NEEDLE WORK GUILD OF AMERICA BUSY

TO HOLD EXHIBITION AT MORAINES

Men, Women or Children May Become Members. Any One Desiring Information May Call Any of the Directors

Just about a year ago a branch of the Needlework Guild of America was organized at Highland Park with Mrs. John Glass as its president, and through the hard work of many enthusiastic women, started an excellent work. During the summer the organization had ceased all work, but now with cold weather about to come it has become active again. This Guild is organized to give those "who have" a chance in a way everybody can afford, to help those "who have not." The Guild is non-sectarian. The object is to collect and distribute new, plain suitable garments, to meet the great need of hospitals, homes and other charities, and to extend its usefulness by the organization of branches. The plan of work is very simple. The annual contribution of two or more new articles of wearing apparel or household linen, or a donation of money, constitutes membership in a branch. Men, women or children may become members. The collection of garments for the Highland Park branch will be made between now and November tenth. Exhibition and meeting of all garment givers will be held on November tenth at the Moraine Hotel. Those wishing information concerning membership can apply to the following directors, Miss Towner, Mrs. G. V. Dickinson, Mrs. Robert Carr or Miss Catherine Cushing.

SUGGESTION FROM MAYOR HASTINGS

Further Report of Meeting of Council and Citizens Held on Tuesday Evening, October Sixteenth

By Publicity Commission

Mayor Hastings was happy in his remarks on Tuesday evening October 16, when he acted as temporary chairman at a special meeting called to consider the advisability of forming an association to be known as the Greater Highland Park association, which would enfold all previously formed committees for civic purposes. A short notice of this meeting was given in our last issue. Mr. Hastings spoke a few words on the duties of some of the special committees under the Commission Form of Government, and reminded his hearers that while it is the business of the Board of Local Improvements to build new streets, when finished, they are turned over to the city, whose duty it is to keep them in proper repair; this on the face of it, is a big obligation, and a costly matter—the city owning over forty miles of streets. The treasury is not rich enough to do the work as it should be done. Commis-

NEW STATE AID ROAD TO BE BUILT

Clarence Durand Purchases Property of the Area Institute of Business Technology. Petition for Training Camp. Other Items

New State Aid Road to be Built
The road and bridge committee of the county went to Lake Forest in company with Superintendent of Roads Charles Russell, where they met with the township officials of Shields on Tuesday afternoon to consider the plan of county aid for a two and a quarter mile stretch of road in Shields township.
The road in question is to be on the Telegraph road south of the Chicago & Milwaukee railroad tracks. The proposed road is to be of concrete eight feet wide. The Telegraph road is located between the Green Bay road and Milwaukee avenue. It is a very important highway and for a long time the plan of making it a county aid road has been under consideration. All of the officials who discussed the matter on Tuesday felt that no time should be wasted. It is believed that if the plan is decided upon, as it is believed it will, that the work of construction can start the first thing in the spring.

Clarence Durand Purchases Institute
All of the beautiful property of the Area Institute of Business Technology, located at Area, west of Libertyville, was sold on Monday to Clarence N. Durand of Libertyville, under a consideration of \$20,000. Mr. Durand to assume all the incumbencies which, it is said will run upwards of \$60,000 to \$75,000. By the deal which was consummated Monday the career of Arthur F. Sheldon, the man who launched the world-famous Sheldon correspondence school is ended so far as Lake county is concerned.

Incidentally, it is learned that Mr. Sheldon is in the sanitarium at Wilmette, having been there for a month receiving treatments for nervous breakdown. Loss of business in the European field where he had an extensive correspondence trade, is said to have caused his break which, for a time has menaced his health seriously.

Hears Naturalization Cases
Judge Claire C. Edwards sat in the circuit court in Waukegan Tuesday and Wednesday hearing naturalization cases, with Examiner Thompson representing the naturalization bureau of Chicago. One hundred and thirty-one cases were heard.

