The mothers' and girls' banquet held in the lunch room of the high school Saturday evening was quite a successful and well planned affair. One hundred and seventy banqueters enjoyed the very good supper which was nicely served by an efficient corps of girls. The color scheme of the lunch room was green, the decorations being strips of green crepe paper and showers of shamrocks hung from the lights. Following the banquet Mrs. John Welch, who acted as mistress of ceremonies, addressed the mothers and girls in the form of welcome and then turned the meeting over to Mrs. Henry Atwater, who acted as toast-mistress. Miss Jane Marshall of Lake Forest spoke on "Our Mothers and Teachers," this was followed by a violin duet by the Misses Dorothy Mason and Hertha Wyman accompanied by Jane Marshall on the piano. Mrs. William Anderson of Lake Forest, gave a toast to "Our Daughters," in the form of an original poem, very cleverly read; Miss Loise Noyes then sang sweetly, a group of three songs accompanied on the piano by Mrs. C. N. Kimball. The remainder of the program consisted of a talk by Mrs. E. W. Spencer on "Ideals of Womanhood," a reading from Hiawatha by Miss Alice H. High School Notes

Mr. R. L. Sandwick addressed the Manufacturers' Association of Lake County at their monthly meeting at a luncheon on Tuesday in Waukegan; his subject was "Education Efficiency."

On Monday the students had the pleasure of hearing Mrs. R. J. Beatty in a group of three harp solos which were "Autumn," "The French Patrol," and "Fantasia." The solos were followed by three selections of Dr. Henry Drummond, depicting French Canadian life. Mrs. Beatty's charming manner and her wonderful musical and dramatic interpretations won the loyal applause of her listeners.

The swimming tank has not been used for a few days on account of the filter which is not in working order, the man who installed the filter is unable to attend to the difficulty at present, however, the pool will be put to use as soon as the necessary arrangements can be made. Monday night Miss Ried met her class of women for the first time; judging from the number present, much interest is being taken. All towns people, both men and women, are invited to avail themselves of the opportunity to use the gymnasium, which is to be open for use on the evenings of Monday, Tuesday, Thursday and Friday.

The two basket-ball games of last week, on Friday with Blue Island, and Saturday with the Alumni, resulted in defeat for Deerfield in both cases, the scores being, for the former, 30-33, the latter, 26-28.

The following original toast was given by Mrs. William Anderson of Lake Forest at the mothers and daughters banquet held at the high school Saturday night:

Our Daughters
 Our subject is large, but pay close attention.
 For the training of girls is the one I will mention.
 In her earliest years, we should always endeavor.
 To make people think she's exceedingly clever.
 She should have her own way, and be given much freedom.
 If her parents correct her she had better not heed them.
 The wisdom of elders, she should never consult;
 And a very strong will, will be the result.
 If guests are around, it's been my observation
 That the girl should monopolize all conversation.
 Don't object to slang phrases, for 't would be most unkind;
 And in pert exclamations she should not lag behind.
 When she enters her teens, I'm sure you'll confess
 Most important of all, is the subject of dress.
 The extreme style in clothing, she always should wear,
 And the use cosmetics will make her more fair.
 'T will show careful training, to chew gum in a crowd;
 And flirting with men is always allowed.
 When riding on trains, she should keep a whole seat,
 No matter how many, have to stand on their feet.
 She doesn't need to study whatever befall
 But complacently says, "don't I know it all?"
 Her help in the household could not be expected
 And offers of aid, should all be rejected.
 This treatment, I'm sure if we just do our duty,
 Will result in politeness, Ambition and beauty.

Fruit Jellies.
 A housewife who has made careful records of the amount of fruit she has used for preserving or jelly making, keeping at the same time a record of the amount after the ensuing cooking process, says:
 Seven pounds of peaches will make fifteen glasses of marmalade.
 Four quarts of quinces will make ten glasses of jelly.
 Four quarts of crabapples will make ten glasses of jelly.
 Six pounds of peaches will make eight pints of preserved peaches.

Remarks by One's Neighbors.
 After nearly every marriage the neighbor women offer gratuitous insult to the groom by saying, "And her mother had such high ambitions for her daughter?"—Exchange.
