## SYNOPSIS OF LECTURE ON CHRISTIAN SCIENCE

GIVEN BY MR. JACOB S. SHIELD, C. S. B.

Friday Evening April 23rd in the Church Edifice. Speaker Introduced by Mr. Alfred Linton. Large Attendance

In introducing the speaker Mr. Linton spoke as follows:

"It is my great pleasure and privilege on behalf of the Directors and Members of this church to most cordially welcome you here this evening.

Enlightened men and women everywhere are seeking the betterment of the race and the improvement of the conditions under which we live.

If they knew how they would rid the world of disease and sin.

We into whose lives the immeasurable blessing of this Truth has come, know that Christian Science does heal sickness and sin, that it gives a sense of confidence and security to those working in the business world that it brings peace to weary hearts.

Because this is true the First Church of Christ, Scientist, of Boston, Mass., under the direction of Mrs. Mary Baker Eddy, established a Board of Lectureship the members of which tell to those who wish to hear, something of the Truth of Christian Science.

We have with us tonight a member of this Board.

I have the pleasure of introducing to you, Mr. Jacob S. Shield, of Chicago."

By Jacob S. Shield, C. S. B.

The message which I bear you is one of love. The Bible says "love is the fulfilling of the law," and it is of this fulfillment, as understood and practised in Christian Science, that I would speak to you.

The Law of Moses and Christ Jesus the same as taught by Christian Science

The Mosaic law, revealed to all men for all time from Mount Sinai, was the first exposition of the divine law which should govern man in his relationship to God, as well as to his fellow man. From it spring all human laws and moral codes. The First Commandment is supreme and all inclusive, in its declaration of God, and its warning against the recognition of any power or law as originating in anything that is physical or material. "Thou shalt have no other gods before me" is the origin and basis of all true religion.

Christ Jesus taught this same law, saying, "Think not that I am come to destroy the law, or the prophets: I am not come to destroy, but to fulfil."

Christian Science accepts the law in all its completeness, as expounded by both Moses and Christ Jesus. On page 467 of "Science and Health with Key to the Scriptures," the Christian Science textbook, we read—"The first demand of this Science is, 'Thou shalt have no other gods before me.' . . . The second is like unto it, 'Thou shalt love thy neighbor as thyself.'"

In the Old Testament narratives we can find a long list of works wrought by the power of God, through the faith of those who confidently relied upon Him. Moses' transformation of the rod into a serpent; the leprosy hand and its healing; the passage through the Red Sea; the sweetening of the waters of Marah; the falling of manna from the skies; the production of water from the rock; the healing of Miriam's leprosy; Elijah's increase of the widow's meal and oil; the raising of the widow's son from death; the rain which fell in answer to prayer; the transfiguration of Elijah; the deliverance of the Hebrew boys from the fiery furnace and the preservation of Daniel from the lions, are all important records of God's power, and the direct result of the operation of divine law.

These Old Testament wonders are greatly intensified in their significance to humanity by the works of the man Jesus and his apostles in their adherence to the same law. The thousands who were healed, and the power he exerted over all material conditions and forces, give striking evidence that not only did he have the unbounded faith in God evinced by the Patriarchs, but that he understood the operation of divine law and its practical use in earthly life.

By adhering strictly to the original divine law and turning away from all false gods in matter, by giving to God the "glory, honor, dominion and power everlastingly due His holy name," following as closely as they can the commands of the master Metaphysician, Christian Scientists are today healing the sick and reforming the sinner—in a measure repeating the works of the Patriarchs and Christ Jesus.

Humanity Seeking Practical Religion  
Thoughtful men are beginning to realize that religion must be more than a

## ALUMNI PLAYS PROVE SUCCESS FRIDAY NIGHT

MANY ENJOY DANCE IN GYMNASIUM

One Sketch, "The Hat" Given Before Lake Bluff Woman's Club Tuesday. Deerfield and Lake Forest Well Represented

The Alumni plays and dance held in the gymnasium at the high school Friday evening of last week, were very pretty and attractive. The idea of giving the plays in the gymnasium was well carried out and certainly effective with the charming stage with its artistic settings. The plays, five in number, were cast from members of the Alumni, with one play from Deerfield and two each from Lake Forest and Highland Park.

Lake Forest was quite successful in the production of their two plays, "The Absent Guest" and "Her First Appearance." Those appearing in the Lake Forest plays were: Lucille Smith, Phillip Spiedel, Vergil Smith, Ruth King, Edwin Gilroy, and owing to his inability to appear, Thomas Findlay's part was read by William Wrenn, and well done. Highland Park held its own in the two plays, "The Other Woman," in which Harry Eichler, Phillip Siegle, and Mary Sedgwick played their parts very well, interpreting them very successfully; and "The Hat" with Adelaide Inman, Gertrude Zahnle and Esther Baker won sufficient applause to be repeated at the afternoon meeting of the Lake Bluff Woman's Club Tuesday of this week.

