\$325 Less Than Last Year

This year we can offer you a bigger money's worth.
—a big four-cylinder Overland for \$750.

This new car, Model 83, is the largest four-cylinder Overland that will be produced this year.

It is in many particulars the same car as Overland Model 80—that sold for \$1075 last season, and that had

the largest sale of any similarly priced car in the world. And now the price is \$325 less.

It even has some advantages, too, over the famous Model 80—more power, a one-man top, headlight dimmers, non-skid tires on rear—and many others.

But, see it for yourself, then you'll best appreciate what remarkable value it is.
