

# Who to Vote For Tuesday

It's just this way, there are about two months now during which time one can plant Trees, Shrubs and Perennial Flowering Plants, then the season closes and if we fail to plant, a whole year's growth is lost. We are all apt to put things off; one year after another slips by and we keep on putting things off, waiting, for what?

All Hardy Stock in the way of Shrubs or Border Plants, needs the first season after planting to become established and from that time on they improve and grow more beautiful, every little Tree, Evergreen or Bush we plant helps to make this old earth more beautiful, it makes the planter a happier man or woman and it makes those who live after the planter do likewise themselves.

When Mr. Geo. L. Wrenn over 40 years ago planted little Elms along the Parkways of the road, we now call Lincoln Ave. He did a great thing. Today these Trees are the most beautiful in town, they form the grandest monument we could erect in his honor, they lived after him and will after us for others to enjoy.

There is nothing the Business Men of our good town could do to help business more than to take an active interest in every movement on foot towards beautifying Highland Park from the county line on up to the gate entering Fort Sheridan and from the bathing beach to Bowden's Skokie bridge. Keep on planting Plants which will grow to take the place of the native growth we have destroyed.

The entrance of Highland Park by railroad should be like entering the gates of a beautiful Home-ground, it should be like

entering a Real Park. Nothing will help the town to grow and thrive more than good roads, schools, playgrounds, well kept parkways, beautiful Trees, Shrubs and Flowers and we want them NOW and can have them if we really do want them.

After all it isn't just how long we can live on this earth that counts, it is the use we make of the few minutes we are here; the man or woman who can't be interested in the great outdoors, who doesn't get a lot of Fun out of the little Garden, the Shrubs, the Trees, the Flower border and everything that grows and helps to beautify our surroundings, is on the wrong road towards getting out of life what we are entitled to, no matter how long the stay here.

Get busy now, get out the Garden Tools, let us come over and help you lay out the work, let's tell you about all the beautiful things you can enjoy this coming season, no it doesn't need to run into a lot of money, not to say money could be spent to much better advantage. A Lilac bush planted this year costing 50 or 75 cents will be worth \$10 in 10 years from now and so with other Shrubs, but go according to your means. There is nothing more interesting than to develop a place gradually, a little each spring and fall, the main thing is to get started, let's help you to become interested, to make Highland Park the most beautiful of the North Shore towns, let us work together and create and set an example worthy to be followed by those who come after us. Calling up 85 is the first step toward starting out right.

# Highland Park Greenhouses

Instead of Gravestones and Marble Monuments let the next Generation look up to and be inspired by the Trees we planted.

At the election for school trustee, and two members of the High School board of education held in the Town hall Saturday afternoon, Messrs. James Ryan, Peter Duffy and W. H. Steffis were Judges. Mr. Vencel Muzik of Highland Park was the only candidate for trustee and was consequently re-elected. A spirited contest for the Township High School District number 113 board of education vacancies, resulted in the election of Mr. William Reay of Deerfield and Dr. B. N. Parmenter of Lake Forest, both new members for terms of three years each. As West Deerfield has not had a representative on the board for years, the town could not have won the election for its own candidate because of the comparatively small number of voters in the large farming district known as West Deer-

field. The voters of the village started to cast their votes for two members of the board, but when charges of treachery were made against the ones they wished to support all 3 of whom were said to be voting against the candidate from Deerfield, the supporters in Deerfield wavered in their choice, and finally later voters cast ballots for Mr. Reay in order not to weaken his support, which policy was also adopted by the Lake Forest people for their candidate. The determination of the progressive people of Deerfield to have a representative on the board was not inspired by any antagonism to the policy of board, but realizing that "taxation without representation is tyranny" they also wished to have a voice in the affairs of the school. At one time the village may have had a large majority of retired farmers who were opposed to being taxed for what they considered an unnecessary luxury, but another element is in control of the situation now. Mr. Reay is a liberal, progressive man, of culture, refinement, and independent means, which makes him a desirable addition to the community as he has kindly consented to give his valuable time to the work of the board.

The concert given in the Assembly hall Saturday evening under the patronage of the Parent-Teacher Association by the Lunham Concert Co. was attended by a select and appreciative audience. The program was given by a trio of artists, Clayton W. Lunham, of Deerfield, tenor; Catherine Reid Martin of Belfast, pianist; and Robert Barron of London, violinist. The program was an attractive one with a wide range of composers. The talented pianist's offerings were a delight. Mr. Barron is a young man of much promise, and an enjoying smile. Mr. Lunham's list of repertoire included a list of pleasing encore numbers. The recital was followed by a social hour with dancing, the music for which was furnished by a victrola loaned by Theo. Knaak.

Rev. Orsborne's initial sermon to the congregation of the Presbyterian church was from the text "Seek ye first the kingdom of God and His righteousness and all these things shall be added unto you." A meeting of the officers of all the organizations of the church and the pastor will be held at the home of Mr. George Stanger, Wednesday evening.
