Nothing in the Situation To Worry About
At any rate not in the house that's wired

The guests that are coming
in on the cook's day off
needn't go hungry so long
as there's an Electric Chaf-
ing Dish or Electric Disc
Stove in the house. The
magic current available from
any lamp socket will supply
the fuel, and on either you
can prepare a dainty meal.

START MILITARY TRAINING

**Two Hundred High School Boys Have
Joined Class**
Military training has started at the
high school, and has been enthusias-
tically received by the two hundred
boys who have begun the training
this week. The training which is
voluntary is in charge of Second Lieu-
tenant W. H. W. Young of Fort Sher-
idan, of the Fifth U. S. Cavalry, and
will take about two hours a week of
the regular gymnasium work. Each
student will be required to purchase
his own uniform, and any outside
help will be much appreciated, the
price of each uniform will be five or
six dollars. An effort is being made
to secure arms from the government.
Two companies will be formed in
order to produce rivalry. Officers
will be chosen from among the boys
who show the greatest proficiency
during the early drills.
A military band under the direction
of the music teacher, Mr. Russell
Morgan, who is in charge of a band
at Northwestern University, is being
organized this week. At a meeting
of the Lunchroom Association this
week it was decided to use the profits
of the lunch room to purchase instru-
ments for the band.

HIKE FROM CHICAGO TO HIGHLAND PARK

**No Blow-Out or Tire Trouble Ex-
perienced During Trip**
Stewart Reed Brown, Lincoln ave-
nue, Highland Park and James Jef-
ferson Arden, Highland avenue, Chi-
cago, walked from Highland avenue,
Chicago, to Lincoln avenue, Highland
Park on Saturday, October 16th, in
four hours and thirty-five minutes.
The trip was made for the exercise
and the men did not stop during the
entire trip, and suffered no discom-
fort excepting a few blisters.
The trip was made without any
blow-out nor tire trouble and formed
a pleasant outing for a fall afternoon.
This is not, however, the first trip
of its kind made by the two men, for
they have heretofore walked from
Chicago to Elgin and from Chicago
to Evanston and back, making the
trip in four hours and fifty minutes.
The trip, however, from Chicago
to Highland Park was without any
preparation and without any thought
than might accompany any ordinary
trip of a couple of miles. The day
was splendid for walking and the
men started away at three p. m.,
sauntering through North Edgewat-
er, Rogers Park and through South
Evanston and followed the shore line
as far as North Hubbard Woods,
where the shore line was left and the
men proceeded along the right of
way of the Northwestern elevated
until Ravinia Park was reached,
where it was again possible to take
to the walk.
Both men believe that the trip
can be improved upon not only by
themselves but by others, who are
fairly good walkers.

Language.
The verse found in Genesis II, "And
the whole earth was of one language
and of one people," has given rise to
much speculation as to the language
spoken on the earth previous to the
"confusion of tongues." According to
many authorities, Hebrew was the lan-
guage spoken by Adam, while others
state that Hebrew, Arabic and Chaldee
are simply dialects of the original
tongue. The Persians assert that there
were three primitive languages. The
Arabic, being the most persuasive, was
used by the serpent in addressing Eve;
the Persian, being the most poetic, was
spoken by Adam and Eve, and the
Turkish, being the most menacing, was
employed by the angel when driving
the guilty pair from the garden of
Eden.
Herodotus says that Psammethicus,
king of Egypt, wishing to learn the
language that would naturally be spo-
ken by a person, caused two infants to
be carefully guarded and kept from all
verbal intercourse. When brought be-
fore him the first word the children ut-
tered was bakes, the Phrygian for
bread, whereupon it was at once as-
serted the Phrygian was the primitive
or oldest tongue.—Philadelphia Record.

Telling Time in West Africa.
Because of the scarcity of clocks in
West Africa events are timed by the
regular daily occurrences. For ex-
ample, a native wrote that she had re-
ceived news of her sister's illness "a
little while before the guinea fow
talks"—that is, about 5 o'clock in the
morning.

Why He Was Sad.
"Why so sad and downcast?"
"My wife has threatened to leave
me."
"Cheer up. Women are always
threatening something like that, but
they hardly ever do it."
"That's what I was thinking."
Houston Post.

Easy to Guess.
A woman writer says girls ought to
know what their beaux make.
Don't they? Unless times have
changed the girls get three-fourths of
it during the courtship and make a
clean sweep after the wedding.—Hous-
ton Post.

**Copper Reflector
Reliable
Gas Heaters**

Are of beautiful appearance and of simple and durable construction nicely rounded corners of drawn steel eliminating entirely the use of bolts and rivets, equipped with an electrically welded and coppered fender and finished with an ebony black enamel.

Let a *Reliable Gas Heater* take the gloom out of these cold night-like mornings and take the chill out of the icy bath rooms.

REGULARS OPEN SERIES WITH McCANN'S
(Continued from page 1)
cooler at present, than at start of series, the West Siders, not being acclimated, got what is commonly termed "cold feet" and through failure to live up to written agreement, forfeited the series to Highland Park. Under written conditions the series was to be played the best four out of seven games. On Thursday evening, October 21st, at 11 p. m., the manager of the West Siders called Mr. Glader on the phone and informed him that unless he posted a forfeit of \$300.00 by two o'clock the following day which was to be turned over to the Waukegan Club in the event that he used minor or major leaguers, Mr. Glader responded that if the Waukegan Club would play under the same terms, he would cheerfully comply with their conditions, but the Waukeganites, exhilarated over being one game ahead in the series, perceived that they could dictate terms, not in the contract. The Waukegan management insisted that the Highlanders finish the series under such conditions, that it would disable the

locals to such an extent that they would have no chance to win another game, so that they could easily cop the series.
Mr. Glader knowing that such conditions would be an injustice to Highland Park, refused to post the forfeit and the West Side manager informed Mr. Glader that the game was cancelled and he quit. As a matter of fact no fan has seen a major leaguer don a Highland Park uniform, while Waukegan, through the series, has had three major leaguers in Stewart and Schors of the Cubs, and Kernan of the White Sox. The Waukegan club was aware of this and must have tried to put something over when they demanded a forfeit. Under these conditions the Regulars claim the championship and are to defend the honors against the Waukegan South Side club in a three game series.

On Tuesday, The Northeastern section of the Illinois State Teachers' Organization will meet in Aurora, on Friday and Saturday, November 15th and 16th. All teachers of the district will attend, and therefore no school will be held on Friday. The next Parent Teachers' Association meeting will be on November 13th, at the Ravinia Village House, in the form of a kindergarten meeting, with Miss Helen G. Dwyer, the kindergarten supervisor of Evanston public schools in charge. A good attendance was present on Friday evening at the last regular meeting of the Parent Teachers' Association. Music was furnished by Miss Bertha Harbaugh, at the piano, and Mrs. Wilder at the violin, with Mrs. Weeks accompanying her on the piano.

Scarlet Fever in Glencoe.
The recent discovery of several cases of scarlet fever among Glencoe school children has impelled the village board of health to close the two lower grades of the public school and the kindergarten last Thursday for a period of two weeks.

Lincoln School
The teachers visited the Frances Parker School, University School, and Chicago Latin School, in Chicago
