease may be cured by one and the same metaphysical process, namely, by the substitution of spiritual truth in place of error and false belief in the human consciousness.

"YE SHALL KNOW THE TRUTH AND THE TRUTH SHALL MAKE YOU FREE"

It is recorded in the 8th Chapter of the Gospel of John that upon one occasion when Jesus was being harassed by the lawyers and theologians, who were plying him with questions and seeking to entrap him by his answers, he turned to a group of his followers, who were standing near, and said to them, "Ye shall know the truth and the truth shall make you free." In all of the Bible there is no statement of greater importance to mankind than this utterance of the Master. It prescribes the remedy for every human ill. Knowledge of a thing must come through the mental and not through the physical, hence, according to the words of Jesus, mankind will be delivered from sin, disease and death not by doctoring the physical, but by filling the mental with truth.

REGULARS SURPRISE WAUKEGAN SUNDAY

WIN OPENING GAME OF COUNTY SERIES

After Fighting an Up-Hill Battle for Seven Innings, Locals Win; Final Score was 14 to 5. Same Teams Next Sunday

The first game of the Lake County championship series is over and to the H. P. Regulars goes the victory. Two thousand "dye-in-wool" baseball fans watched Highland Park take the measures of the Champions of Waukegan, Sunday at McCann's Park in Waukegan, by the score of 14 to 5. It was a tough battle for seven innings, Waukegan leading with a score of 5 to 3, but after the seventh it was easy for our boys. They "got to" Wilcox and pounded him all over the lot. In the eighth and ninth innings the Regulars batted the ball for eleven safe hits and a total of seventeen bases which netted them eleven tallies, "enough to win two ball games." The game itself was very loosely played in the field, fifteen errors being chalked up against both teams, ten against Waukegan and five against Highland Park. Three of the ten Waukegan made happened in the eighth and ninth innings and helped the locals out, so there were really eight earned runs in these two innings. Roger Kilby, the husky lad who plays around first, was the batting star of the game. Roger had the honor of getting the first safe wallop off Wilcox and that was a screeching three bagger in the third. "Rog" accumulated two three base hits, one two base hit and one single in five attempts. "Billy" Harley connected safely three times, one for three bases, one for two bases, and a single. Reed, Duffy, Collins and Tierney each got two while the rest contended themselves with one each. Williams started the combat and went along pretty well, but in the fifth he complained about his arm and Sykes was called upon to finish. In the five innings Williams pitched, he struck out six men. This was the second time Sykes faced the Waukegan team and showed plainly that he was invincible against Waukegan. Last time he faced them he held them two hits and beat them one to nothing. He will, in all probability, pitch the second game of the series.

Next Sunday both teams play the second game of the series at Waukegan. The game will start at 2:30 sharp and promises to be a great struggle as Waukegan will surely come back with more strength in order to win, now knowing the power of the Regulars. Special car leaves Central Ave. at 1:15 Sunday, Oct. 11. Don't miss this game.

H. P. Regulars	AB	R	H	PO	A	E

Double plays: Lindquist to Ahlstrom, Reed to Pettis. Time of game 2:45. Umpires: McGarry and Ivorytop. Attendance 1987.

PONY ARRESTED FOR BURGLARY

Has Previous Police Record for Disorderly Conduct

One day last week Mrs. Ashland Noorlen of Lincoln Ave. was awakened by the sound of stealthy footsteps in her pantry downstairs, she rushed to the telephone and summoned the police who were on the scene in a "jiffy." They tipped to the pantry and called to the culprit to surrender and were answered by the whinny from "Tib," a pony belonging to Helen, Willard and Harold Thompson. The pony was arrested and taken to the dog pond and later released on a promise of good behavior. This is his second offense.

BILL REGULATING PUBLIC DOCUMENTS

THOUSANDS OF DOLLARS TO BE SAVED

Wasteful Distribution of Government Bulletins by Members of Congress to be Stopped. New System Inaugurated by Congress

By Chas. M. Thomson

A bill is now pending in the House which seeks to revise the laws and regulations now in force in regard to the printing of bulletins and public documents by the government. A vast amount of this material is printed by the government and distributed throughout the country every year. These documents are distributed by the different bureaus and departments, but for the most part by Senators and Members of the House. Scarcely a mail ever passes without bringing a number of requests for government publications of various kinds. The preparation and distribution of these documents is important. The matter contained in them is both interesting and instructive. It is proper that the people should have these publications and that they should be available for distribution in sufficient quantities.

