### Moraine Hotel Notes

Dr. and Mrs. Casey Wood, who have been attending the graduation of their niece, Miss Marjorie Fyffe at Bryn Mawr, have returned to the hotel. Miss Fyffe accompanies them and will remain as their guest for some time.

Among the late arrivals for the season are: Mrs. H. C. Dodge, Mr. Paul C. Dodge, Mrs. J. R. Austrian, Miss Della Austrian, and Mrs. J. V. D. Wright of Chicago, Mrs. Frank Moore of Tulsa, Okla., Mr. and Mrs. Frank Haynes, of Topeka, Kan., Mr. and Mrs. F. J. Lang, Mayville, Kan., Mr. and Mrs. H. Burgoyne Wilson, St. Louis.

The first dance of the season will be given by the management on Saturday the 19th. There will be no dance on the following Tuesday that being the night set apart for the Arden Shore benefit, nor on the following Saturday night, the opening of Ravinia Park. Commencing Tuesday, June 29th the regular Tuesday and Saturday night dances will be resumed.

The benefit to be given by the hotel for Arden Shore this year promises to be of exceptional merit. The comedy "Which is Which" that was given with such great success a few weeks ago will be repeated and the new photoplay, the White Sister, in which Viola Allen is the leading lady, will be shown. This will be the first public exhibition of this picture which will be released only the day before and is said to be one of the most remarkable pictures ever produced. It consists of seven reels and will take nearly one and a half hours to run off.

There will be a recital in the ball room on Thursday the 24th, by the celebrated Spanish cellist Sala. Mr. Sala will have one or two numbers by other artists.

### High School Notes

The girls of the third and fourth year Domestic Science classes cooked and served a very delicious banquet to the school board and faculty, Friday evening in the new dining room in the flat. The work of cooking, serving and dish washing was entirely done by the girls. The decorations were yellow and green, beautifully carried out in every detail, daisies were the prominent flower. After the banquet dancing was enjoyed in the club room.

The final examinations are being held this week and next. Mr. Sandwick spoke at the graduating exercises of the Deerfield school on Friday evening of last week. Mr. Sandwick's address, which was on the subject of "Money Value of Education in General," was illustrated by charts which showed the relation of education to the different vocations, and brought out strongly the value of education in all branches of commercial and industrial pursuits. Besides the charts Mr. Sandwick brought out instances and statistics which proved his statements.

Deerfield has excelled in tennis this year defeating New Trier, Lake Forest Academy, Evanston High School and Evanston Academy. The players are: Luther Sandwick, Ralph Hunt, Raymond Geer, and Francis Everett. Judging from the strength of the team shown in comparison with opposing teams, Deerfield should have the North Shore championship.

The track meet between Evanston High and Deerfield was won by Evanston with a score of 58 to 55. In the mile and half mile races Deerfield won all three places. Good work was done by Baldwin, hurdles; Gies, dashes; Maroney and Bolan, in ducuss and shot-put. The baseball season is closed, but probably there will be two more track meets with Evanston Academy, there and Chicago Heights, here.

### First United Evan. Church

The Children's Day service will be held Sunday morning at ten o'clock. The program will be given entirely by the children and a good service is expected.

The Christian Endeavor meeting will be in charge of Carl Gieser, the subject being "Christ's call to the young men of today."

Rev. VanEvera has chosen the subject "The call to Service" for his evening address. A cordial invitation is extended to the public to attend all of our services.

The mid-week prayer meetings are well attended and the bible study by the pastor is very interesting. His subject this week was "The Straightaways of Mark."

Mouthpiece showing cleaner attached. Pipe smoking grief and the Perry Pipe simply can't live together. A glance at the sectional view above gives you at least a half dozen reasons why. We could give a dozen more.

Keep a pipe clean and you've gone nine-tenths the way in keeping her clean. Trouble is you can't keep ordinary pipes clean.

With the Perry all you have to do is pull out the mouthpiece with cleaner attached and a flip of the hand shakes off all the nicotine and tobacco particles. No chance for dirty hands. That's why you clean the Perry as often as a pipe should be cleaned.

But what's the use? One puff at a Perry from you will talk louder than a hundred puffs about the Perry from us.
