

# National Flower Show

Chicago, November 9-14, 1915

We were awarded the GRAND PRIZE, a Silver Loving Cup for the 50 best White Chrysanthemums on exhibit.

We also won the Silver Cup donated by the E. F. Winterson Co. for the best display of Bouvardias.

When you take into consideration that no finer flower show was ever held in this country as the present one and that we are the smallest growers represented, there is every reason to feel justly proud over the fact of bringing home these trophies. We will let you see them next week

### THE CZAR'S CHECK.

It Passed Over Itching Palms, but That Was No Surprise.

When Professor Tuxen, the Danish artist, had finished his great work, "The Coronation of Edward VII.," he received, it appears, an order from the Russian emperor for a copy of this painting, (or which the czar was to pay 12,000 roubles.

In due course the professor repaired to Petrograd to deliver the painting. He was granted an audience with the czar, who expressed his satisfaction with the picture and who handed the professor an order on the imperial treasury for the sum agreed upon.

When the professor presented the check for payment he was told that an order from the emperor was subject to a discount, and he had, therefore, to accept a sum considerably smaller than the face value of the check.

Before his departure from Russia the professor had a farewell audience with the czar, who in the course of conversation asked him, "Did you get your money, professor?"

Professor Tuxen replied that he had not intended to mention the matter, but since his majesty himself raised the question he would say he had received only part of the money.

At this the czar seemed not at all surprised, but calmly made out another order for the sum which had been deducted from the original amount, and thus Tuxen got his money.—Washington Star