However, the plan which has been in use for many years governing the distribution of this material through Members of Congress has resulted in an enormous waste. This plan has been that might be called an allotment plan. That is, whenever a number of copies of a given publication was provided, the copies available for distribution through the Members of Congress were allotted to them in equal quantities, without any regard whatever to the question of whether the publication would be of any interest or any use to the people of the districts represented by the members. Whenever a member of congress dies, a session is held on some Sunday within the following month or so at which friends deliver addresses in eulogy of the deceased member. These are always printed and bound and each Member of Congress is allotted nine of these volumes. The fact that the constituents of a member from Florida would have no interest at all in anything that might be said about a former member from the State of Washington, or vice versa, did not interfere with the plan of distribution. This is an example of the allotment plan of distributing these publications. To further illustrate, senators and representatives from Kansas now receive as many Nautical almanacs, reports of the Coast and Geodetic survey and reports of the Commissioner of Navigation as the senators and representatives from New Jersey. The members from Massachusetts get as many irrigation bulletins as those from Idaho. Members from New York City each receive as many Agricultural year books, cattle books and horse books as members from Nebraska.

The pending bill to which I have referred seeks to put an end to this distribution of public documents through members of congress by the allotment plan and to substitute for it, a valuation which is much more sensible and much more economical. In brief, the proposed plan accords each senator and representative an annual fixed credit with the Superintendent of Documents at the Government Printing Office, which is made available for supplying documents that are of special interest to his constituents. Documents will be supplied, under this plan, to each member, to the extent of his credit which will not be available for any other purpose and the documents will be supplied on a valuation basis determined by the cost of printing them. Under this plan a senator or a representative from an agricultural state could use his entire credit, if he so desired, to obtain Agricultural year books for his constituents, or if he is from a mining state he could use his document credit entirely, or for the most part, for geological publications, or a member from a state the people of which are interested in maritime affairs could use his document credit for publications relating to navigation. The passage of this bill changing the antiquated and wasteful allotment plan of the distribution of public documents through members of congress and establishing the valuation plan, which I have endeavored to describe in a few words, will save the government hundreds of thousands of dollars annually (for the present plan results in great waste and every few years large quantities of documents assigned for the use of people who do not want them to be destroyed or sold as waste paper to get them out of the way), and will also result in making available for the people of every district in the country an adequate supply of government publications on subjects of interest to them and which they can, therefore, use with profit.

REGULAR MEETING OF THE CITY COUNCIL

\$300 AWARDED FOR VISITING NURSE

More Supplemental Assessments Passed, Also Ordinances for Sidewalks on McDaniel and Rogers Williams Avenues

The regular monthly meeting of the City Council was held in the council chamber Tuesday evening, officers present, Mayor Hawkins, Aldermen Sheahan, Moses, Buckley, Putnam, Obee, Stevens and Attorney Holmes; absent Aldermen Nichols and Fearing. After reading the minutes of the previous meeting the following business was transacted:

A communication was presented signed by Mrs. Julia Oliver, chairman of the Civics committee of the Ossoli club and Maud H. Shannon, chairman of the Civics committee of the Highland Park Woman's club relative to appropriation of three hundred dollars made by the city for the salary of a visiting nurse.

Ald. Obee moved, seconded by Ald. Stevens, that the city clerk be directed to draw a warrant against the miscellaneous and contingent fund for the sum of \$300 which amount was heretofore appropriated by the city for the salary of a visiting nurse. The same to be paid to the person in charge of the Visiting Nurse Fund. Carried.

An ordinance requiring the C. & M. E. to stop cars on each side of Roger Williams Ave. before crossing, was engrossed and will be acted upon at the next meeting.

A communication was presented by the Highland Park Business Men's Association calling the attention of the Council to the condition of the parkway on First Street between Central Ave. and Elm Place.

Alderman Moses moved, seconded by Ald. Stevens, that the police authorities take cognizance of the facts and act accordingly. Carried.

Report of City Attorney To The Mayor and Ald. Gentlemen:

I beg leave to report that Supplemental Assessments Numbers 75, 76, 80, 91, 94, 96, 128, 132, 135, 147 and 151 were confirmed by the court on September 28th, and have been certified for collection.

