Presbyterian Church Notes

A very amusing and novel entertainment was given at the Presbyterian Church Wednesday evening at eight o'clock. The program was as follows: A reading by Leslie Grant; A Christmas Carol, by Tackery; Song by Albert Renning; Reading from Ben Hur, by Mildred Welch; Reading from the Vision of Sir Launfall, by James Russell Lowell, by Eleanor Nelson; several Christmas carols, by Mrs. H. R. Smith; a playette by three girls called "The Twelfth Christmas", Lois Green, Gladys Tucker, and Constance Vercoe. The I. C. girls gave an interesting play called "The Virgil Strike," from the "Patty Stories". Mrs. Faxon and Ellis Faxon gave a duet; Mrs. Faxon played the piano and Mr. Ellis Faxon the mandolin. The J. B. club gave a series of short sketches.

Highland Park Woman's Club

The regular meeting of the club was held in Trinity parish house Tuesday afternoon at two o'clock. At this time the children were given their annual Christmas party which was indeed much enjoyed by about seventy-five little tots ranging from the ages of nine months to fourteen years. The program opened with games for the little folks with Miss Annie Cobb as entertainer. Next followed a chalk talk by Mr. George G. Greene, which delighted the children immensely. The Christmas tree was a beauty and with old Santa there himself, made the party perfect. More games and dancing followed and popcorn balls, ice cream and cake were served. Miss Bertha Harbaugh furnished the music. The ladies who had charge of the party were: Mesdames James Watson, George M. Bard, Herman Denzel, and Maud H. Shannon. The hostesses of the day were Mrs. Clarence G. Smith, chairman, assisted by Mesdames James Watson, E. P. Sedgwick, E. A. Turpin, Hamilton Smith, E. H. Purdy, Roy Pingrey, Gerald Peck, George Phillips, Carl Booth, Stewart Brown, F. K. Knight, Leslie McPherson, William Millard, Richard Hawkins, Arthur Gourley, and Henry Titsworth.

ELMENDORF AT ORCHESTRA HALL

Will Give a Series of Five Circular Tours
 Opening Wednesday Evening,
 January 13th

Mr. Elmendorf's series this year, which will open at Orchestra Hall on Wednesday evening, January 13th, will consist of five ideal circular tours. The first, "Around the World through the Panama Canal," will reveal new scenes at the various ports of call over the seven seas, from New York to the Hawaiian Islands, and thence through the Panama Canal back to New York. The second lecture, "Around the Mediterranean," will embrace a tour from Tangier along the coast of Northern Africa to Egypt and the Holy Land, thence to Constantinople the Adriatic, Naples, Genoa, and the Riviera. The third subject, "Around Northern Europe," will include visits to four great capitals—London, Berlin, Vienna and Budapest, and many in between places. The fourth topic, "Around Southern Europe," will compass a tour from Paris through Switzerland, Italy and Spain, and back to Paris; while the concluding lecture in the course "Around the United States," will make everybody wish to "See America First." The entire course of lectures will be illustrated with color reproductions from Mr. Elmendorf's original negatives.

"NO SMOKING" IN KENTUCKY?

W. C. T. U. Pass Resolutions Opposing
 the Use of Weed in any Form

The Flying Squadron, which will soon make a whirlwind campaign through the state of Kentucky, will, it is thought, take up the matter of a state-wide law prohibiting the use of tobacco in any form. At the recent annual meeting of the Kentucky Woman's Christian Temperance Union, held in Winchester, Clark county, strong resolutions were passed by the convention, opposing the use of the weed on the grounds of morality and the general benefit of the people. The Flying Squadron will probably follow this lead and it is likely that prohibition of the use of both liquor and tobacco will be discussed and advocated. Many states have anti-cigarette laws—practically all of which are dead-letters as far as enforcement is concerned—but no state has yet passed a sweeping law against the use of tobacco in any form. As Kentucky is one of the great tobacco-raising districts, it will be interesting to watch the results of an attempt to prohibit its use in that commonwealth.

FROM THE CANNERY

Sad Tale of a Junk Dealer, a Tomato Can and a Ford Machine

A junk dealer from the middle west had heard that Ford, the auto manufacturer used tin cans in the construction of his car. He gathered up several hundred tomato, sauer kraut and oyster cans and sent them to the Ford factory along with a request that they be made into an auto. A week later he received a Ford by freight and a check for \$9.80 by mail. He had sent in too many cans.
