## Use Bowman's Safe Milk

Four things are essential in the produc-  
tion of safe milk, viz. Dairy inspection to  
keep milk clean, Perfect pasteurization  
to destroy pathogenic germs. Bottling in  
the country to reduce danger of contam-  
ination before bottling and abundant Re-  
frigeration to arrest the development of  
bacteria.

Bowman Milk is safe guarded from cow  
to consumer.

### Presbyterian Church Notes

The first annual church banquet of  
the Highland Park Presbyterian  
church, in connection with the an-  
nual meeting of the church and so-  
ciety will be held on the evening of  
April 3rd in the parlors of the church.  
At a joint meeting of the elders and  
trustees of the church last Sunday  
afternoon the pastor presented a  
comprehensive plan for the coming  
months closing with Easter in which  
this was one of the proposed changes,  
which met with a hearty endorse-  
ment, and plans are now under way  
to make this one of the big features  
of the church life.

Another feature decided upon was  
a social canvass of the parish, one  
week from next Sunday afternoon,  
when every home in the parish will  
be visited by a couple of canvassers,  
merely in a social way, to give a  
special invitation to participate in "Go  
to Church Season"—March 19th to  
April 23rd, which will conclude with  
special Evangelistic meetings during  
Holy Week, and a public reception of  
members on Easter Sunday. These  
and other events in the church life  
will enable the church to put into ef-  
fect some of the splendid suggestions  
made at the church advertising and  
publicity conference recently held in  
Chicago, and extend more generally  
the hearty welcome which the church  
has for everyone.

At the morning hour of worship,  
next Sunday morning, at eleven  
o'clock, Rev. A. A. Pfanstiel, a for-  
mer pastor of the church, who is vis-  
iting in the city, will preach the ser-  
mon. Dr. Pfanstiel has recently  
accepted an invitation to supply the  
pulpit of the First Reformed Church  
of Bayonne, New Jersey.

The program for the Vesper ser-  
vice next Sunday afternoon is of an  
unusually interesting character. In  
the past we have, at least once in  
the year, invited some visiting organ-  
ist to preside at the keyboard, and  
on this occasion we are fortunate in  
having Mr. Francis A. Mackay, of  
Chicago, organist of the Church of  
the Redeemer.

We are also glad to welcome again,  
Miss Barbara Wait, contralto of the  
Chicago Grand Opera Company,  
whose singing at Vesper service some  
time ago we remember with the  
greatest pleasure.

The Home Missionary Department  
of the Presbyterian church will hold  
a meeting on Monday afternoon, the  
thirteenth, at two-thirty. The pro-  
gram is to be on the subject of "Im-  
migration." Miss Krieger of the  
high school will speak on her work  
among the foreigners in her night  
school classes, and what she consid-  
ers the need among this class.

Miss Helen Young, the visiting  
nurse, will speak of the physical  
health among the foreigners. There  
will be special music, and other de-  
tails to be announced later.

### First United Evan. Church

Corner Green Bay Road and Laur-  
el Avenue. Rev. J. Foster Van  
Evera, pastor. Hours of service:

Sunday School, 9:30 A. M.  
Morning Worship, 10:45 A. M.  
K. L. C. E., 6:30 P. M.  
Evening Service, 7:30 P. M.  
Mid-Week Prayer, Wed. 7:45 P. M.

At the morning service next Sun-  
day, Rev. Van Evera will take as his  
subject, "The Two Sauls—a Con-  
trast," basing his remarks on 1 Sam.  
15:24 and Acts 26:19. In the even-  
ing the pastor will speak on "The  
Sinlessness of Christ," using 1 Peter  
2:22 as his text:

The subject of the Sunday School  
lesson will be "The Death of Steph-  
en," as found in Acts 7:1-8:3.

The monthly consecration meeting  
of the Christian Endeavor will be  
held on Sunday evening, the topic  
being "The Consecration of Strength"  
and will be led by Miss Emil Brown.  
A large number of the Endeavorers  
attended the great interdenomina-  
tional Young People's Rally held at  
the Moody Tabernacle on Tuesday  
evening at which time Rev. Paul Ra-  
der gave a very interesting address  
on "A Lasso Lesson, or a Tenderfoot  
and His Lariat."