The examination Wednesday was the final one given for the acquiring of first papers by the applicants for citizenship in the United States. Some time ago the preliminary examinations were held and, while at that time there were several applications turned down temporarily, sufficient numbers were passed up to make the present session a busy one.

Petition for Training Camp
Asking a civilian training camp at the Great Lakes naval station, a petition bearing the signatures of 5,000 citizens of Chicago and other Illinois cities was mailed Tuesday to Secretary of the Navy Daniels. The petition was sent by W. M. Lewis, secretary of the Middle West section of the Navy League of the United States. It bears the signatures of prominent men of Chicago, Peoria, Davenport and other cities.

Poultry Show December 1 to 5
The Illinois Poultry Fanciers' association have fixed their dates for holding their annual poultry show in Waukegan. It will be held December 1 to 6. The place for holding the show has not yet been decided upon but the various officers of the association are working hard getting preliminary details ready.
They declare the show this year will be even better than last year and great plans are being made to have the exhibits excel previous efforts if possible.

Keep Flags for Next Year
Col. W. J. Nicholson, who has charge of the Fort Sheridan training camp of citizen soldiers Monday carefully packed away the two flags presented to the camp by the Chicago Telephone company. The two standards, one a silk, gold-fringed American flag, and the other a flag bearing the inscription, "The U. S. Training Camp, Fort Sheridan, Illinois," will be hoisted over the encampment next year.

CONTINUE BATTLE FOR COUNTY CHAMPIONSHIP

REGULARS STRENGTHENED FOR SUNDAY

Waukegan has Also Signed up Some of the Best Players Obtainable in the State. Game at 2:30 Sharp

The "Goddess of Fortune" certainly favored Waukegan Sunday, as, according to the press reports of this week in a Waukegan daily paper, Highland Park unfolded a sight which the Waukegan fans had hardly dared think of, in the persons of Scott, Weaver, Schalk, Felch, Smith and Bancroft, renowned the world over, as the best baseball players in accordance to some Waukegan scribes. As a matter of positive fact, the men present were James Scott, Geo. Weaver of the White Sox and Jack Smith of the St. Louis Cardinals. The local scribes certainly were misinformed as Bancroft, Schalk and Felch were signed but failed to show up. These six men probably offset the six regular Waukegan players who have been occupying their regular positions sitting on the bench during this series. While such men as Stewart formerly of the Cubs, Kernan of the White Sox, Sullivan of the Western League, Williams of the New England League, and Schorr of the Cubs who lost to the Highland Park team by the score of 3 to 0. Three days after this game he finished a regular game for the Cubs against Philadelphia, champions of the National League, and holding the league champions scoreless for six innings. Waukegan scribes seem to forget that their team has been "loading" steadily all through the series, and judging from their reports one would be led to believe that Waukegan consisted entirely of High School players, as a matter of fact, Waukegan is represented in this series by the best players obtainable throughout the state that money can procure, and also go home with their salaries and consider it "easy money."

Probably Waukegan would be more contented to have Highland Park journey to their battlefield with a team of cripples which would relieve them of a lot of worry, etc., and thereby clinch the championship. But Highland Park treasures the honor which they won last year and are out to defend it, so fans be on hand Sunday and show your loyalty and you no doubt will be awarded by seeing a desperate struggle. Further, fans, bear in mind that the game starts at 2:30 p. m.

ARVEY ENSTROM MEETS TRAGIC DEATH MONDAY

12-GAUGE GUN ACCIDENTLY DISCHARGES

Inquest Over Body Held Tuesday Morning. Funeral Service to be Held This Afternoon, Thursday Burial at Waukegan

