CAPT. ENEA CAPTURES FIRST PLACE IN LEAGUE

FOY AND ORI ARE TIED FOR SECOND

Chicago Telephone Co. Trims Bowman Dairy. "Old Man" Ori Won Last Week's Prize with Two Fifty-eight Pins

By "Cub" Moon
There was considerable changing around in the standing of the teams last week. Capt. Enea led his men into first place by winning three games. Foy dropped into a tie with Ori for second place, while two are tied for third and three tied for fourth places. Capt. Workman has come from behind and is now threatening to dispose the leaders. Capt. Foy's team still has high game and high average for three games. The teams and individuals are trying hard to break the league records, of which Capt. Foy and his men have the honor of holding. These are in danger, and no doubt will be broken as the schedule progresses. Bowlers; there is always a chance to make good scores, no matter how good or poor you are. Sometimes you will find your name with high score after it, so go to it and do your best. You may be lucky or you may deserve it, but it looks good on paper.

There were several match games last week, the Chicago Telephone Co. winning from the Bowman Dairy Co. On Saturday evening, two teams entered in the Chicago tournament bowled a special match, the Italian team winning over team No. 1, led by "Doc" Evans by thirty-two pins. Next Saturday evening, team No. 3 will meet team No. 1, also for practice prior to the big tournament. On February 5th, the doubles and singles entries have scheduled a special tournament among themselves. One dollar per man is the entry fee, and the first two places will capture the prizes. On the 6th the Highland Park entries will go to Chicago, and our wishes are that they will come home smiling and with their names on top. Good luck, men, we are all with you.

"Old Man" Ori won last week's prize with 258. This week's prize is also \$2.50.

RADIO STATION DRIVES BIRDS AWAY

Proper Tuning of Wave Lengths Will Probably Rectify Trouble

It is reported that the radio station at Great Lakes, Ill., is gradually driving the larger birds from that vicinity. The trouble is not considered serious, however. Some complaints have been received from farmers that flocks of ducks that formerly migrated in that section, are now found in the extreme corners of the county.

Public Works Officer McCauley is reported as saying that this condition has been noted in other wireless zones, but has been rectified, with proper tuning of the wave lengths. Sportsmen generally are not seriously concerned over the matter.

SECOND ATHLETIC TOURNAMENT

To be Held at Naval Training Station March 14

So many requests have been received asking that a second Athletic Tournament be held at the United States Naval Training Station, that the promoters of the Tournament held November 30, 1915, have decided to repeat this event on March 14, next. On this occasion the C. & N. W. Ry. have promised to run a special train that will be unique in the history of the road. The train will consist of four steel diners with three coaches and a parlor observation car. The affair promises to be the novelty of the early spring season. Although the train will accommodate three hundred persons half of that number have made reservations at this early date.

To Get Tax Books February 1st

Work of extending the taxes of the various townships of Lake county has, in large part, been completed. Those of the clerical force in the office of the county clerk have been exceedingly busy during the last few weeks preparing the books for the collectors, who will receive them about the first of the month.

The township officials will be given their volumes as soon as they file their bonds, after word has been sent that they are at liberty to commence their tasks. Date for closing these accounts is March 15th, but in certain instances, the county treasurer usually gives a longer time for the work, depending upon the size of the township and the amount of funds to be collected.

Libertyville to Vote on Saloons

Petitions are being circulated in Libertyville calling for a vote at the town election on April 4th as to whether or not the saloons shall be restored to that village. There are about 1,000 voters in Libertyville. The petition for a vote on the wet and dry issue must contain the names of 100 voters. There is every indication that the impending fight will be one of the most bitter ever waged in Libertyville. It is believed by many that the village will go dry again this spring by a bigger majority than two years ago.

"MR. ROBIN" RE-APPEARS

Seen on the Lawn of Mr. and Mrs. W. A. French of Ridgewood Drive Monday

The publicity given in last week's issue of the Press to the robin that was seen at Sycamore Place during Christmas week may possibly have attracted his attention for he has re-appeared. This time it is Mrs. Wm. A. French of Ridgewood Drive who reports the robin's presence on her lawn on Monday of this week. He is said to be in fine plumage and to show no ill effects from the recent cold weather.

Bird observers at Hinsdale have established a record for "seeing things" this winter which Highland Park observers may well try to emulate. The Daily News of December 30th gave space to a report of Mrs. Carrie M. Raymond of Hinsdale, who took a "census" of all the birds she saw on Christmas day during a four hours' tramp in and about that village. Mrs. Raymond has been actively interested in birds for twenty-two years and as she is a skillful and wholly trustworthy observer her census report made in a snow covered landscape is of unusual interest. The report is as follows: tree sparrows, 100; goldfinches, 12; chickadees, 20; sapsucker, 1; titmouse, 1; purple finches, 15; golden crowned kinglets, 4; hairy woodpeckers, 3; downy woodpeckers, 7; juncos, 12; nuthatches, 10; brown creepers, 7; crows, 8; blue jays, 10; in all 14 species and 210 individuals. A careful search of that kind might have revealed much the same record at Highland Park at the same time. Sapsuckers and the tufted titmouse have not been reported here in winter but to the list of species given above the cardinal, the herring gull, and one or more species of ducks could doubtless have been added.