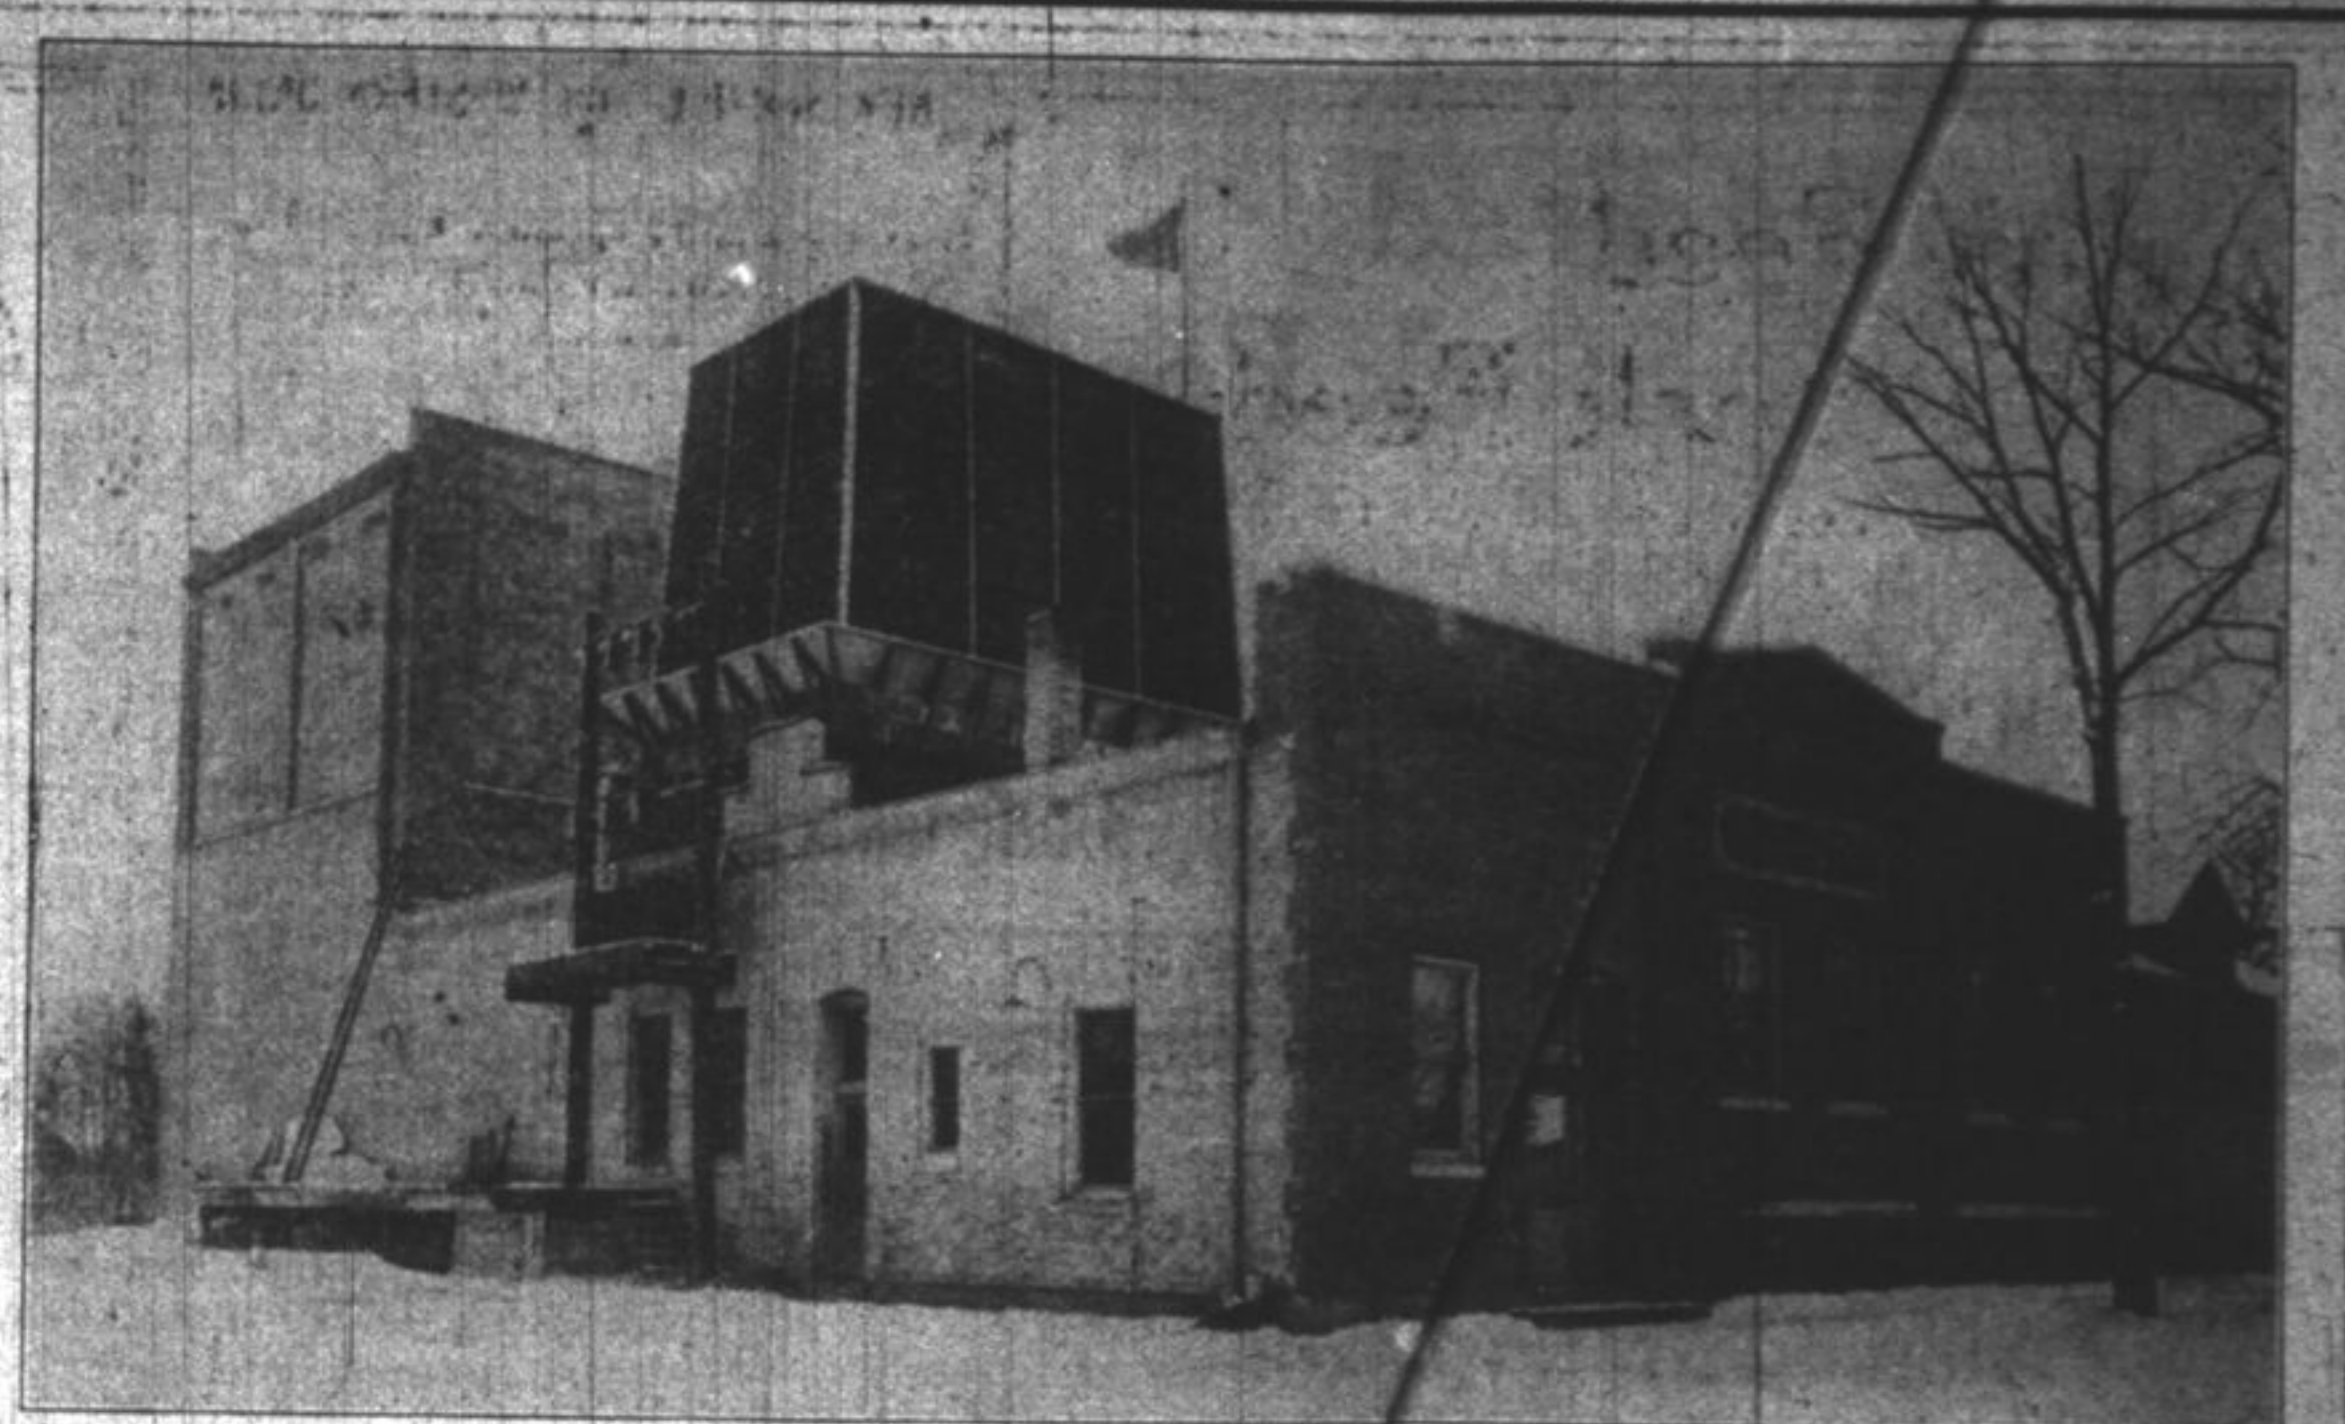

Arrangements are being made for  
the Illinois Conference which is to  
convene at the local church March  
14-21.

### High School Notes

The election of officers for the  
Forum last week resulted in the fol-  
lowing: for president, Betty Dur-  
borrow; vice-president, Edgar Gur-  
ney; secretary and treasurer, Irving  
Clow; sergeants at arms, Mary  
Marshall and Ernest Osborne.

Material on Baby Welfare Week  
has been placed in the library of the  
school and is available for reading.

The team won two basket-ball vic-  
tories on Saturday when Chicago  
Latin lightweights lost 37 to 4, and

The Greer Chemical Co.  
Chicago, Illinois  
April 21, 1915  
Purity Ice & Refrigerating Co.  
Highland Park, Ill.  
Gentlemen:  
The sample of water which you submitted to  
us for analysis taken from our Water Purifier and  
Filter showed that it contained four grains of lime  
per United States gallon. The mud, silica, organ-  
ic matter and bacteria was all removed, that the  
water is absolutely pure and is ice that you are  
making is better than any that is made in the city  
of Chicago or any suburban town.  
Very truly yours,  
The Greer Chemical Co.  
Roland C. Greer, Gen'l Mgr.

## If You are Deaf Read This

Lip Reading teaches "the eye to hear". This study is easily acquired through our  
complete Correspondence Course. By learning to read the speaker's lips you can  
again enjoy the comforts of conversation without embarrassment—throw away all  
mechanical hearing devices and re-enter society.

