AUTOMOBILES IN SMASH UP
Mayor's Machine Collides With Medill Patterson's Friday Evening
A machine owned by Medill Patterson of Libertyville was badly smashed Friday night when it collided with a car owned by Mayor Hastings, at the corner of Vine and St. Johns Avenues. The two chauffeurs, Olaf Nelson for the mayor and Charles Holmberg for Mr. Patterson, were the only occupants of the machines. Nelson was driving east on Vine Ave. about twenty miles an hour and as he neared St. Johns turned out for an express wagon on the corner which together with the thick wall of shrubbery prevented his seeing the Patterson car speeding north. Both cars swerved, Patterson's hitting the curb and swinging around crashed into the front fender of the mayor's car. The Patterson car turned completely over and landed in an upright position and was almost a total wreck. Outside of a bent fender and a few scratches the mayor's car was not damaged. Chauffeur Holmberg received a slight injury on his right wrist.

Moraine Hotel Notes
Rehearsals are actively in progress at Moraine for the Arden Shore benefit to be given next Tuesday evening. The comedy, "Which is Which" will be presented by hotel talent with the exception of Mr. Dudley Putnam who has kindly consented to take a part.
The first exhibition of the "White Sister" with Miss Viola Allen as the leading character, will surely be worth attending. This photo-play will not be released until Tuesday and is very generously lent by the Easanay Co., who claim that it is the most important moving picture yet produced by them. The total receipts from this entertainment will be given to Arden Shore and a large attendance is hoped for.
