

A BEAUTIFUL TOWN

HERE is hardly anything quite as effective to beautify the home during the summer months than well filled window or veranda boxes, more and more are they coming to the front. Thousands of dollars will be expended this and next month in Chicago for this purpose, hotels, public and office buildings are going to be decorated with them as well as residences and so it should be done in our town.

Highland Park could be made the most attractive city along the North Shore. If the banks, some of the stores, our city hall, the schools, library and the grounds along the depot were adorned with window boxes and well filled rustic flower tubs.

Why not? Let's have well paved, and oiled streets, properly kept parkways, clean alleys, beautiful shrubs and trees, but don't stop there. Flowers are necessary to cheer things up, a touch of color and a few trailing vines will not only add to the already charming homes in the residence portion of our town but will overcome architectural defects and beautify the business section.

Let's get away from the little liver pill, the 'coco-cola, and the Peruna sign boards, we don't need any of them and instead of them let the eyes of the passer-by or the visitor behold well kept streets and flowers everywhere. You can guess what the impression will be. You can't start at any better place in town to do all this than right in the center and begin NOW.

Yes, we would like to do it for you, but won't feel a bit bad if the other fellow gets a part of your order, but for Heaven's sake don't go out of town for it, keep that money here, we need it to do our part in oiling the streets, get a season ticket for Ravinia Park and pay Bowden if there is anything left. Only by patronizing Home trade whenever possible are you doing your duty as a citizen of Highland Park and really care for those who are doing their level best to keep an attractive place of business and have to depend on the people of the town for their patronage. What do any of the big stores in Chicago care for your individual business? Just consider that and then think of the storekeeper out here, who helps to pay his share towards everything that goes to make the home town just what it is.

We make substantial window boxes and fill them with the best Silver Medal Flowers and Vines at \$1.00 per running foot, that means a three foot box planted any color you like, just full of posies and foliage for 3 silver dollars. Go without cigars a few days or make the old trousers do and let us take the measurement of a couple of boxes to fit on the front porch, all they need is just a little water this summer and they will blossom and flourish from May until November. Cheer everybody in and out of the home, make you think more of it and us as well, in fact the whole world will look better to you. Doesn't that look like a wonderful investment? And so it is.
