DO YOUR VERY BEST.

Be Earnest and Thorough and You Are
Bound to Succeed.

There is a feature of Dickens' char-
acter which cannot be too often or too
seriously insisted upon, and that is his
intense earnestness and thoroughness
in everything he did. He said to me
more than once:

"My dear boy, do everything at your
best. If you do that neither I nor any
one else can find fault with you, even
if you fail. For myself, I can honestly
say that I have taken as great pains
with the smallest thing I ever did as
with the biggest."

In giving advice to a young author he
said on one occasion:

"If you want your public to believe
in what you write you must believe in
it yourself. When I am describing a
scene I can as distinctly see what I
am describing as I can see you now. So
real are my characters to me that on
one occasion I had fixed upon the
course which one of them was to pur-
sue. The character, however, got hold
of me and made me do exactly the op-
posite to what I had intended, but I
was so sure that he was right and I
was wrong that I let him have his own
way."

Whatever he did either in work or
at play he always gave of his very best.
He hated slackness or half heartedness
in any shape or form.—Harper's
Weekly.

ODDITIES OF VISION.

Peculiar Optical Effects and the Yellow
Spot in the Eye.

If one places a pinhead up close to
and directly in front of the eye the
head of the pin appears transparent and
things may be seen as easily
through it as through a sheet of isin-
glass, the head appearing simply as a
large round cloud. If it is placed some-
what closer no pin or head can be
seen at all.

If one goes into a very dark room
and puts a lighted candle near the side
of one eye very pretty and peculiar ef-
fects are observed. A tracery, form-
ing a regular network, can be easily
detected, and this is merely the shadow
thrown by the candle on the retina of
the eye of the small capillary blood
vessels between the retina and the
candle.

If one looks to the side of a dim star
in the heavens the star appears a great
deal brighter than direct vision makes
it appear. This is because the light
in the direct view falls on what is
known as the "yellow spot" or point of
keenest vision. As this is not put di-
rectly behind the front of the eye the
side glance is necessary. Some people
can see stars that way that they can-
not perceive at all on direct vision.—

A Garrick Incident.
David Garrick, when speaking was
concerned, was the pride of London.
Members of parliament envied him his
powers. Burke envied him. There is
that instance in parliament when, dur-
ing a heated debate, a member moved
that the gallery be cleared. This was
ordered to be done, and the strangers
withdrew, all save Garrick. Still the
member objected. Then up spoke
Burke. Would it be fair to exclude
from their debate the master of elo-
quence, the genius who taught them
the art of speaking? he demanded.
For himself he was proud to acknowl-
edge his indebtedness to Garrick. Fox
followed in the same strain, and Town-
shend. The house then voted that the
"stranger should remain." And Gar-
rick did not budge.—St. James' Gazette.

Soho Square, London.
Soho is perhaps the most curiously
derived place name in London. Ac-
cording to Samuel Pegge, the an-
tiquary, Soho square, which has given
a name to the district, was first called
Monmouth square when the ill fated
Duke of Monmouth had a house there.
Upon the duke's defeat and execution in
1685 the square was ordered to be
called King's square, and a statue of
King Charles II. was set up in the
middle of it. But the partisans of the
Duke of Monmouth, wishing to pre-
serve a distant remembrance of their
leader, called it Soho square, from
"soho" a hunting cry adopted by the
duke as his watchword at the battle
where he was taken prisoner.—London
Saturday Review.

Justice.
A Sunday school teacher had been
telling her class of little boys about
crowns of glory and heavenly rewards
for good people.

"Now, tell me," she said at the close
of the lesson, "who will get the big-
gest crown?"

There was a silence for a minute or
two, then a bright little chap piped
out:

"'Im wot's got t' biggest 'ead.'—Lon-
don Tit-Bits.

The One Advantage.
"Traded your motor boat for an aero-
plane, eh? What's the idea?"

"Well, there's this about an aero-
plane—even if the engine does break
down, you're bound to land some-
where."—St. Louis Post-Dispatch

TO "SHANGHAI" LUTHERANS

Delegate to Church Convention Pro-
poses Novel Plan to Effect Unity.

Rock Island, Ill., Sept. 14.—To get
the representatives of more than 2,
000,000 Lutherans of America on
board a ship and keep them there
until they have agreed to unite in a
single national church federation was
the novel plan proposed in the gen-
eral council of the Lutheran Church
of North America.

The scheme was proposed by Dr.
J. C. Kunzmann of Philadelphia. His
plan is to carry it out in 1919. The
steamer is to be chartered at New
York for a month's cruise. Repre-
sentatives of all Lutheran synods are
to be invited. The trip will be
through the Panama canal, with stops
on both coasts and ending at Van-
couver. When the latter point is
reached the delegates will leave the
boat and travel across the country
in special trains, holding great mass
meetings en route. The council is
considering the proposition.

HUNT MORE INFECTED CATTLE

Federal Inspectors Prepare to Slaugh-
ter Three Herds.