REGULAR MEETING OF THE CITY COUNCIL

MEYERS APPOINTED ASST MARSHAL

Herman Densel Appointed as Member of the Police Commission. E. Maroney Appointed as Patrolman

By the Publicity Commission
The weekly council meeting took place as usual, on Friday afternoon. Mayor Hastings, Commissioners Huber and Willits, Corporation Counsel Holmes were all present. The clerk, Mr. Warren, read the minutes of the last meeting, and with one correction, were approved. Mayor Hastings announced that the council had accepted the resignation of Mr. Herman Densel on the Smoke Commission, and that he has appointed him on the Police Commission. The Mayor asked the privilege of appointing an assistant marshal, an ordinance to that effect was passed; Mayor Hastings appointed William Louis Meyers as assistant marshal, salary being same as that received by the marshal, the office of marshal to be left vacant until the end of the fiscal year. Mr. E. Maroney was appointed Patrolman. Corporation Counsel Holmes reported on an interview with the attorney of the C. & M. E. R. R. concerning better protection for the Lincoln Avenue crossing; while there is more than one plan on foot the matter is not finally settled, a further interview having been arranged. Mr. Jesse L. Smith having understood that a petition was to be presented to the council concerning the Elm Place crossing was present at the meeting to give information concerning the number of children crossing daily, etc., while the petition must have miscarried, the mayor asked Mr. Smith to give what information he could in case of need at some future time; Commissioner Willits said he considered the crossing at Elm Place even a greater source of danger than the one of Lincoln Avenue. The clerk presented the list of forty-six rebates due various owners, amounting to \$390.16, approved a year ago. A motion to pay same prevailed. After further miscellaneous business, the meeting adjourned and will not meet again until February fourth, owing to the absence from the city of the mayor and two commissioners.

FINAL PLANS LAUNCHED FOR HIGHLAND PARK HOSPITAL

ISSUE 10,000 SHARES OF STOCK AT \$10 PER SHARE

To be Incorporated Under the Laws of Illinois "Highland Park Hospital Association" A Board of Five Managers to be Elected to Control and Operate Hospital

The hospital plan has been launched. The Executive Committee has prepared a circular of appeal, a financial plan and a subscription card, which have been mailed to citizens generally, and copies of which are printed below:

Highland Park, Illinois,
January 24, 1916.

Dear Sir:—
Enclosed find the plan for the sale of stock in the Highland Park Hospital Association. Your committee is earnestly desirous of completing the task it has before it at the earliest possible moment.

It is our desire to have every citizen of Highland Park a member of the Highland Park Hospital Association. The establishment of a hospital in Highland Park will be a source of great satisfaction and comfort to every family.

The plan contemplates a small economically run hospital, and it is hoped and expected that the revenue derived from the use of the hospital, together with the income from the endowment, will take care of the needs and that very little if any extra help will be called for to maintain it.

The plan calls for the building of a hospital along the lines that will warrant its expansion as the growth of your community's needs require.

We trust you will respond liberally and promptly to this request, as we are all equally interested in the accomplishment of the enterprise and a speedy construction and use of the institution when needed.

Respectfully submitted,
EXECUTIVE COMMITTEE
Highland Park Hospital Commission.
Dr. Lloyd M. Bergen,
Chairman.

Mrs. McGregor Adams,
Mrs. Francis D. Everett,
Mrs. A. R. Carqueville,
Mr. Richmond Dean,
Mr. M. Kozminski,
Mr. J. P. Smith,
Mr. Ed. V. Price,
Mr. C. T. Boynton.

FINANCIAL PLAN OF HOSPITAL

1. Name—"Highland Park Hospital Association."
2. Incorporated under the Illinois law.
3. Issue 10,000 shares of stock at \$10.00 per share—a payment of 25% of subscription to be callable when 5,000 shares, or \$50,000.00 have been subscribed for and thereafter the balance in five equal installments as called for, not oftener than sixty days apart, until the total subscription has been paid.
4. Amount of money needed \$100,000.00.
5. Build a hospital commensurate with the needs of the community. This is a matter of judgment to be determined by the Board of Managers of the Association after thorough conference with physicians.
6. All the balance of the fund not necessary for building and equipping the hospital to become an endowment fund to provide for the upkeep and operation of the hospital.
7. Every purchaser of the stock to be a member of the Hospital Association.
8. A board of five managers shall be elected by the Stockholders of the Association to control and operate the hospital. At the first election one member of the board shall be elected to office for a term of one year, two members for terms of two years each, and two for terms of three years each, and thereafter members shall be elected for terms of three years each.
9. If for necessary cause it was determined to liquidate the assets of the hospital, whatever property then existing would be disposed of and the proceeds from it distributed among the stockholders of the association.

Subscription Card

Samuel M. Hastings, Mayor,
Highland Park, Illinois.
I hereby subscribe for _____ shares of stock at \$10.00 per share in the corporation to be organized, for building and operating a hospital in the City of Highland Park; such corporation to be organized in accordance with the financial plan announced by your committee under date of January 24, 1916 and I agree to make payments for such stock in accordance therewith.

Rarely has an enterprise of this nature been undertaken, where the outlook for whole-hearted and harmonious co-operation on the part of an entire community has been so encouraging. Such city wide interest and enthusiasm promises well for its success.

The general feeling of safety in case of sudden serious illness or accident which such an institution affords to every family and individual in Highland Park will move powerfully each citizen to do his share.

Such a hospital at your door means, among other things, no more hours of suffering and delay at times when these same hours may mean the deciding point between life and death. It will mean no more rushing about late at night with makeshift stretchers and crude conveyances in a wild effort to catch the last train to the city.

It will mean no more exposure and hardship and embarrassing publicity for those unfortunate enough to require such hurried transportation.

It will mean the saving of hours of physical torture for the patient.