Deerfield's play, "Frenzied Finance" written by Mrs. George McDonald of Deerfield, was certainly clever, and the parts were well taken by the following: Clara Pyle, Loretta and Ruth Kress, Mildred Whiting, Florence Carolan, and Ruth Reichelt. A large number of people enjoyed informal dancing afterward in the boys gymnasium.

## MISS IDA PORTER PASSES ON

Dies in Evanston Hospital Monday Morning After Long Illness

On Monday evening, April 26th, came the sad news from Evanston that Miss Ida Porter had passed away. Miss Porter had charge of the art work in the schools of district 108 and was highly loved and respected by all the children. Since February she has been absent on account of her illness, but a steady gain gave hope that she would be strong enough by September, to return but a relapse came a week or so ago and she was again taken to the Evanston Hospital when the end came on Monday morning in a peaceful, quiet sleep. Miss Porter will be very much missed by everyone. She left cheer and happiness wherever she went and she inspired her pupils with an unusual love for and appreciation of the beautiful in nature and helped them to express their ideas in a most artistic way. The school will be closed on Thursday afternoon in order that those who wish may attend the funeral services which will be held from the home at 804 Main St., Evanston at two thirty o'clock.

CONTRIBUTED.

## THOMAS FINDLAY DISAPPEARS FRIDAY

Is Being Sought in Chicago. Was One in Cast of Alumni Play

Thomas Findlay, the 18-year-old son of the postmaster of Lake Forest, is being sought in Chicago cabarets and music halls.

He disappeared from Lake Forest Friday night, when the alumni of the Deerfield-Shields Township High school presented their annual play. He was in the cast, and his disappearance obliged them to put on an understudy.

According to the police, his father informed them his son had been seen on State St., and asked them to look for him. He said the youth probably would be playing a piano in some amusement place.

No reason for the young man leaving Lake Forest has been disclosed.

## BASE-BALL GAME AT LAKE FOREST

D. S. H. S. Lose to Lake Forest Academy Score 17 to 7

The base-ball team of the high school played a practise game with Lake Forest Academy yesterday afternoon at Lake Forest. Although the local team lost, by a score of 17 to 7 the boys were glad of an opportunity to get into practise. The base-ball schedule is not made out as yet, but several games with nearby schools are being contemplated by Emmett Duffy the manager. Today marks the conclusion of the track meet between the Blue and White teams at school. Tuesday's result was 29 to 25 in favor of the Blues.

## CORNER'S JURY VERDICT

Inquest of Louis Leuer Held at Prior's Undertaking Rooms Yesterday

In the matter of the inquisition on the body of Louis Leuer, deceased, held at Prior's Undertaking Establishment, on the 29th day of March and 28th day of April 1915.

We, the undersigned Jurors sworn to inquire of the death of Louis Leuer on oath do find that he came to his death by being struck by engine No. 366 on the C. & N. W. R. R. at Elm Place crossing on March 26th, about 4 p. m., from the evidence find that the accident was caused by the neglect of Michele Pctoma otherwise known as Mike Tomi, in failing to close the gates at said crossing when said engine was approaching.

## REGULARS WIN SECOND GAME

"Peplow A. C." Team Arrive Here Sunday With Four or Five Players Short

The Regulars observed the housecleaning season by applying a little "Dutch Cleanser" to the "Peplow A. C.'s." It wasn't a real game. The Chicago team arriving here with four or five men short had to enlist a few pick-ups in order to play at all. Anyway the Regulars thought it best to trim them up a little and let them off with a 6 to 1 wallop. The boys feel that they should apologize for last Sunday's performance, but promise a good game for next Sunday when they will play the fast Melrose Park bunch.

## SENIOR PLAY AT RAVINIA THEATRE

"The Piper" Friday Evening, May 21st. Promises to be Good Performance

The Senior class will give "The Piper," at Ravinia Theatre, Friday evening May twenty-first. The play offers opportunity for the entire class, to appear most attractively costumed as Hamelin villagers and strolling players.

"The Piper" by Josephine Preston Peabody is a play of strength and beauty a play aglow with living dramatic interest. Every scene has a loveliness of its own. The play is under the direction of Miss Alice H. McElrath

## TRINITY CHURCH PARISH MEETING

Election and Other Important Business Monday Evening, May 3rd

The annual parish meeting for the election of wardens and vestrymen of Trinity Church will be held in the parish house on Monday evening, May third at eight o'clock. Members and friends of the parish are urged to attend as beside the elections, matters of importance will be discussed and acted upon.

