Why should you take chances on ice coming from various outside localities, when you can get ice that is perfectly safe to use in your beverages and all sorts of cooling, made from Lake Michigan water, filtered by the Greer Filtering System, with the utmost care and cleanliness. Water is tested every eight hours. It costs no more than pond or other cooling ice and is manufactured here at your door. A call will bring it.

Frank Siljestrom, Local Distributor, Telephone 65

Should any person tell you **PURITY ICE** is **NOT PURE**, ask them if they have been using it and what the impurities are.
