Moraine Hotel Notes

Tuesday's dinner-dance at the Moraine Hotel was one of the best attended and most enjoyable of the season. A number of special dinner parties were given for the young ladies and gentlemen of the North Shore, who are soon leaving for school. The affairs that follow the dancing during dinner are held in the ball room, are unique in arrangement, and furnish equal entertainment to the chaperones, on-lookers, and dancers. This affair was an Autumn Frolic, as was announced, and was a most beautiful dance, with decorations of autumnal gorgesunness and color. Most appropriate souvenirs generously distributed among the guests were in keeping with the general decorations. The autumn cotillion which was the prettiest of the evening was led by Miss Frances Motley Packer, and Mr. Craig Royston Harrison. Next Tuesday will finish this series of dances and will take the form of a grand Taut Ensemble.

Mr. and Mrs. M. J. Agnew and Jack Outhet, who have lived in Glen-coe all summer, are spending this week at the Moraine before returning to their Chicago apartment.

Baptist Church Notes

Evangelist Thompson in the morning at the Baptist Church preached on John 18:25: "And Simon Peter stood and warmed himself." The evangelist said: "This was untimely, as while the brutal soldier was smiting Jesus with the palm of his hand, Simon Peter was standing at the fire, warming himself. There are things which are good in themselves, but if done at the wrong time are untimely. The fact that Simon Peter could do this at such a time proved that he thought more of his own body than of Christ. There are many Simon Peters now who turn their back upon the church and Christian service, to stand by the body. In summer time it is too hot to go to church, and in winter time it is too cold, and if it should happen to rain he might get wet. So about all the modern Simon Peter does is to keep warm at the fire while Christianity is neglected.

In the evening Evangelist Thompson took his text from Proverbs 14:12: "There is a way which seemeth right unto man, but the end thereof are the ways of death." Miss Thompson played Schubert's serenade, and the evangelist sang with harp accompaniment "The Ninety and Nine."

Tuesday evening Mrs. Otto Zwick entertained the Philathea class, being assisted by Mrs. George Francis. The lesson was chapter 11 of the Study Book. After the program delicious refreshments were served. There were about twenty-five present. Out-of-town guest was Mrs. Herbert Evans of Grinnell, Iowa, who with her husband has been spending a few days at the home of Mr. R. G. Evans on First St.

Fort Sheridan

Captain and Mrs. Schraeder, who have been encamped at Ludington, Mich., are soon to return to the post. Mrs. Miller leaves soon to join Lt. Miller, who is doing patrol duty on the Rio Grande river, Mexico.

Mrs. Emory will join Lt. Emory at Galveston, Texas, next week, from which place they will both sail on the 26th of this month for the Philippines.

Mrs. McClure has left the post to join her husband, Major McClure, at Fort Leavenworth, Kan.

On Monday afternoon Mrs. James Holbrook entertained at three tables of bridge complimentary to Mrs. Nicholson. Mrs. Holbrook, who has spent the summer at the post, is preparing to go to New York to make her home there.

BOARD OF REVIEW COMPLETES WORK

Total Valuation of Lake County Property is \$23,338,885.00

The Lake County Board of Review Saturday completed the work of making out their report of the value of personal property, lands and lots for the year 1915. The total valuation of all property in Lake county as shown by the board's figures for this year is \$23,338,885. This is an increase of \$3,085,670 over the valuation as fixed by the board last year, and an increase of \$4,256,776 over the assessors' figures for the year 1915. This is considered a most phenomenal increase, being even larger than the increase of last year, which was \$2,438,895 higher than that of the preceding year.

The big increase this year is found in personal property where the increase over the assessors' figures was \$4,315,940. The increase is attributed to the increases in valuation placed by the board on property of Richard W. Sears, Nelson A. Steele and Frank Deming, all deceased.

In the lands there was an increase of \$12,185 over the assessors' figures. In lots there was a decrease of \$71,320.

ELISHA MORGAN GIVES PICTURE SHOW

Following is Clipping from Saturday's Republican-News of St. Ignace, Mich.

Mackinac Island had an unusual movie program last Saturday evening. Elisha Morgan of Highland Park, Ill., presented at the Orpheum two reels of Island scenes that were a great treat to those fortunate enough to get seats. The photographing was fine, better than anything of the kind ever shown here. The moving pictures taken from the Pilot on its trip around the Island were wonderful revelations in accuracy and picturesque and the beauty of the pictures as a whole should be a great advertisement for the island if shown throughout the country this fall and winter.

Mr. Morgan is to be congratulated on the results he gets in moving pictures, and his "Lumiere" color photographs are said to be without equal in this country. Mr. Morgan rented the theatre for the evening and the house was packed at both performances.

DANCE AT LAKE FOREST TONIGHT

"Suburban Special" Announced for Ravinia Park has been Changed

Plans for the "Suburban Special" dance which has been advertised to take place at Ravinia Park tonight, have been changed. Mr. Thomas Welch who is giving the dance has been unable to make satisfactory arrangements for the Casino, therefore will hold it in Anderson's Hall, Lake Forest. The John A. Hand orchestra will furnish the music.

Mrs. H. B. Roberts left this morning for Peoria, Ill. where she will visit Dr. Robert's relatives for two weeks.

Mrs. Osborne had been ill at different times since a year ago, having suffered loss of speech from the effects of brain trouble at that time. She had been critically ill for one week before her death. Mrs. Osborne, who has made her home with her only daughter, Mrs. Frank C. Clark, for the past nineteen years, leaves to survive her, besides her daughter, two brothers and one sister, in the east, and Miss Estelle Clark, her grandchild. Winnetka Population Now 5058

According to the school census which has just been issued Winnetka now has a population of 5058. This is an increase of 611 over last year, which is at the rate of 13.7 per cent. From all reports this is by far the largest increase of any town along the north shore.

The greatest part of the increase is in Hubbard Woods and the south eastern section of the village, but building activities and the influx of new families has been general throughout the village. The census was completed in July and the settlement of the building trades strike since that time makes it possible that by conservative estimate there are now 200 more people in town.—Winnetka Talk.

ELECTRICITY
The Servant in the HOUSE

- ☛ The average shop or office is equipped in more or less degree with labor saving devices. It is if it's modern.
- ☛ If the headpiece of the boss isn't solid bone, there's probably knowledge in it that these appliances add a snap to the working force. They subtract some of the strain.
- ☛ There's a heap of inevitable and exhausting drudgery in the average American household. The stress that proceeds from it can be relieved just as strain is eased in the business establishment if the house is equipped for **Electric Service.**
- ☛ Then you've only to press a button and a tireless, willing servant is ready instantly to tackle that backbreaking wash tub, or navigate that carpet sweeper, or run that sewing machine, or transfer that ironing from a stewing kitchen into another room or outdoors in summer.

And all this and other kinds of work will be done at trifling cost because Electric Service is cheap

If your house isn't equipped for electric service, you can have the job done by us, paying for it a little monthly for two years
