100% More Electric Light

If the largest manufacturer of furnaces
in the world should perfect a new fur-
nace giving twice as much heat from a
ton of coal as the furnaces now in use
you would buy one.

This new furnace would heat your house
twice as fast or twice as well without
burning any more coal than an ordinary
furnace and without increase in care.

This is a fair way to describe
the power of the

**Mazda Tungsten
Lamp**

With it for 10 cents' worth of electricity
you can burn a 32 candle power lamp
for 25 hours, the amount it cost to burn
a 16 candle carbon lamp for 20 hours

Economy is not the only merit of the
Mazda Tungsten. It is strong, soft and
steady. Its quality is more nearly that
of the sun than any other artificial light.

Merchants invest wisely
who make liberal use of
Mazda Tungsten lamps,
because the well light-
ed store draws trade.

In the lighting systems
of private houses these
lamps enable the distribu-
tion of light in the
degree that is required.

A Shocking Story.
"What's the show?" asked the man
with a large hat and long hair.
"Hamlet," replied the man in the
box office.
"What's it like?"
"Well, a man murders his stepfather
out of revenge for the murder of his
own father. At the finish there is a
mixup with swords and poison and—"