Arvey Hugo Enstrom, age fourteen years, met death on Monday afternoon at two o'clock in a most tragic manner, when he, in company with two friends, were out hunting and a 12-gauge shot gun accidentally discharged, the shot striking his chest, just above the heart. His little companions hurried him to the doctor's office, a distance of about two miles but the child died shortly after their arrival there suffering with hemorrhages as the doctor could not stop the flow of blood. The accident occurred in the wood lots that divide Highland and Highland Park.
Coroner J. L. Taylor was summoned and at nine o'clock Tuesday morning he empaneled a jury to inquire into the cause of death. The two boys who were with Enstrom when he met death were called as witnesses. A verdict exonerating them of all blame was returned by the jury. The verdict reads as follows:
"We, the jury, find that Arvey Enstrom came to his death by a gun shot wound in his left chest, said wound being received by the accidental discharge of a gun held in his own hands."
The men who formed the jury were: Mr. James H. Duffy, foreman, A. G. Johnson, James Hepburn, Wm. L. Meyers, John Grant and James Halpin. Funeral services will be held this afternoon at two o'clock in the Swedish Lutheran church, Highland. Burial in Waukegan cemetery.

SHORT SESSION OF COUNCIL

Matter of Widening of Sheridan Road at Corner of Central Avenue Matter of Discussion

Mayor Hastings showed no fatigue when he took the chair at the council meeting last Friday afternoon. We understand that he had just returned from a convention in Joliet where he addressed eight hundred bankers in the opera house. In the absence of Commissioner Hitchcock, Commissioner Willits presented pay rolls and bills for work done; they were O. K. ed and ordered to be paid. Commissioner Bahr spoke of the danger of life and traffic at the corner of Sheridan Road and Central Avenue, on account of the narrowness of the streets; it seems to us that the property owners in that vicinity should send a written complaint to the city council requesting that the roads be made wider—something should be done, and done promptly. As there was little business to transact the meeting adjourned after a short session.

EDWIN A. ARMSTRONG PASSES ON

Succumbs Rather Suddenly at His Home On Forest Ave. Saturday

Edwin Augustus Armstrong, aged sixty-seven years of age, died at his home on Forest Avenue Saturday afternoon at five forty o'clock after an illness of several years of heart trouble. Since the Thursday before his death, Mr. Armstrong suffered a spell of loss of breath, and lung trouble which continued to get worse until his death. Mr. Armstrong was born in Detroit, Michigan, January nineteenth, 1848, and was married to Miss Zuleime Bright of Toledo, December eighteenth, 1889, coming to Chicago three years later. Mr. Armstrong organized and was president of the E. A. Armstrong Manufacturing company of Detroit, and later, after resigning that position was president of the Impervo Manufacturing company of Chicago, which he organized and was the head of several years before his death. He was also a member of the Exmoor Country Club and of numerous lodges. Funeral services were held at the house at four o'clock Tuesday afternoon, with Dr. P. C. Wolcott officiating, burial took place in the family lot at Elmhurst, Detroit, Wednesday morning. Mr. Armstrong is survived by a widow, Mrs. E. A. Armstrong and one daughter, Miss Marie Armstrong.

A COLUMN FOR THE USE OF EVERYBODY

POLICE DEPARTMENT PRAISED BY "A. B."

Believes that Highland Park has Never Been Better Protected by its Police Force Than at the Present Time

To the Editor:
In your edition of September 30th, under the heading of the regular council meeting, the reporter takes occasion to severely arraign both the police force and the police commissioners. The immediate stimulus to the attack appears to have been the unfortunate automobile accident of recent date, in which an officer absent from duty without permission or apparent justification was seriously injured.
Assuming the above facts to be true, it should not appear to any unprejudiced individual that the whole police force and officials higher up should be even verbally castigated for the shortcomings of one individual.
I believe and am convinced that a great majority of our citizens believe that the major portion of our police force is comprised of honest, conscientious men.
A large majority of our citizens I am also convinced, believe that our police commissioners are unselfishly doing all in their power, financially handicapped as they are, to provide an effective force, and public protection.
A salary of seventy dollars per month will not invite a large assortment of either domestic or imported talent from which to select your correspondent's "sans peur et sans reproche" officers however devoutly wished for.
Let us give credit where credit is due. Highland Park has probably never been better protected by its police force than at the present time and these men who are filling their positions honorably should receive due recognition and credit from all of our citizens. —A. B.