Chicago, Sept. 14.—Two small herds
of cattle, one in Lee county and one
in McDonough county, were reported
to the state board of live stock com-
missioners as afflicted with the foot
and mouth disease. Federal inspec-
tors were sent out from Chicago to
examine the cattle and prepare for
their slaughter.

Deputy sheriffs guarded the farm of
Mrs. Scott Durand at Lake Bluff, who
saved her \$50,000 herd of Guernsey
cattle from slaughter by means of
an injunction obtained from Master
in Chancery Edward J. Heydecker at
Waukegan.

ILLINOIS METHODISTS
DRAW THE COLOR LINE

Conference Defeats Resolution
for Negro Bishop in South.

Springfield, Ill., Sept. 14.—The Illi-
nois conference of the Methodist
Episcopal church drew the color line
here by refusing to adopt a resolu-
tion petitioning the general confer-
ence to appoint a negro bishop to
represent the colored membership of
the church in the south.

The intent of the resolution was
shielded by the phrase "a bishop of
languages and races," but its mean-
ing was made clear in the storm of
discussion which followed. It was
defeated by a vote of 41 to 114. Dr.
W. J. Davidson of Evanston, one of
the strongest opponents of the resolu-
tion, declared a commission ap-
pointed by the last general confer-
ence, of which he was a member, to
investigate the need for a negro
bishop, did not favor the idea.

Shortly before the discussion of the
race question Governor Dunne ad-
dressed the conference for a few min-
utes. He said America's proudest
boast should be her religious free-
dom.

STORM CAUSES \$15,000 LOSS

John Vandred and John Rentmaster,
Brown County, Are Heavy Losers.

Green Bay, Wis., Sept. 14.—The
electrical storm which swept over
Brown county caused damage esti-
mated at \$15,000.

Large barn owned by John Van-
dred and John Rentmaster were
struck by lightning, the first one be-
ing totally destroyed. Vandred lost
a horse, two calves and his entire
grain crop.

BOLT STARTS \$2,000 BLAZE

Machinery Totally Destroyed.

Elm Grove, Wis., Sept. 14.—For the
second time in thirteen years the
lightning struck the barn on the farm
of Philip Meyer, three miles from
here, totally destroying it, together
with all his grain and some ma-

SAYS BIG PACKERS
HOLD CHEESE DOWN

Combination Held Responsible
for Low Price; Big Demand.

Sheboygan, Wis., Sept. 14.—The
cheese market went up from 1/4 to 1/2
of a cent last week, with prospects
of a continued increase. Cheese on
the Sheboygan dairy board last week
averaged about 14 cents, a pound,
which is a good price for this time of
the year, although it was about 1 cent
higher a year ago.

The condition of the cheese mar-
ket is peculiar. The demand is big-
ger than the supply, despite the fact
that the conditions this summer, with
the best pastures in years, have made
it possible to produce more and bet-
ter cheese than ever before. When
asked to explain how it came that
the supply was less than the demand,
and still the price is held down, a
leading cheese dealer declared that
the big packers absolutely controlled
the market.

"Why I know it to be a positive
fact, that the big packers have actu-
ally given cheese away to some of
those that do not have contracts, in
order to hold down the price. I have
been in the business a good many
years, and am pretty well conversed
with the situation," he said. "It is
actually funny to hear the excuses
that have been offered recently for
holding the prices down, when it was
impossible to secure all the cheese
that is ordered."

Powder Company Extends.
Sheboygan, Wis., Sept. 14.—Another
big addition to the plant of the Du-
pont Powder company at Berdale
was started last week when work on
a new acid line was started. It will
include several large sulphuric acid
buildings, the largest of which will
be 190x150 feet in size. Nearly 2,000
men are employed at the plant of this
company, the large portion of whom
are employed on new construction
work. The company is building five
triton lines, besides enlarging every
department of the present plant.

Postal Substation Ordered.
Sheboygan, Wis., Sept. 14.—The
rapid growth of Sheboygan has caused
the postmaster general to order a
postal substation established in the
northwestern part of the city. Post-
master Gottacker has received order
to establish a substation in the
O. P. Markquardt store, 190 North
Fifteenth street.

Fishermen Are Fined.
Oconomowoc, Wis., Sept. 14.—Mar-
tin Wolski of Milwaukee paid a fine
of \$50 and costs on a charge of fish-
ing with set lines. J. F. Hines of St.
Louis was fined \$25 and costs for
fishing without a non-resident license.
Both arrests were made by Conserva-
tion Warden E. W. Turtle.

Farmer Wins Ribbons on Horses.
Poynette, Wis., Sept. 14.—Ray Cur-
tis, a young farmer of Poynette, won
the grand championship \$50 prize at
the Lodi fair last week for the best
any age or bred mare in the draft
class. He also won three first, two
second, and one third on other horses
he entered.

Hunter Severely Penalized.
La Crosse, Wis., Sept. 14.—Emil
Kabat, a young hunter of this city is

boat worth \$50, as a result of being
caught by Conservation Warden Rock-
ow shooting prairie chickens before
the opening of the season.

Larger High School Needed.

of the increase in the attendance at
the high school here, S. B. Buckmas-
ter, president of the school board,

cessary next year.