I also beg to report that certificates of completion have been filed Special Assessment proceedings Numbers 203 and 213, and said certificates have been confirmed as of the twenty-eighth of September.

I also beg leave to report that Special Assessment proceeding Number 217, for the construction of a sewer in Ridgewood Drive, has been confirmed without objection, and that Special Assessment proceeding Number 218 for paving and otherwise improving Deerfield Ave. has been confirmed except for objection filed by Olaf Lindbloom. These objections will be set for hearing at an early date the first of the month.

Respectfully submitted, SAMUEL S. HOLMES, City Attorney.

The Board of Local Improvements submitted and recommended the adoption of any ordinance providing for the grading, draining, curbing, paving with asphalt macadam and otherwise improving Skokie Ave.

Ald. Buckley moved, seconded by Ald. Sheahan, the adoption of said ordinance. Carried.

Upon the recommendation of the (Continued on page 5)

EARL FRANCIS McCLORY DIES

Ill for Fourteen Days, Infantile Paralysis Cause of Death

Earl Francis McClory, the 6-six-year old son of Mr. and Mrs. Wm. McClory of 245 N. Second St., died on Friday, Oct. 2nd, of infantile paralysis after an illness of fourteen days. Funeral services took place Saturday morning at eleven o'clock. Interment was in St. Mary's cemetery. He leaves to survive him a mother and father and two brothers, Joseph and James.

HAROLD STEELE'S HOME RANSACKED

After Searching House Robbers got Away With Only Small Amount of Money

Saturday night robbers entered the home of Harold Steele on Burtias Ave., and, after ransacking every drawer and taking a small amount of money, made a successful get-away. Mr. Steele arrived home about 11:30 and found everything in confusion, silverware and cut glass all being out on the dining room table. Officer Wing, who was notified immediately, has not been able to discover any clues.

THE HON. LAFAYETTE YOUNG AT ELM PLACE SCHOOL TONIGHT

WILL SPEAK ON COMMISSION FORM OF GOVERNMENT

County Judge, Perry L. Persons, Fixes Saturday, Oct. 24th as Day for Special Election to Vote on this New Government

Tonight (Thursday) at eight o'clock at the Elm Place Auditorium, the Hon. Lafayette Young of Des Moines, Iowa, will address a mass meeting, called for the purpose of discussing the Commission Form of Government. Ex-Senator Young, Publisher of the Des Moines Capital, is one of the best known speakers of the middle west—logical, well posted and practical. He has been intimately associated with all the different phases and workings of the Commission Form of Government in Des Moines where it has been such a tremendous success. He comes prepared to lay the plan before the citizens of Highland Park and to discuss it from every angle. This proposed change in the form of our municipal government is of vital interest to you. If you are in a position to vote intelligently on this important question, hear his address. The Hon. Frank F. Hawkins, Mayor of this city, will preside.

Election Called for October 24th

After receiving a petition signed by 567 qualified electors of the City of Highland Park, County Judge Perry L. Persons, has set aside Saturday, Oct. 24th, to vote on the question "Shall the City of Highland Park adopt the Commission Form of Municipal Government?" Following are the polling places:

The fire department building, first ward; E. G. Burrill's store, second ward; D. C. Purdy & Son's, third ward; Highland Park Press Building, fourth ward. The polls will be open at 7 o'clock a. m. and close at 5 p. m. Election to be conducted in all respects in accordance with the election law now in force, and the judges are as follows:

First Ward, Orville St. Peter, Mrs. Catherine Eichler, and John Sheahan. Second Ward, Frank Green, Miss Marion Mason, and John Oliver. Third Ward, W. C. McCowan, Mrs. Harriet Schumacher, and D. C. Purdy. Fourth Ward, C. W. Aldridge, Alice Duffy, and C. H. Keller. Clerk to be elected by above judges.

BUSINESS MEN CELEBRATE BIRTHDAY

Entertained Families and Friends at an Old Fashioned Chicken Dinner

Last evening the Masonic Hall was the scene of a gay birthday party given by the Highland Park Business Men's Association to their families and friends in honor of their fourth anniversary. The evening's festivities started with progressive euchre, Mrs. Albert Larson winning the ladies' prize and Frank Green the gentlemen's, while Mrs. James Bowden won the ladies' consolation prize and William Denzel the gentlemen's. Following the game the party was ushered into the dining room which was gorgeously decorated with autumn leaves by Mrs. S. A. St. Peter, Mrs. William Becker and Wilbur Clarke and with palms furnished by Fritz Bahr.