WHY NOT MAKE IT A NATIONAL CRUSADE?

UNITE AGAINST RANGE OF USELESS LAWS

Our Laws Make More Interference With the Liberties of the People Than Any Country on Earth, Yet We are Free

One of the Chicago papers has hit upon an exposure and reform that ought to be speedily converted into a national crusade. It is entitled: "Useless Laws Driving Us to Lawlessness." It deals with the appalling increase in arrests in American cities, and also rural communities, due to statute and ordinances that are the result of reform-crazed people.
We boast of being a free people, self-governed and all that, yet we make more interference with the liberties of the people than any other country on earth, and we have a record of more arrests and more men who have been compelled to look through the steel bars of jails. And we endure it without protest. Most of the laws under which these appalling arrests are made are the fulfillments of half-disensured brains, men and women crazy with the idea of making others conform to their standards of morals or even living. We see legislation after legislation piling on these useless laws, and most of us have become so cowardly that we are afraid to protest—some for fear of being called unprogressive if we do not fall into line with each new theory of the social reformers.
Those who by reason of balanced brains ought to be influential at the polls are apathetic, disgusted with the whole "game" or merely cowardly—and often they do not want their money making processes interfered with—and so it is that we have our statutes clogged with laws that do not represent public sentiment or opinion, laws that make criminals of thousands of Americans and put on the stain of arrest and imprisonment. —Evening Times, Cedar Rapids, Ia.

DROP CASE AGAINST PRINCIPAL SANDWICK

STORY OF BEATING BOY RIDICULOUS

Upon Examination of the Boy by the Visiting Nurse, and Others, No Marks Were to be Found

The case of the State against Principal R. L. Sandwick of the High School, for the alleged beating of John Bodner has been dismissed. The boy's mother and State's Attorney Dady after investigating the true facts of the case, refused to appear against Mr. Sandwick. The statement in the Chicago papers that the boy bore marks of a beating is ridiculous. The visiting nurse, a representative of this paper and others, upon examination failed to find the slightest trace of any mark. Eyewitnesses also report that the boy was not beaten, that he was merely shaken.
To begin with, a number of residents living adjacent to the school, have, from time to time made vigorous complaints to Mr. Sandwick, charging the pupils with the throwing of pop corn and peanut sacks, pop bottles, etc., purchased from various pop corn wagons, onto their lawns giving them the appearance of saloon back yards. Their complaints were followed by a rule prohibiting the pupils leaving the school grounds during the lunch hour. It was the violation of this rule by John Bodner, and his punishment, which has caused the printing of many misleading and false articles in the Chicago and Waukegan papers.
The printed stories about rival lunch rooms is absurd. The school lunch room at the present time has more patrons than can be conveniently cared for.

HUMANE SOCIETY BUSY THIS LAST WEEK

Mr. Covington Fined \$25 and Costs. Cruelty to Horse

A case of the cruel usage of a horse was recently brought to speedy justice in Highland Park. The animal was being worked on St. John's avenue where the street is being paved. It was suffering from large raw sores on each shoulder upon which the collar bore heavily. This condition was noticed by a citizen who reported it to the Illinois Humane Society.

WHEN HUMANE OFFICER McDONOUGH OF THE SOCIETY AND OFFICER MEYER OF HIGHLAND PARK EXAMINED THE HORSE THEY SWORE OUT A WARRANT FOR THE ARREST OF W. A. COVINGTON, THE OWNER, AND CONSTABLE SHEEHAN WENT IN HIS AUTO TO TAKE THE MAN IN CUSTODY.

The case was immediately taken before Justice of the Peace James C. Boylan, who, after hearing the evidence, fined Covington \$25.00 and costs, amounting to \$30.15. The society ordered the horse laid off from work until entirely fit for service and an officer is watching the case.
