### Baptist Church Notes

On next Thursday afternoon Mrs. W. H. McKinney for several years a missionary in China, will speak in the parlors of the Baptist Church. Mrs. McKinney will bring a message of great importance and all who are interested are invited to hear her.

The ladies of the Baptist Church were entertained at the home of Mrs. F. B. Green last Thursday afternoon. Readings by Mrs. Green, music and needlework, and later the serving of refreshments, when the hostess was assisted by Mrs. McKenzie and Mrs. William Smith, filled the hours of a pleasant afternoon.

Sunday morning Evangelist Thompson preached on "Playing the Second Fiddle." It was a unique presentation in which he told that the success of the church depended on the members who knew how to play the "Second fiddle part." There was the second fiddle of sympathy, of sociability, of boosting and rooting, which were all dwelt upon.

Interesting is deepening at the special services held Sunday nights at this church. The harp solos "God Save the Emperor," with variations, "Flower Song," "Flowers of Spring," and "Sands of the Desert," were much enjoyed in the harp recital given by Miss Marjorie Thompson at the beginning of the service. The sermon was on "Coverings for Sin." The Evangelist discussed the covering of ignorance, the covering of Excuse and ceremonial coverings for sin. These were all man-made coverings, and those who used them would not prosper. He directed the attention of the audience to the only covering, which was the one provided by God, Jesus Christ. He sang with the accompaniment of the two harps "The Old Musician and His Harp," and carried the audience back to childhood days with a few words of the songs that were sung in his boyhood days.

The services next Sunday will be Sunday school at 10 a. m., preaching at 11:00, harp recital at 7:45, and service proper at 8:00 p. m.

### First United Evan. Church

Last Sunday closed the series of meetings which Dr. Joseph C. Ludgate has been conducting for the past three weeks. The meetings were all well attended and greatly appreciated. Sunday morning the Evangelist spoke about "Love and Lovers," basing his remarks on Christ, the Divine Lover. The subject of the afternoon was "Fortune Telling," the text being "Whatsoever a man soweth, that shall he also reap," our past and present lives to determine what our future shall be. In the evening Dr. Ludgate spoke to a crowded house on "The Unpardonable Sin, what it is and who can commit it." This was the crowning meeting of the series and at the close of it the doors of the church were opened for membership and twenty people united with us.

Next Sunday the regular services will be in order with Sunday school at 9:30 a. m.; morning worship at 10:45, when Rev. Van Every will present the topic of "Redemption." Miss Ritter will have charge of the K. L. C. E. service at 6:45 p. m., the subject being "Religious Reading, What and Why." At the evening service at 7:45 the theme will be "Honoring God." If you have no church home, we extend a most cordial invitation to you to come and worship with us. Our Sunday school averages over two hundred and our young people's meetings about sixty.

A new carpet has just been purchased and the interior of the church is to be redecorated.

At a meeting of the Sunday School Board on Wednesday night the plans for a Children's Day service to be held the second Sunday in June, were made.

The pastor had charge of the mid-week prayer service on Wednesday night, the subject being "Salvation."

Mouthpiece showing cleaner attached.

Pipe smoking grief and the Perry Pipe simply can't live together. A glance at the sectional view above gives you at least a half dozen reasons why. We could give a dozen more.

Keep a pipe clean and you've gone nine-tenths the way in keeping her clean. Trouble is you can't keep ordinary pipes clean.

With the Perry all you have to do is pull out the mouthpiece with cleaner attached and a flip of the hand shakes off all the nicotine and tobacco particles. No chance for dirty hands. That's why you clean the Perry as often as a pipe should be cleaned.

But what's the use? One puff at a Perry from you will talk louder than a hundred puffs about the Perry from us.
