RED CROSS SEAL CAMPAIGN OPENS

Club Members, Business Men, Nurses and Camp Fire Girls are Already Placing Orders

The Red Cross seal campaign opened Monday, November the 15th. Clubs and societies as well as individuals had gotten advance orders with the approval of the state tuberculosis association.

Most orders are for small numbers of the seals upon which the campaign depends for victory. But among organizations the tuberculosis leagues

far surpass all others in the size of orders placed. Springfield and Peoria lead outside of Chicago with a half million seals each, while Evanston, Morgan county and Wimebago county leagues follow with 200,000 each and Adams, Madison and St. Claire counties each call for 100,000 of the cheery bullets.

Club women and health officers consider the seal campaign an important part of their winter work while business men, society people, nurses, camp fire girls and boy scouts are placing their orders and preparing to work hard for success.