## NEARBY NEWS ITEMS OF LOCAL INTEREST

### BUSINESS MEN TOUR LAKE COUNTY

Waukegan West Side Ball Team Trims Cooke's Colts of Chicago Sunday. Lake Forest Business Men Planning Celebration

### Sunday's Ball Game at Waukegan

About fourteen hundred baseball fans witnessed the opening of the Waukegan West Side park Sunday afternoon, when the Cooke's Colts of Chicago went down in defeat to the tune of 9 to 2. Pritchard's band played before the game and between innings, and a male quartette from Chicago gave some very good selections.

Many exclamations were heard from the fans as they poured into the grounds and took in the appearance of the field, and the management should be commended for the efforts that were made to have the ball park in such shape. Waukegan now has without question the finest park in the semi-pro ranks out of Chicago.

A great surprise was in store for the fans when the Cooke's Colts took the field and word went around that Bohle, their first baseman was a lady. And she could play ball too, just as good as any of the men on their team as she handled every one of her twelve chances like a veteran, and when it came her turn at the plate it was found that she could walloo the ball with any of them, as she poked out two of the visiting team's eight hits and scored their first run in the sixth.

### Waukegan Business Men Tour County

Pursuant to a resolution adopted by board of directors of the Waukegan Commercial Association at their weekly meeting Monday a party of some thirty or forty of Waukegan's leading business men left the Commercial Association headquarters Wednesday morning for a visit with their fellow business men in the towns in the northern half of Lake County. The trip was for the purpose of getting better acquainted with the merchants over the county and to encourage co-operation and good fellowship among all in the development of the county. One important feature was the spread of the "buy at home" gospel. The tourists also studied the development, resources and needs of the county so that the association may have information at hand to be of greatest service to the county. It is planned to visit the southern half of the county Friday.

### Planning Celebration

The Merchants Association of Lake Forest is planning a Lake Forest Day that will surpass all previous celebrations of the day. Committees are already at work perfecting plans.

### SELLS LUMBER STOCK

North Shore Fuel and Supply Co. Will Continue in Coal and Fuel Business

The rumor that the North Shore Fuel and Supply Co. have disposed of their business is only partially true. They have sold only their lumber stock to the Hines Lumber Co. and will continue in the coal and fuel business.

## NEWLY ELECTED OFFICIALS INSTALLED MONDAY NIGHT

LARGE CROWD FILLED COUNCIL CHAMBER TO CAPACITY

Ex-Mayor Frank P. Hawkins Introduced New Executive. Audience Sang "Star Spangled Banner" Accompanied by Orchestra from the Northwestern Military Academy

Amid floral decorations and to the tune of the "Star Spangled Banner" the new mayor and commissioners assumed charge of the city's affairs Monday night. Ex-Mayor Hawkins who was Highland Park's first and last mayor under the old system, introduced Mr. Hastings as Highland Park's new executive under the Commission Form of Government. In his opening remarks Mayor Hastings asked the audience to sing the "Star Spangled Banner" and was accompanied by an orchestra from the Northwestern Military Academy. The council chamber was filled to its capacity with boosters for the new government and those present were pleased to note the transformation. The old desks which were lined up on each side of the room had been torn out and were replaced by a large mahogany table around which the mayor and commissioners gathered. After a short address by the mayor a brief business meeting was held and the commissioners elected to their various departments as follows: Howard H. Hitchcock, Commissioner of Finance; E. G. Huber, Commissioner of Health and Safety; Fritz Bahr, Commissioner of Streets and Public Utilities and Ward W. Willis, Commissioner of Public Property. The meeting adjourned until Friday evening at 7:30.

### Mayor Hastings' Address

Two great cities are tonight installing their new officers—Chicago, the wonderful Queen City of our inland seas, and Highland Park, her most beautiful suburban Princess.

It will be the pleasure and duty of your Mayor and Commissioners to walk hand in hand with this beautiful Princess, to guard and protect her to the best of their ability during their administration.

### FIGHT FOR FIVE MILE ZONE

If Approved by Legislature Waukegan and North Chicago Will be Dry

Secretary of the Navy Josephus Daniels is behind the movement to create a five mile prohibition zone around the Naval Training Station. Secretary Daniels who banished demon rum from the navy, it is rumored, is now ready to extend the dry crusade to the territory surrounding all the naval training stations and the inland depots of the navy department in the United States.

