

Primary Election Returns

SOME kind hearted soul of a neighbor called up 78 Tuesday night and wanted to know if there was any truth in the rumor that "Uncle" had jumped into Mooney's Pond on account of the outcome of the Primary Election. This happened while "Uncle" sat with his kids in the Nickel Show enjoying the "Exploits of Swedie" and just for fear that there may be other good neighbors or people we owe money to, worrying about our welfare, let it be known that the folks here consider that we done just splendid, consenting to run the last minute in order to put a little more life into the campaign and getting 301 votes. We are in the Ring to stay, very much alive and feeling fine. Thank you.

Every man, who on Tuesday's election, allowed his name to go on the ballot as a candidate for office to serve for 4 years to come, in conducting the affairs of our city, deserves credit. It means for him to give up a lot of his time, he is bound to create bad feelings as well as good feelings in the discharge of his duties, for even with the best of intentions things don't always run smoothly. To be progressive and actually do things is what Highland Park needs; to make it a still more beautiful town will benefit us all the more and there is no doubt in my mind but

what every man on the ballot held these same views, realized the task and was willing and capable to help along towards carrying out these ideals, and I for one, whether elected or not will be only too glad to support those who will be called to serve.

Whatever may happen next month don't forget paying attention to the out door spring work, no better time than the present to sow Grass Seed. No higher grade of seed was ever put up than ours, a 5-pound sack of fancy triple cleaned seed, full of life and sure to grow if given half a chance, we sell for one silver dollar, or if you call up we deliver and charge it.

Fertilizer for the lawn and garden contains more actual plant food, is free from weeds and costs less than stable manure. Why not use it? A 100-pound bag for \$2.00. Three bags for \$5.00. You can't do better anywhere. Why hesitate?

Do you intend planting Trees, Shrubs or Perennials this spring? Don't you want to consult us? It's so simple; Central can get us together over 85 in a minute and in a few more minutes you will be convinced that we know what we are talking about when it comes to Flowers, Plants or the "Grounds Beautiful". No charge for suggestions, estimates or a visit with our Ford.

Supplemental Special Assessment Notice

Supplemental Special Warrant No. 188

Notice: Public notice is hereby given that the county court of Lake County, Illinois, has rendered judgement for a second or supplemental Special Assessment to pay the amount of deficiency in the first assessment upon property benefited by the following improvement: Construction of a main sewer in McDaniel Ave. and McDaniel Ave. produced southerly together with a lateral sewer, manholes, flushing connection, house junctions, and a sewage purification works, without an outlet pipe therefrom, and creating a sewer district therefor, to be known as District "G," as will more

fully appear from the certified copy of the judgement on file in the collector's office. That the warrant for the collection of such assessment is in the hands of the undersigned, all persons interested are hereby notified to call and pay the amount assessed at the collector's office in the city hall, Highland Park, Illinois, within thirty days from the date thereof.

Harry B. Evans, City Collector.

Dated at Highland Park, Illinois, this 4th day of March A. D. 1915. 1-2

Special Assessment Notice No. 220

Notice is hereby given to all persons interested that the city council of the City of Highland Park, County of Lake, and State of Illinois having ordered that the following local improvements be made-to-wit: Grading, draining, curbing, providing with catch basins, constructing a macadam roadway having an asphalt surface (18 feet wide, including concrete gutters), constructing a reinforced concrete girder-type bridge, and otherwise improving Beach St. from the easterly line of the paved roadway in St. Johns Ave. as hereinafter provided easterly to the westerly line of Sheridan Rd. (excepting the site of the concrete bridge herein provided), St. Johns Ave. from the southerly line of Lincoln Ave. produced westerly across St. Johns Ave., southerly to the southerly line of Beach St. produced westerly across St. Johns Ave. Forest Ave. from the northerly line of Wade St. produced westerly, southerly to the easterly line of the paved roadway on St. Johns Ave. herein provided; Wade St. from the easterly line of the paved roadway in St. Johns Ave. herein provided, southerly to the southerly line of Beach St.; Linden Ave. from the east line of Forest Ave. southerly to the southerly line of Beach St. and a reinforced concrete bridge in Beach St. between Wade St. and Linden Ave., spanning that ravine in Beach St.; all in the city of Highland Park, County of Lake and State of Illinois. The ordinance for the same being on file in the office of the city clerk of said city and having applied to the county court of Lake County for an assessment of the costs of said improvement according to benefits, and an assessment thereof having been made and returned to said court, the final hearing thereon will be had on the 26th day of March A. D. 1915, or as soon thereafter as the business of the court will permit.

Said assessment is payable in ten (10) installments, with interest at the rate of five (5) per centum per annum on all installments from and after date of issue of first voucher. All persons desiring may file objections in said court before said day and may appear on the hearing and make their defense.

Richard W. Hawkins, Officer appointed to make said assessment.

Dated at Highland Park, Illinois, March 10th A. D. 1915. 2-3

SEEING THE WIND.

Easy to Watch the Air-Currents Flowing Like a Waterfall.

It is said that any one may actually see the wind by means of a common hand saw. The experiment is simple enough to be worth trying at least. According to those who have made the experiment, all that is necessary is a hand saw and a good breeze.

On any windy day hold the saw against the wind—that is, if the wind is in the north hold the saw with one end pointing east and the other west. Hold the saw with the teeth uppermost and tip it slowly toward the horizon until it is at an angle of about forty-five degrees.

By glancing along the edge of the teeth you can "see the wind." It will be pouring over the edge of the saw much after the manner that water pours over a waterfall. This is doubtless due to the fact that there are always fine particles of dust in the air, and in a strong breeze the wind forces against the slanting sides of the saw, slides up the surface and suddenly "pours over" when it reaches the top.

It is doubtless the tiny particles that make the air dust laden that can be seen falling over the edge of the saw as the wind current drops, but it is about as near as any one can get to seeing the wind under normal conditions.—Washington Post.
