DECORATED CHINA ALWAYS LIKED

Skill and Patience Well Expended on These Gifts.

THIS hand painted set, consisting of a watch case, comb, brush, mirror, powder box, jewel box, cream jar, buttonhook, nail polisher and tray, replaces the cretonne covered articles so popular last summer. They are painted in dainty greens and pale pinks and are highly suitable for a young girl's dressing table. Another pretty set was painted especially for a blue room in forget-me-nots. In both cases the china is set in gilt mounts.

Head photograph frames are really charming bits of handwork which will make pleasant gifts for either men or women. These are woven easily done on canvas than on a bead loom. They are in all the charming bead designs and in many shapes—square, rectangular, circular and shapes that are fanciful and elaborate. Forget-me-nots in blue

APRONS GALORE.

Here is a Regular Apron Tree, Growing a Hundred Designs. This fascinating apron can be manufactured of bits of organdie, val lace and heading, which affords a dainty finish with narrow ribbon run through it. The shy little pocket gives a utilitarian note usually lacking in such frivolous

A JAUNTY GIFT.
Dainty, figured lawn, dotted Swiss or steered organdie may be used if you wish to make a different one for each of your friends. You can also make charming aprons for afternoon tea out of silk, linen, satin, lace and ribbon, each apron having its dear little tiff. "The woman's woman," with hosts of friends among her own sex, will hail these aprons with delight. Clever sewers will need no pattern by which to shape them. For the other women, who must measure and judge, one pattern will suffice for a hundred aprons.

Ways to Conceal Christmas Money.
A box of marshmallows laid flat in one or more layers, each sweet holding a paper covered dime, will delight the juveniles and please even those who are not so youthful. Giant Christmas cards, in which the sentiment is outlined in shiny new neckties or even gold pennies; tin toy banks, cheap cups filled full of the "mammon" (as some of our friends call cash), are all mirth-making cash gift conveyers as well as legitimate and festive Christmas gifts.

A time worn proverb says "HE IS ABLE WHO IS WILLING" meaning of course that "WHERE THERE'S A WILL THERE'S A WAY"

THE GETTING OF AN EDUCATION

There are thousands of people who value an education and who desire to obtain one and who moreover would speedily have one if only they could absorb it by a mere expression of the will, or if they could have it injected into them as a doctor might inject morphine. Indeed they would be willing to PAY FOR it liberally if that alone were sufficient, but the idea of having to put forth an effort to get it seems not to appeal to them so strongly. That is why it may be said with so much show of truth that THE IGNORANT ARE ALWAYS WITH US. They already have been and it is false to presume they always will be. BUT THE PROPORTION IS BECOMING LESS AND LESS EVERY DAY. FORCES OF CIRCUMSTANCES IS MAKING IT SO. It is harder to-day for the uneducated to succeed than it was yesterday and it will be harder to-morrow than it day for the uneducated to succeed than it is today. If that is true—and it is beyond the shadow of a doubt—should we not promptly take steps by the forelock and prepare ourselves for the inevitable.
