A WELL-SERVED MEAL

Is not possible without a well-constructed range Worn-out, fuel-wasting ranges, are not only extravagant with fuel and flour, but fray the nerves and temper of the good housewife, causing unnecessary discord in the home. The perfect baker (with very little fuel, too,) includes every modern convenience and improvement, and is produced by the makers of the Genuine ROUND OAK stoves. The careful selection of your range will surely make this your final choice. It has our hearty recommendation. Ask to see it and ask us to show you why it will give you a lifetime of service with a marked saving of fuel and at the same time combine, within itself, every possible improvement.

Retailers' losses, due to short orders, are reduced by prompt use of Long Distance Telephone service.

When such shortages occur, the merchant's only recourse is to obtain the missing goods in the least possible time.

A Long Distance Telephone message is the quickest and most effective way of hurrying the shipment.