A good lip reader seldom betrays his deafness to a stranger  
Write for free booklet.

School of Lip Language, Kansas City Missouri.

and the revival of the arts and sci-  
ences show today the fulfillment of  
prophecy, and the results of study,  
for tomorrow opens a campaign or  
line of work unique in the history  
of civilization. A campaign neither  
of politics, commerce, nor reform, but  
one purely of education, and includes  
every citizen in its purpose, which is  
that of teaching the community the  
value of infant population. The mod-  
ern movement for saving babies lives  
is of recent origin in all countries.  
France took the lead fifty years ago  
in organizing community work for  
infant welfare with a society for  
instructing mothers, and encouraging  
maternal nursing. The infant wel-  
fare station was later developed for  
which France deserves the credit.

New Zealand has long had the low-  
est infant death rate in the world,  
and more than any country in the  
world is actively working to reduce  
its infant death rate still further.  
Babies are the raw material of civil-  
ization; the plastic clay to be  
wrought partly at least, by our  
hands, into what form we will. If we  
decide that we have no responsibility  
for shaping and molding this clay,  
we show ourselves to be outside the  
present trend of scientific thought.  
Leading thinkers, not only in the  
United States, but all over the civil-  
ized world, are telling us that there  
is no better index to the intelligence  
of any given community than the one  
to be read in the conditions under  
which it allows its infant citizens to  
develop; the comfort of its houses;

the purity of its drinking water; the  
cleanliness and care demanded of its  
milk producers; the civic regulations  
over refuse removal, the fly nuisance,  
paving and drainage, the provision of  
fresh air and recreation—and the  
general oversight it exercises over  
its sanitary conditions.

This is the responsibility of every  
adult citizen, whether parent or not.  
Baby Week has been instituted for  
the purpose of bringing home this re-  
sponsibility to all of us. Look about  
you and ask yourself whether the  
conditions in this country are such  
as make it an ideal place for children.

### ESSAY CONTEST AT GRAMMAR SCHOOL

One Share of Stock in Hospital to be  
Given as Prize for Best Essay

Many of the children in the sixth,  
seventh and eighth grades at Elm  
Place school are very much interest-  
ed in the proposition made them by  
the trustees of the Hospital Assoca-  
tion a week ago. A prize of one  
share of stock in the Hospital will  
be given to the one child in each  
grade who writes the best essay,  
using as his subject, "Why Highland  
Park Needs a Hospital." Much in-  
terest is being taken by the contest-  
ants. This is not a part of their  
studies but those who volunteer to  
enter the contest, may do so. All  
essays must be in by April first.

One cent will buy one doll-  
ar's worth at Schumacher's  
Drug Store March 16, 17, 18.