Fred Moot was the chief in charge of the elaborate "old fashioned chicken dinner," which was thoroughly enjoyed by all, after which Albert Larson, as toastmaster, called upon several present for short talks all of which dwelt upon the cooperation and good feeling enjoyed by the Business Men's Association since its organization. Dancing followed the dinner to the tune of a victrola furnished by Arthur Purdy.

ANNUAL C. E. RALLY

Friday Evening, October Ninth at Lake Forest Presbyterian Church

The Christian Endeavor Fall Rally will take place Friday evening, Oct. 9, at 7:45 at the Lake Forest Presbyterian church. The program which is to be an exceptionally good one is to represent the Christian Endeavor societies of Lake County. The program is as follows: Song service led by Mr. H. A. Albur, pastor of Libertyville Presbyterian church; scripture reading and prayer, Rev. J. F. Van Evera, pastor of the local Evangelical church; "World-wide Christian Endeavor," a stereoscopic lecture by Mr. E. P. Gates; Illinois C. E. State Field Secretary; Chicago Union Activities, Herbert Moon, Treasurer Chicago C. E. Union and ex-president Lake County division; piano solo, Miss Bertha Harbaugh, Highland Park Presbyterian Society; "Chicago 1915," Mr. A. G. Ferget, President Chicago C. E. Union. Roll call and announcements; closing hymn and benediction.

ART SCHOOL OPENING DELAYED

Will be Ready for Occupancy About Nov. 10th. Classes now at 116 So. Green Bay Rd.

The opening of the school of music and art under the direction of the Loretto sisters has been unavoidably delayed. In a few weeks the new building will be ready for occupancy when the formal opening will take place. In the meantime classes are conducted in the present home, 116 Green Bay Road.

The work in music, art and expression comprise a complete course in each department under teachers who are masters of their profession. Their efficiency is widely known as is proved by the fact that they are sought as instructors for schools and academies in every state in the union.

NEARBY NEWS ITEMS OF LOCAL INTEREST

RECRUITS LEAVE TRAINING STATION

Lake County Bar Association Pays Tribute to Late Judge Whitney. Board of Review Completes Work

Board of Review Finishes Work

The assessed valuation of Lake County this year is \$2,438,95 higher than it was last year, according to the figures of the Lake County Board of Review members who completed their work last Friday shortly before noon. This is considered a phenomenal increase in the assessed valuation and will mean quite a marked reduction in the amount of taxes that will be levied in March. The assessed valuation this year is \$20,353, 215. Last year it was \$17,914,320. In both of these instances it must be borne in mind that these figures are the assessed valuation of the county. The whole valuable is three times this amount.

Recruits Leave Training Station

One of the largest detachments of recruits to leave the Naval Training station for some time will depart for the Pacific coast within 8 days. The detachment which will leave the training station on or about October 8 will consist of a company, comprising about 90 men. The men will go direct from here to San Francisco where they will be placed on board one of the large receiving ships to be later transferred to the Pacific squadron. New arrivals at the station will be noted within the next two weeks as the recruits are added to replace those consigned to sea. The presence of the European war has increased the desire to enlist in the naval service on the part of many eligible young men.

C. J. Jones Elected President

C. J. Jones, employed by the First National Bank of Waukegan since 1870 was elected president of the bank at a special meeting of the board of directors held in the bank, his election to the presidency being due to the death of Nelson A. Steele recently.

Fay Tribute to Late Judge Whitney

Members of the Lake County Bar Association, judges from other cities in the Seventeenth Judicial District and friends of the late Judge Charles Whitney gathered in the Circuit court room, Waukegan Monday afternoon, and paid a last tribute to the deceased jurist in words of praise for the life he had led and of sorrow over the sudden departure which death forced upon him. Among the judges who occupied the bench when the court was called into session for the October term were the following: Judge Charles Donnelly of Woodstock; Judge Dibel, appellate court, Joliet; Judge Orvin C. Carter, Supreme court, Springfield; Judge Cutting of Chicago; Judge Perry L. Persons, of the Lake County court; Judge Claire C. Edwards of Waukegan.