W. A. Moffett, commander of the station at Lake Bluff, who appeared before the Illinois senate committee last week to urge the five mile dry zone, stated that he was authorized by Secretary Daniels to make the appeal to the Illinois law makers.

The present law effects the territory only for a distance of one and one-eighth miles around the naval station. This, according to Commander Moffett, has not proven sufficient. Commander Moffett has 1000 recruits—boys who range from 17 to 19 years old—under his charge.

If the five mile zone is approved by the legislature, Waukegan and North Chicago would go dry. The senate committee has named a subcommittee to make an investigation. This committee is visiting the training station this week.

### HIGHWOOD HAS NEW ORGANIZATION

Auxiliary to Spanish American War Veterans. Large Reception. Follows Installation.

Through the hard and untiring work of Mrs. Cain of Fort Sheridan and a number of other ladies in Highwood final preparation for an organization of an auxiliary to the Spanish American War Veterans were completed yesterday and consequently one of the prettiest installations and receptions was participated in by the many guests present last night in the K. of P. Hall, Highwood.

The officers installed were President, Mrs. Cain, Sr., Vice President, Mrs. S. Grant, Jr., Vice President, Miss Florence Guron; Chaplin, Mrs. M. Clinton; Conductor, Mrs. M. Hick; Assistant conductor, Mrs. J. Kamp; Guard, Mrs. F. Kock; Assistant guard, Mrs. L. Anacher; Musician, Mrs. M. Lundgren Secretary, Mrs. V. Muzik; and Treasurer, Mrs. Sheels. A most delightful reception followed, the decorations were very effective, being all patriotic and floral.

Highland Park, who has so heartily adopted this commission form of government, expects, and it will receive from its officers their best service.

It would be useless and unwise on the part of your new officers to attempt to outline a plan of procedure on this occasion. It will be their policy not to promise, but to perform.

Your support is needed and we are sure we shall have it. Complaints will receive prompt attention. Constructive criticism is invited. Where your officers are unable to solve the problems, they will call, as far as they are permitted to do so under the law, upon those who make the suggestions to aid in working them out.

Co-operation of the commissioners, good will among the citizens, loyalty on the part of all connected with the city in the various departments, no matter in what capacity, will in due time work out benefits and systems of government that we trust and believe will meet the approval of all of our people.

We appreciate the interest manifested by your presence this evening, and we shall welcome to all of our meetings, everyone who desires to come.

In conclusion, I should like to say that I am proud to be associated in the conduct of the affairs of this city with such an able body of men as are to represent the various departments as commissioners.

In due time, we shall become personally acquainted with every department and everyone in the employ of the city and plans will be adopted to work with them in giving the best service in our power to all the people of Highland Park.

### BOYS' BAND REORGANIZED

Are Practicing Twice Weekly in the Elm Place Auditorium

The Highland Park Boys' Band has been reorganized under the leadership of Paul W. Blanchard, a former band leader in the U. S. Army. There are about twenty boys who have so far joined and are practicing on Monday and Saturday evenings in the Elm Place auditorium. The band is backed by the Highland Park Business Men's Association, and is preparing for the Highland Park Day celebration and Saturday night street concert.

Highland Parkers should encourage the boys in every way possible in this undertaking in order to make it a success. A good band will help liven things up this summer, to say nothing of the good training for the boys. Following are the members now in practice: Cyrus Denver, Leonard Friebe, George Hill, William Gallagher, Harold Geminer, Ellsworth Sheridan, Edwin Nakatani, John Peterson, Gottfried Arnswald, Fred Gieser, Gervase Brown, Raymond Seiffert, Sylvan Moses, Edward Ohlwein, George Ohlwein, Charles Lemkuhl, Paul W. Blanchard, leader.

### "NEPTUNE'S DAUGHTER" AT THEATRE

Featuring Annette Kellerman Monday Evening, May 3rd

Annette Kellerman, the most perfect formed woman and swimmer, will appear at the Highland Park Theatre Monday evening, May third in "Neptune's Daughter," under the auspices of Campbell Chapter No. 712. O. E. S. This is an eight reel picture of splendid quality. The tickets for this production are in two classes and each ticket must be used for the show it is marked for. First show at seven o'clock and second show at nine o'clock. Both tickets are good for the matinee at half after two o'clock.

### AT MORAIN HOTEL SUNDAY EVENING

Local People to Have Opportunity to Hear Artists in Recital

Clayton W. Lunham, tenor, assisted by Robert Louis Barron, violinist and Catherine Reid Martin, pianist, will give a recital at the Moraine Hotel Sunday evening, May second. An attractive program has been prepared and a treat is in store for those who attend.
